DENVER FIREMEN investigate the smoldering ruins of city school buses following an explosion which damaged 40 of the vehicles. Fire department officials said arson was "definitely suspected." Investigators said witnesses told of seeing persons running from the area just prior to the explosion Friday. (AP Wirephoto)

Mideast Hotbed Still Simmering

TEL AVIV (AP) — The savage pattern of thrust and counter-thrust by Arab and Israeli forces continued unabated today with Egyptian war planes streaking across the Suez Canal to hit an Israeli outpost.

An Israeli spokesman said there were no casualties or damage in the raid on the waterway's northern sector.

A spokesman in Cairo said the planes strafed artillery positions and encampments in the area scoring "direct hits." He said all the planes returned safely.

The action followed Friday's violent land, sea and air engagements, in which two Israeli navy vessels were mined by Egyptian frogmen and an Egyptian ship was sunk by Israeli warplanes.

The Israeli chief of staff, Lt. Gen. Haim Bar-Lev, went on the state radio today to reassure the

Israelis and to explain, "We have ceased fighting Egypt on a reprisal and counter-reprisal basis."

He conceded the Israelis might not have sunk the Egyptian navy ship, a minesweeper by Egyptian account, or a supply vessel by Israeli account, if it had not been for the frogmen attack on the Israeli ships in Elat.

Bar-Lev said the Elat incident did not signify a general improvement in the Egyptian armed forces.

As proof the Egyptians had not improved, he said the Egyptian

air force did not interfere in the attack on the minesweeper in the Red Sea, even though it took two hours to send it to the bottom.

Bar-Lev thought the Elat attack could have been launched because of "despair and frustration" over continuous Israeli raids deep inside Egypt or to give a demonstration of military activity to the meeting of Arab states convening in Cairo today.

However, informed military observers said the Elat incident caught the Israelis completely by surprise.

GOP Asks Patience On Inflation Curb

SAN FRANCISCO (AP) — Treasury Secretary David M. Kennedy says administration measures to combat inflation will cause some people to "feel an unduly harsh climate" has been created.

Kennedy told the Commonwealth Club Friday that the Nixon administration is confident it can curb soaring prices and interest rates with budget-cutting, fiscal prudence and monetary restraint.

But, he warned, the process requires patience. "We must press ahead with the kind of corrective measures that, however unpopular in the short run, will ultimately restore strength and stability to our economy," he said.

Noting that the unemployment rate rose to 3.9 per cent in January, Kennedy said this may indicate a definite easing of tight labor markets.

"Easier labor markets, declining corporate profits and the expected slowdown in the rate

of price increases will hopefully reduce the inflationary pressure on wage settlements," he said.

The Labor Department announced in Washington Friday that the January unemployment rate had climbed 4 per cent over the December level.

The rise was the highest monthly jump in a decade. The department said 3.4 million persons were jobless in January, 325,000 more than a month earlier.

Labor Secretary George P. Schultz downgraded the importance of the unemployment figure.

Schultz told a news conference in New York that experience during 1969 showed officials that quarterly unemployment statistics were more reliable than monthly figures.

At the same time, the labor secretary said the Nixon administration has "no direct intention" of increasing unemployment levels to combat inflation.

Chain-Smoking Russians Heat Up Top Brass

MOSCOW (AP) — Workers at a factory in Kazakhstan have taken to chain smoking because of a match shortage.

Reporting that "hours of working time" are being wasted by workers bumming lights, the labor newspaper Trud complained "there is not a matchbox in the entire region of Karaganda ... except on the black market."

It explained that the match factory in Tomsik failed to deliver 33,000 cases of matches to the district and the factory director was being "bombarded with telegrams of complaint," but he "answers with silence and no matches."

Irritating shortages of small commodities like matches have caused a spate of fresh consumer complaints in the Soviet Union, adding to long-standing gripes about the chronic lack of cars, electrical appliances and other major items. The Kremlin has acknowledged failings in several important ministries.

The Communist Party paper Pravda bluntly accused the ministries of light industry, wood, chemical production, electro-technical works and building materials of being "almost wholly responsible" for the shortages.

"Difficult to find" goods, the paper said, include "sewing needles, table cloths, glass and metal table and kitchen ware, matches and other necessary items."

"The ministries do not sufficiently control volumes of production and especially the assortment of consumer goods in popular demand," it continued.

"If we look at figures of fulfillment of the plans, they are favorable. But in striving to make a good showing in statistics and rubles, the ministries sometimes forget the little things that are cheap but needed."

To alleviate the shortages, Pravda said, heavy industrial plants will take over some of the responsibilities of the ministry of light industry.

Longtime U.P. Banker Is Dead

CALUMET (AP) — Pierce Roberts, who was known as the longest-tenured bank official in the state of Michigan at the time of his retirement as president of the Keweenaw Savings Bank, died Friday in Calumet Public Hospital, where he had been a patient for three days. He was 89.

Roberts had served Michigan's most northerly bank and the only one in Keweenaw County for 60 years.

Funeral services were incomplete.

Faculties 'Cut Down' For Views On Students

LANSING (AP) — The declaration: "90 per cent of the faculty don't give a damn about the students" summed up the majority student reaction at a House hearing on a proposal to set up student grievance committees at all the state's institutions of higher learning.

The spokesman for the students, who drew applause for her outburst, was Shirley Willard, a graduate student and teaching assistant at Michigan State University.

The House committee on colleges and universities conducted the hearing Friday in the State Supreme Court chambers at Lansing.

The pretty student-teacher favored the measure, sponsored by Rep. George F. Montgomery-Detroit, to give students more say in decision-making and handling of grievances. She said she previously had taught at the University of Michigan and Saginaw Valley Junior College.

"Most student representation on policy making boards is blatant tokenism," she said. "Students get frustrated by banging their heads against the brick walls of the administration."

The same complaint was aired by Rodney Watts of Associated

Students of MSU, the student governing group.

"You have to stop treating us as second-class citizens," he said of the attitude toward students. "As for tokenism, I'm familiar with it because I'm usually the token black student on any committee."

"Let students have some power to make decisions — including who the faculty members will be. That is the only way you will keep student disorders down."

"We've had it up to here," Watts declared. "One day the students will get sick and tired of tokenism. Then that structure out there (at MSU) will be leveled, whether or not you call in the national guard," he said.

University and college administrators were unanimous in their opposition to the proposal. Ralph Austermiller, president of Muskegon Community College, was among those reflecting their general support of the status quo.

"We have a democratic process of cooperation with the students," he contended. "Any such thing as this would be in conflict with the way we handle grievances in cooperation with the student government."

President To Spell Out Plans On Tuesday

WASHINGTON — President Nixon, sounding a call for total mobilization against unclean air and water, says he will send a special message to Congress Tuesday spelling out his plan to fight pollution.

The President disclosed Friday in pollution-ridden Chicago that the first of 22 messages he promised Congress in the State of the Union address will concern the anti-pollution campaign.

"It will cover water pollution, air pollution and also the acquisition, through new innovative financing as well as other methods, of open space for the future generations," Nixon said.

The president, careful to guard his political flanks, took note of what he called "a rather sterile discussion as to who really deserves the credit for discovering the issue ... of pollution."

But, Nixon said, "Let's just get right to the fundamentals ... There is pollution of air. There is pollution of water. We do have a major problem with regard to recreation areas in this country."

"If we do not act now on all these problems, we are not going to have an environment that is fit to live 1/4 1/4 States within 10 to 15 years."

Needed to cope with the problem, said the President, is "total mobilization."

"I think that is the term I would like to apply to all of the efforts of the federal and state governments, local governments, of industrial producers and of also the individual citizens," he said.

The President's comments came after a meeting in the marble chambers of Chicago's Field Museum of Natural History with four Republican governors from midwestern states.

Power Exchange Eyed

The meeting—similar to one with nine mayors in Indianapolis, Ind., Thursday on urban problems—was symbolic of what the President said was his administration's attempt to reverse the flow of power from Washington back to the states and cities.

And just as Thursday's meeting focused on urban problems, Friday's session brought preservation of the environment to center stage.

"If we succeed in initiating a program that is effective in cleaning up our air and in cleaning up our water and in saving our recreation lands, there will be plenty of credit for everyone," the President said.

Details Given

"If we don't succeed, who is to blame isn't going to matter." The President gave few details of what he has in mind in his forthcoming message but he did elaborate on the \$10 billion sewage treatment program that he first announced in his State of the Union address.

The five-year program, the President said, will avoid the pitfalls of earlier clean water measures which failed to gain the needed financing because the money authorized was never appropriated by Congress.

The President said the \$4 billion federal share of the \$10 billion program will be appropriated on a \$1 billion a year basis. The government also will guarantee the credit of the states and localities participating in the program, he said.

Restrictions Likely

President Nixon said his message will also cover new restrictions and regulations for industrial users.

Nixon's call for total mobilization echoed that of the governors — Indiana's Edgar D. Whitcomb, Illinois' Richard B. Ogilvie, Wisconsin's Warren Knowles and Michigan's William H. Milliken.

Whitcomb presented the President with a draft proposal for a comprehensive pollution control plan and Ogilvie told the President a major scientific effort like the Manhattan Project—which produced the atomic bomb—should be started to save the environment.

Oil Firm Won't Hire Negroes For Home Deliveries

LOUISVILLE, Ky. (AP) — A fuel-oil distribution firm says it is not hiring Negroes as repairmen because some white housewives refuse to let them into their homes.

The Louisville-Jefferson County Human Relations Commission investigated when a check of city contracts showed the company apparently lacked enough black servicemen to comply with antidiscrimination laws.

"This is the first time we have encountered this problem," Dr. Martin Perley, the commission's executive director, said Friday.

"This is a serious problem met by a company which is making an effort to comply with fair employment practices." Perley said the company told the commission its black servicemen have been turned away, although they were carrying uniforms and drove the company's trucks.

Vietnam Blast Caused By U.S.?

SAIGON (AP) — An explosion that killed one Marine and wounded 62 others in an enlisted men's club near Da Nang may have been set off by an American rather than by Viet Cong terrorists, Marine officials said today.

Although enemy terrorism has not been ruled out, Marine Corps sources told Associated Press correspondent Michael Putzel that many suspects in the case are Marines.

Sources said investigators were considering the possibility that the grenade blast Thursday night on the patio of the Maintenance Battalion enlisted men's club of the Force Logistics Command, may have been racially motivated.

Fifty-two of the wounded men were hospitalized, Marine sources said.

Official spokesmen declined to discuss the incident. The Marines said in a brief statement that the incident "is being investigated by the 3rd Marine Amphibious Force criminal investigation division, but no suspects have as yet been apprehended."

The U.S. Command said battlefield activity remained at approximately the same level as during the 24-hour allied truce for the Tet holiday that ended Friday evening, although enemy shelling of allied posts and installations was up slightly.

Weather

ESCANABA AND VICINITY—Mostly cloudy through Sunday with chance of light rain or snow. Highs today in the upper 30s, low tonight in lower 20s. Sunday's high expected to reach mid 30s. Monday outlook: colder and a chance of snow flurries. Sun sets today at 6:03 and rises Sunday at 6:02.

West and Central Upper Peninsula — Mostly cloudy today and Sunday with chance of periods of rain or light snow. Highs today will range from 32 to 38 with lows tonight between 18 and 25. Highs Sunday between 28 and 37. A little colder Monday with chance of snow flurries. Precipitation probabilities: 40 per cent today and tonight, 30 per cent Sunday.

LBJ Recalls 1968 Decision:

Rusk Given Credit For Bombing Halt

WASHINGTON (AP) — Lyndon B. Johnson says his secretary of state, Dean Rusk—rather than Defense Secretary Clark Clifford—played the key role in a 1968 decision to stop bombing North Vietnam without concessions by the enemy.

Rusk, who had been considered the hard-liner in the Johnson Cabinet, declined comment on the former president's version of the events except to say Johnson's account of the bombing halt preliminaries "seems to be accurate."

Declines Comment

Clifford, who generally had been considered the most powerful advocate of de-escalation in the former administration, declined comment. Johnson said in Friday night's televised interview that Clifford had proposed putting conditions on a bombing halt.

Clifford, reached at his home in a Washington suburb, said: "It would be inadvisable, inappropriate to be drawn into the discussion."

The Johnson administration had cited the 1968 resolution as providing the authority to dispatch large numbers of U.S. troops to Vietnam.

Fulbright Knew Plan

Johnson said the resolution had been explained to Fulbright.

"It just never occurred to me that the President of the United States would lie to the members of the Senate about a factual situation," Fulbright, chairman of the Senate Foreign Relations Committee, said Friday. "I was completely taken in as was the whole Senate." He said the congressional action on the resolution followed "an absolute misrepresentation of the facts."

Johnson said in the interview: "Don't tell me a Rhodes scholar (Fulbright) didn't understand everything in that resolution, because we said to him at the White House and every other member of that committee that the president of the United States is not about to commit forces and undertake actions to deter aggression in South Vietnam to prevent this Communist conspiracy, unless and until the American people through their Congress sign on to go in."

And Johnson also said he was disappointed that his March 31, 1968, speech—in which he announced the bombing halt over a large portion of North Vietnam—was not better received.

Johnson said Rusk made the first suggestion that they stop the bombing when they were going over recommendations from top advisors in early March.

Wanted VC To Act

"Some of them suggested—I think Secretary Clifford suggested and some of the others joined him—that we stop the bombing on the condition that the North Vietnamese do something," Johnson said.

"And Secretary Rusk said, 'That won't work. We ought to just stop the bombing.'"

Johnson said he then ordered his advisors to work up a plan. The former president said that at about the same time U.N. Ambassador Arthur Goldberg, unaware of Rusk's proposal, asked him to stop the bombing.

The interview centered on the March 1968 decision which marked the start of de-escalation of the U.S. role in the war. But Johnson commented on

events both before and after that time.

Defends Demos

Defending his administration's frequent reassurances prior to March 1968 that the war could be won, Johnson said: "Gloom and doom and defeat and moping and griping, really, is not the kind of spirit you want to send your men off to battle with ..."

But, he said, there was no intention of going beyond the facts.

He complained about those who supported the early U.S. efforts in Vietnam and then started calling for withdrawal.

Own Initiative

Earlier in 1968, Johnson said, it was his initiative, not that of Gen. William C. Westmoreland, that began a study leading to a request for about 208,000 more U.S. troops for South Vietnam.

This move triggered a review of U.S. policy and the eventual decision to de-escalate. The former president said he himself, and not Clifford, initiated the review.

He said Rusk's proposal for a bombing halt as a "peace overture" came out of a report made by Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, who was sent to Vietnam after the February 1968 Tet offensive.

Highs Sunday between 32 and 37. A little colder Monday with chance of snow flurries. Precipitation probabilities: 40 per cent today and tonight, 30 per cent Sunday.

LBJ Recalls 1968 Decision:

Rusk Given Credit For Bombing Halt

WASHINGTON (AP) — Lyndon B. Johnson says his secretary of state, Dean Rusk—rather than Defense Secretary Clark Clifford—played the key role in a 1968 decision to stop bombing most of North Vietnam without concessions by the enemy.

Rusk, who had been considered the hard-liner in the Johnson Cabinet, declined comment on the former president's version of the events except to say Johnson's account of the bombing halt preliminaries "seems to be accurate."

Declines Comment

Clifford, who generally had been considered the most powerful advocate of de-escalation in the former administration, declined comment. Johnson said in Friday night's televised interview that Clifford had proposed putting conditions on a bombing halt.

Clifford, reached at his home in a Washington suburb, said: "It would be inadvisable, inappropriate to be drawn into the discussion."

But there was comment from a war critic who came under fire by Johnson in the interview, Sen. J. W. Fulbright, D-Ark., who charged the President had misrepresented the facts in winning congressional approval of the Gulf of Tonkin resolution.

The Johnson administration had cited the 1964 resolution as providing the authority to dispatch large numbers of U.S. troops to Vietnam.

Fulbright Knew Plan

Johnson said the resolution had been explained to Fulbright.

"It just never occurred to me that the President of the United States would lie to the members of the Senate about a factual situation," Fulbright, chairman of the Senate Foreign Relations Committee, said Friday. "I was completely taken in as was the whole Senate." He said the congressional action on the resolution followed "an absolute misrepresentation of the facts."

Johnson said in the interview: "Don't tell me a Rhodes scholar (Fulbright) didn't understand everything in that resolution, because we said to him at the White House and every other member of that committee that the president of the United States is not about to commit forces and undertake actions to deter aggression in South Vietnam to prevent this Communist conspiracy, unless and until the American people through their Congress sign on to go in."

Resolution Preferred

The former president said he asked for the Tonkin Gulf reso-

lution in August 1964 rather than for a declaration of war because he feared North Vietnam might have secret treaties which would bring Communist China and the Soviet Union into the war.

And Johnson also said he was disappointed that his March 31, 1968, speech—in which he announced the bombing halt over a large portion of North Viet-

nam and his decision not to seek re-election—did not bring peace.

Johnson made his comments in the second of a series of televised interviews with Walter Cronkite. It was filmed by CBS several months ago at the LBJ Ranch in Texas.

Johnson said Rusk made the first suggestion that they stop the bombing when they were going over recommendations from top advisors in early March.

Wanted VC To Act

"Some of them suggested—I think Secretary Clifford suggested and some of the others joined him—that we stop the bombing on the condition that the North Vietnamese do something," Johnson said.

And Secretary Rusk said, "That won't work, this reciprocity won't work. We ought to just stop the bombing."

Johnson said he then ordered his advisors to work up a plan. The former president said that at about the same time U.N. Ambassador Arthur Goldberg, unaware of Rusk's proposal, asked him to stop the bombing.

The interview centered on the March 1968 decision which marked the start of de-escalation of the U.S. role in the war. But Johnson commented on

Lyndon Johnson

As Snowmobiles Go, Statistics Fail To Keep Up

There are more snowmobiles in Michigan than motorcycles—true or false?

Well, the man whose department registers both types of vehicles says he would not bet against the "Johnny-come-lately" winter snow buggies which are fast gaining popularity in Michigan.

Secretary of State James M. Hare said that as of a few days ago snowmobiles registered in Michigan topped the 90,000 mark. On the other hand, unofficial Departmental licensing of motorcycles at the close of last year was around 130,000.

But there is a hooker. All snowmobiles do not have to be registered. But all cycles have to be licensed to be used. By law, snowmobiles used on the owner's property or land under his control do not have to be registered with the Michigan Department of State.

So, add several thousand to the 90,000 mark.

Hare estimates that many persons just don't bother to register snowmobiles. Add hundreds more.

And there are undoubtedly persons owning the snow crafts who do not know that Michigan registers them under law. Add more.

Also, there are reports that some snowmobile owners are circumventing the law by going out and buying numbers and putting them on their snowmobiles.

Many get away with this illegal procedure.

But if they are apprehended by any law enforcement officer, it "could go tough with them," Hare said. Circumventing the snowmobile registration law is a misdemeanor.

He said he does not advocate an age limit for operating snowmobiles, but urged owners to "police" this aspect themselves.

Hare said many types of snowmobiles are flooding the market also. Reports indicate that there are some 60 different companies selling snowmobiles in Michigan, said Hare. These obviously have a wide range in price and operating ability. Some of the faster crafts can achieve speeds of 100 miles per hour or more.

Nino Green Guest Speaker

MARQUETTE — A business meeting and a visit with an 11th Congressional District candidate are scheduled Tuesday by the Marquette County Democratic Party's executive committee.

The session will begin at 7:30 p. m. in the Northwoods, with Nino Green, Gladstone, who recently announced his intention to be a Democratic candidate for Congress in the 11th Congressional District, as guest. He will discuss some of his campaign plans with committee members.

Green, an attorney, is 32, married and the father of two children. He is a member of the law firm of Green, Jason, Casselman and Jason, which maintains offices in Marquette and Escanaba; and he has been treasurer of the 11th District Democratic Committee for the past year.

Proceeding Green's appearance on the program, the executive committee will hold a regular business meeting. On the agenda are a report on results of the political reform convention in Detroit last month, discussion of the 1970 membership drive and the annual spring Democratic dinner, and other matters.

The executive committee meeting is open to all interested Democrats.

Body Of Caveman 30,000 Years Old Coming To U.S.

MADRID, (AP) — A U.S. Air Force C130 cargo plane was on its way to the United States today with the fragile remains of a caveman estimated to be more than 30,000 years old.

The body, called Pipo by scientists who discovered the remains, is being taken to the Smithsonian Institution in Washington for further study.

The plane carrying the two-ton package is due at Andrews Air Force Base, Md., Saturday after a stop in the Azores.

Pipo's remains were found in a cave near Santander in northern Spain last August by a U.S.-Spanish scientific team.

Pipo will be returned to Spain after the study in Washington is completed.

Training Set

LANSING (AP) — The State Labor Department reports 50 disadvantaged jobless persons will be trained as framers and jig builders by the Le Bon Home Corp. of Detroit. Financing of the 29 to 37 weeks of training will come from the federal job opportunities program.

CAN SPRING BE FAR AWAY? The Escanaba area has 22 inches of snow on the ground, according to the U. S. Weather Bureau, but the federal sign on U. S. Post Office building grounds warns to keep off the grass. After more snow this morning, it's nice to know there is still grass somewhere. Below, looking not unlike a snowmobile, this pickup truck parked on S. 19th St. has a full load of snow whenever its owner is able to extract it from its snowbank home. (Daily Press Photos)

Hart Takes Aim At Nixon, ABM

DETOIT (AP) — President Nixon's proposed expansion of the Safeguard antiballistic missile system would increase inflation at home and heat up the international arms race, Sen. Philip A. Hart, D-Mich., charged Friday.

"It is a strange priority which vetoes \$1.2 billion for education and health, but justifies \$1.5 billion for a Pentagon project of doubtful need and effectiveness," Hart said in a speech prepared for delivery at a meeting of 17th District Democrats in Detroit.

Hart, who led the almost-successful fight against the original Safeguard proposal, said that spending on Pentagon projects was more inflationary than spending on domestic needs.

"While education programs are anti-inflationary in that they prepare people for useful employment," Hart said, "spending on Pentagon projects merely feed and refeed the fires of inflation."

He also charged that the timing of the Nixon proposal was unfortunate because it comes in the middle of Strategic Arms Limitation Talks with the Soviet Union.

"As for the arms race, how would we react if Moscow, in the middle of disarmament talks, announced plans to expand an ABM system," Hart asked.

Scouts Observe 60th Birthday

A week-long birthday celebration by the Boy Scouts of America began today.

Cub Scouts, Boy Scouts and Explorers across the nation will join to celebrate the 60th anniversary of Scouting in America.

The slogan "Manpower Begins with Boypower" is the theme.

Scouting seeks to train boys to be responsible members of our society by putting an emphasis on character building, citizenship and physical and mental fitness.

A good turn by an unknown British Scout in 1908 led to the establishment of Boy Scouting in America and the first federal charter was granted in 1916. Since then over 47 million boys and leaders have become affiliated with the Boy Scouts and 93,000 organizations such as religious institutions, schools, service clubs, and groups of citizens sponsor the 152,000 Scout units across the nation.

The president of the United States serves as an honorary president of the Boy Scouts during his term of office.

Mayor Cecil Chase has proclaimed the week of February 7-13 as Boy Scout Week in the City of Escanaba and urged all public and private institutions, business and industrial organizations and citizens to join forces to honor the world's largest and most effective youth organization.

Each day of Scout Week will be set aside for special emphasis on some phase of Scouting.

In Escanaba, special activities will include window displays, doing "good turns" for sponsoring institutions, attending school and religious service in uniform, honoring volunteer leaders for service to boyhood, special courts of honor to recognize advancement in scout troops and Blue and Gold banquets to celebrate the occasion in Cub Scout units.

Isabella

Altar Society Mrs. Raymond Nedeau will serve as hostess to the St. Anne Altar Society at her home on Thursday, Feb. 12 at 2 p. m. Members and friends are invited.

Word has been received that Blaine Legault, who was the victim of a shooting, is improving at the Madison General Hospital, Madison, Wis. His mother is still with her son and his wife Kathy.

Melvin and Dan Groleau of Detroit have been at their cabin on Moss Lake this week.

Mr. and Mrs. Richard McClinchy made a trip to Milwaukee on Tuesday.

Mother Fails To Get Spot On Jury Involving Son

OAKLAND, Calif. (AP) — Judge Redmond C. Staats asked a prospective juror in Superior Court recently, "I note a similarity between your name and the name of the defendant. Are you related?"

"Yes, I'm his mother," replied Mrs. Mayjester Dominick. Without comment, the judge dismissed her.

Learnance Dominick, the defendant, is accused of battery against a Berkeley policeman.

2 U.P. Schools Awarded Aid

LANSING (AP) — Schools eligible for extra state aid because of high concentrations of economically and socially deprived students will receive their first payments soon, promises Dr. John Porter, acting state superintendent of public instruction.

Some paperwork still has to be completed and legal obstacles cleared, Porter explained.

"We are preparing vouchers for districts which have schools with programs approved so far," Porter said. "The amounts to be sent out as soon as we can will equal approximately two-thirds of the total allocation which these schools will receive for the school year."

Porter said 28 districts are involved with special programs involving some 26,400 students. He said the total amount allocated for the extra state aid is \$5.6 million.

In addition, he noted, the Legislature appropriated an extra \$850,000.

"I believe the Legislature should be commended for its efforts in aiding our office to resolve this problem through the approval of a supplemental appropriation," Porter said.

Porter said additional schools also will receive funds as soon as their programs are approved.

Districts to receive the initial aid payments are:

Albion, Sault Ste. Marie, Rock, Whittemore — Prescott, Mount Clemens, Bullock Creek, Monroe, Mio-Au Sabie, Carrollton, Covert, Benton Harbor, Battle Creek, Flint, Beecher, Lansing, Jackson, Kalamazoo, Grand Rapids, Muskegon, Muskegon Heights, Pontiac, Saginaw, Ypsilanti, Detroit, Inkster, River Rouge, Ecorse and Romulus.

Students Display Talent In Play

It's a little difficult to make high school students look like middle aged Jews who have been through the Nazi persecutions of World War II.

It also is difficult for young people of the 1970s who weren't even born until after the war ended to grasp and project the feeling of terror which must have existed amid the Jewish community hiding in occupied Europe during the 1940s.

But except for this problem of "feeling", the Escanaba Area High School cast of "The Diary of Anne Frank" came up with a strong and entertaining performance Friday night as the play opened its brief two-day run in the high school auditorium.

The play, designed and staged by Peter D. Adamini of the high school staff, will close after tonight's 8 o'clock performance.

Lighting and special effects were excellent, as was the set.

And the actors and actresses were talented, well drilled and coached.

Diane Coplan, a senior who has been appearing in Area High School productions since she was a freshman, did an excellent job as Anne (pronounced Anna), the young girl who went into hiding in an Amsterdam attic with her family and others in 1942 and didn't emerge until the German Gestapo found them in 1944. She was particularly effective in a "nightmare scene" where she awoke screaming in fear of being "taken away" by the Germans and in another scene when told that her best friend and family had been seized.

The other members of the cast — Dennis Combs as Mr. Frank, Susan Nicholson as Miss, Denise Chenier as Mrs. VanDaan, Bob Ham as Mr. VanDaan, John Nyquist as Peter VanDaan, Deby Olsen as Margot Frank, Rod Johnson as Mr. Kraler and Steve Rolig as Mr. Dussell — also turned in good jobs.

A good crowd turned out for the first performance. A full house would not be unwarranted tonight. — Dave Andrews

Carl Carlson Taken By Death

Carl Olat Carlson, 72, of Masonville died at 9:25 a. m. Friday at St. Francis Hospital where he had been a patient for one day. He was born March 20, 1897 in Nornes, Finland and had been employed as a woodworker.

He is survived by one cousin, Carl Anderson of Gladstone; three sisters in Finland and several nieces and nephews in the Gladstone area.

Friends may call at the Anderson-Johns Funeral Home in Gladstone from 4 to 9 p. m. Sunday and complete funeral services will be conducted at 1:30 p. m. Monday at the funeral home chapel with the Rev. Reuben Carlson officiating. Burial will be in Fernwood Cemetery.

Ernest Ayotte Accident Victim

Ernest A. Ayotte, 59, of Hermansville was killed in an accident at 3:15 p.m. Friday when a loader with which he was working, turned over on him.

He was born Sept. 12, 1911 in Hermansville and had resided there all his life. He had been employed by the Menominee County Road Commission for 10 years. Mr. Ayotte was a member of St. Mary's Church, the Holy Name Society and the Hermansville Sportsmen's Club. He was married to the former Lucille LaCoursier June 29, 1940 in Hermansville.

He is survived by his widow; one son, Dale of Hermansville; his mother, Mrs. Fred Ayotte of Hermansville; four sisters, Mrs. Edward Koehn and Mrs. Ed Lohf of Hermansville, Mrs. Vern Seerist of Kingsford and Mrs. George Southwell of Saginaw; two brothers, William of Wyandotte and Warren of Kingsford.

Friends may call at the Kell-Tondin Chapel from 4 to 9 p.m. Monday and the Parish and Holy Name Society Rosaries will be recited at 8 p.m. Funeral services will be held at 9:30 a.m. Tuesday at St. Mary's Church with the Rev. Gervase Brewer officiating. Burial will be in the Meyer Township Cemetery.

In Service

Spec. 5 David W. Johnson, son of Mr. and Mrs. Carl F. L. Johnson, 204 N. 10th St., Escanaba, recently received the Army Commendation Medal while serving with the 589th Engineer Battalion near Phan Rang, Vietnam. Spec. 5 Johnson earned the award for meritorious service as a clerk in the battalion's Company A. The 26-year-old specialist's wife, Sherrie, lives at 522 N. 19th St.

Martin F. Smith, son of Mr. and Mrs. Clifford Leebomard, Hermansville, has been commissioned a second lieutenant upon completion of the U. S. Air Force Reserve Officers Training Corps program at Michigan Technological University. Lt. Smith also received his B. S. degree in mechanical engineering. The lieutenant is a 1965 graduate of Hermansville High School. His wife, Karen, is the daughter of Mr. and Mrs. T. Hanohek of Wilson.

Obituary

IRVING PETTIT
Funeral services for Irving Pettit were held at 11 a.m. today at the Memorial Methodist Church in Gladstone with the Rev. William Verhelst officiating. Burial was in Gardens of Rest Cemetery. Pallbearers were William Hanson, Jack Anderson, Sherman Blake, Robert Roos, Aino Maki and Owen Orton. Masonic services were conducted Friday evening at the Anderson-Johns Funeral Home.

Pastel colors have predominated on the island of Curacao, Netherlands Antilles, ever since an early Dutch official banned white houses because their glare in the sun hurt his eyes.

Births

NELSON — Mr. and Mrs. Kenneth Nelson of 11486 Haggerty Road, Plymouth, Mich., are the parents of a daughter, Amy Beth born on Feb. 5. The infant weighed 7 pounds and 12 ounces at birth. As Snowmobiles Go, Statistics Fail To Keep Up

There are more snowmobiles in Michigan than motorcycles—true or false?

Well, the man whose department registers both types of vehicles says he would not bet against the “Johnny-come-lately” winter snow buggies which are fast gaining popularity in Michigan.

Secretary of States James M. Hare said that as of a few days ago snowmobiles registered in Michigan topped the 90,000 mark. On the other hand, unofficial Departmental licensing of motorcycles at the close of last year was around 130,000.

But there is a hooker.

All snowmobiles do not have to be registered. But all cycles have to be licensed to be used. By law, snowmobiles used on the owner's property or land under his control do not have to be registered with the Michigan Department of State.

So, add several thousand to the 90,000 mark.

Hare estimates that many persons just don't bother to register snowmobiles. Add hundreds more.

And there are undoubtedly persons owning the snow crafts who do not know that Michigan registers them under law. Add more.

Also, there are reports that some snowmobile owners are circumventing the law by going out and buying numbers and putting them on their snowmobiles.

Many get away with this illegal procedure.

But if they are apprehended by any law enforcement officer, it “could go tough with them,” Hare said. Circumventing the snowmobile registration law is a misdemeanor.

He said he does not advocate an age limit for operating snowmobiles, but urged owners to “police” this aspect themselves.

Hare said many types of snowmobiles are flooding the market also. Reports indicate that there are some 60 different companies selling snowmobiles in Michigan, said Hare. These obviously have a wide range in price and operating ability. Some of the faster crafts can achieve speeds of 100 miles per hour or more.

Open House Planned

Activity Center Aids Handicapped Persons

An open house program is being planned later this month at the activity center opened for mentally retarded and physically handicapped young adults in Escanaba by the Delta County Chapter of the Michigan Association for Retarded Children.

Date for the open house will be announced later.

The center opened last November and since then six students have enrolled and are active making articles which are on sale at the center's Gift Shop.

The center and Gift Shop

are located west on Lincoln Rd. on 6th Ave. N., across the street from the T. D. Vinette Co.

Directors of the program said today that people of Delta County may not be aware that the center is open to all retarded and handicapped persons over the age of 18.

"There are many retarded and handicapped persons in Delta County who should be able to take advantage of the program if they will only contact the center any weekday between 9 a. m. and 2 p. m.," they said. Telephone number at the center is 786-9212.

Persons interested in the program also could contact Albert Valind of Escanaba or Ernest Koehler of Gladstone.

Main function of the center now is to give persons who are retarded or handicapped a place to go for five hours a day to work and to be with other persons. In the future, directors and instructors hope a sheltered workshop can be developed where students can work according to their ability to be able to earn a little money and gain a feeling of accomplishment in their work.

Education Board Goes Along With Present Budget

LANSING (AP) — The president of the Michigan Board of Education said Friday that Gov. William G. Milliken's budget recommendation for education was less than needed but "probably about what education can expect."

Dr. Peter Oppewall of Grand Rapids said Milliken's \$1.74 billion budget still has "considerably less than what the state board identified more than a year ago as the level necessary for a quality program."

Milliken, in a message accompanying his spending proposals for fiscal year 1970-71, pointed out that some 52 per cent of the state's total \$3.5 billion spending budget—about \$1.4 billion—goes for education.

Oppewall lauded Milliken's recommendations for migrant children's education, vocational training and rehabilitation.

The overall recommendations, Oppewall said, "are less than education needs; probably about what education can expect, and a demonstration that the education of our children—despite frequent differences of opinion as to methodology or approach—remains the most important, by far, of our state enterprises."

"The state might take action against the owners if federal officials don't," he said.

Briefly Told

U. P. Community School Winter Games first place competitors and their parents will meet Monday, Feb. 9 at 8 p. m. in the auditorium at the Escanaba Area High School.

Soo Hill-Danforth Cub Scout Pack 405 will hold a Blue and Gold Banquet at the Soo Hill School Sunday at 3 p. m. Bring your own eating utensils.

The Golden Age Club will meet at 2 p. m. Sunday at the Civic Center. There will be a social followed by a potluck supper.

State Police from the Gladstone Post issued traffic citations Friday to Elizabeth Potvin, 113 N. 1st St., Wells, drove left of center; Melvin Gabrielson, 1302 Minneapolis Ave., Gladstone, speeding; and John Lemmerand, Wells, speeding.

The Martha Society will meet Monday at 8 p. m. at the home of Marvin Sigfried, 1615 Montana Ave., Gladstone.

THEIR CONTRIBUTIONS have been a major factor in sustaining the Red Cross Badger Blood Bank through the years. Pictured are 11 men who have each given a total of six or more gallons of blood. They are (front row, from left) Dwayne Burak, Luther Barrett, Chester Schram, Cecil B.

Chase and Marcel Verbrigghe; (standing, from left) Harold Tonn, Willard Severinsen, Harold Lemke, Richard Stratton, Donald Klokush and Richard Moras. Other donors not pictured include James Davidson, Wayne Courier, Earland Myrvall and Allen Kidd. (Daily Press Photo)

'Blood Count' Down In Delta

Although many "faithfuls" were on the Red Cross Badger Bloodmobile scene this week, Delta county's blood count went slipping under quota, reports the Red Cross.

There was appreciation expressed, however, to the 191 donors who did contribute, and the Red Cross added that experience at blood procurement clinics elsewhere indicates Mid-Winter visits of the bloodmobile are usually less successful than those at other seasons of the year.

The quota for the three-day visit of the bloodmobile was 280 units, and 191 were realized: Gladstone 41 units on Wednesday, Escanaba 87 units on Wednesday and 63 units on Thursday.

The Red Cross seeks to give recognition to the many donors who have faithfully supported the blood bank, and among awards presented in Escanaba on Friday were to Clinton E. Groos, six gallons; Cletus L. Courchene, two gallons; Lewis D. Hartwig, Bernice Johnson, Kay Auger and Gale W. Chynoweth, each one gallon.

Through Red Cross sponsorship of the Badger Blood Bank, free blood is provided any resident of Delta County in any hospital in which he may be a patient. The only cost is the hospital's charge for administration.

K. I. Commander Given New Post

K. I. SAWYER — Col. William T. Gentry, 410 Combat Support Group commander for the past seven months, is scheduled to depart today for a new assignment.

The colonel, a command pilot with more than 6,000 hours of flying time, is scheduled to become commander of the 305th Air Refueling Wing at Grissom Air Force Base, Ind., a unit of the Strategic Air Command.

A veteran of almost 28 years in the Air Force — most of them in the Strategic Air Command — Colonel Gentry assumed command of the 410th Combat Support Group here in July 1969. He arrived here from Wiesbaden Air Base, Germany, where he had been 7499th Support Group commander.

During his nearly three decades of military service Colonel Gentry has held positions such as pilot, headquarters staff officer, chief of a crash boat detachment, evaluator pilot and air operations officer.

The assignment to Grissom AFB takes the colonel back to his home state. He was born in Indianapolis.

Colonel Gentry has been married almost 28 years and has four children.

'Gun Merchant' To Face Court

GRAND RAPIDS (AP) — A Muskegon man, arrested in a raid which yielded a machine gun and three anti tank rifles, has been bound over to U.S. District Court on a charge of violating the 1968 Federal Gun Control Act.

Richard Britzen appeared before a U.S. commissioner Friday and was ordered bound over after a Treasury agent testified against him. Britzen was released on his own recognition.

Britzen and Ronald Buttermore of Grand Rapids were arrested Jan. 28 on charges of violating the firearms law. Agents seized 14 weapons in making the arrests. Buttermore waived examination on the charges.

Federal agents made the arrests after arranging to purchase some of the guns.

BLOOD DONORS WHO have contributed five or more gallons of blood to the Red Cross Badger Blood Bank were recognized by the Red Cross Thursday afternoon. Among them were (from left) Donald Seymour, Clinton Groos, Mrs. Clinton (Rachel) Groos, Gordon Nevala and Charles Perryman. There were other members not present for the picture including Theodore Dart and Donald Scott. Eighty-seven units of blood (the quota was 108) were collected in Escanaba Thursday. (Daily Press Photo)

Car-Deer Crashes Kill 11 Motorists

LANSING — Michigan's mounting problem of car-deer collisions struck its most somber note in 1969 as 11 motorists and a record 8,890 whitetails were reported killed from these accidents on the state's highways.

The figure on human fatalities, gleaned from newspaper accounts collected by the Department of Natural Resources, is not official. The actual toll will be shown in State Police records which are still being processed for the latter part of 1969.

The unofficial count tops the mark of 3 fatalities in 1967, the first and only other year on record for which deaths of Michigan motorists have been

definitely linked to car-deer crashes.

Last year's record rash of these accidents resulted in vehicle repair bills which are estimated at about \$1.8 million. That figure is based on an estimate made several years ago by insurance companies which indicated that damage to vehicles from these highway collisions averaged approximately \$200.

Southern Michigan remained the state's most accident-prone area for these accidents as at least 5,329 deer met death on highways in that part of the state.

About the same number of motorists in the northern Lower Peninsula were unable to steer clear of whitetails in 1969 as during the year before. They killed 2,428 deer last year, only 7 more than in 1968.

In the Upper Peninsula, 1,126 deer lost their lives in run-ins with cars. Those losses above the Straits were up nearly 31 per cent from 1968, with 327 of them occurring in Menominee, Dickinson, and Iron counties.

Brink's Guards In City 'Lockup'

DETROIT (AP) — "I don't think it's that funny," shouted one of four Brink's guards who had apparently locked themselves out of their armored truck during a lunch break in downtown Detroit.

The four struggled with frayed nerves, a pen knife, a loaded pistol, and a bent coat hanger before a replacement key arrived to allow them to return to the cab section of the truck.

A Brink's spokesman said that there was no money in the vehicle at the time.

The men were able to get into the rear portion of the truck, which is separated from the cab by an armored partition. As soon as a Brink's car brought the men a new key, the truck drove away.

Pollution Fines Assessed 3 Firms

DETROIT (AP) — Three Detroit firms were fined a total of \$450 this week for violation of antipollution ordinances. The Stroh Brewery was fined \$150 for excessive smoke, Illinois Iron & Metal Co. was fined \$150 for smoke emissions while burning salvage and Charles J. Rogers, operator of a trucking firm, was fined \$150 for the discharge of noxious fumes from two vehicles.

Catholic Faculty Exchanges Ideas

To foster greater cooperation, teachers of the five Escanaba area Catholic grade schools met with those of Holy Name High School at a joint faculty meeting earlier this week.

Fr. Vincent Ouellette, area superintendent called the meeting "one step forward in helping one another to understand what's going on in the schools of the area."

"It is hoped," he continued, "that meetings like this will foster greater cooperation among the schools and enable them to use their facilities to greater advantage."

The general introductory meeting was followed by a coffee break and several group sessions. Some of the primary teachers had a "Share-In," initiated with seatwork ideas by Sister Kathleen of St. Anne's School. There were also reading discussions for primary and middle grade teachers, conducted by Sisters Arlene and Mary of St. Anne's.

Upper grade and high school teachers chose one of four sub-

ject-area sessions led by Holy Name department heads. These included science and math, language, social studies and music.

Participating grade schools were St. Joseph, St. Patrick, St. Anne and St. Thomas of Escanaba, and All Saints of Gladstone.

Matt Viitalo Dies Suddenly On Friday

Matt Viitalo, 83, of Rock died suddenly at 3 p.m. Friday at St. Francis Hospital. He was born May 3, 1886 in Finland and was a retired farmer. Mr. Viitalo was a member of the Faith Lutheran Church.

He is survived by one sister, Mrs. Ailina Ruusi of Ishpeming and several grandchildren, nieces and nephews.

Friends may call at the Andersons - Johns Funeral Home from 4 to 9 p.m. Monday and the body will be removed to the Faith Lutheran Church at 10 a.m. Tuesday where services will be conducted at 11 a.m. The Rev. Peter Laaninen will officiate and burial will be in the Rock Cemetery.

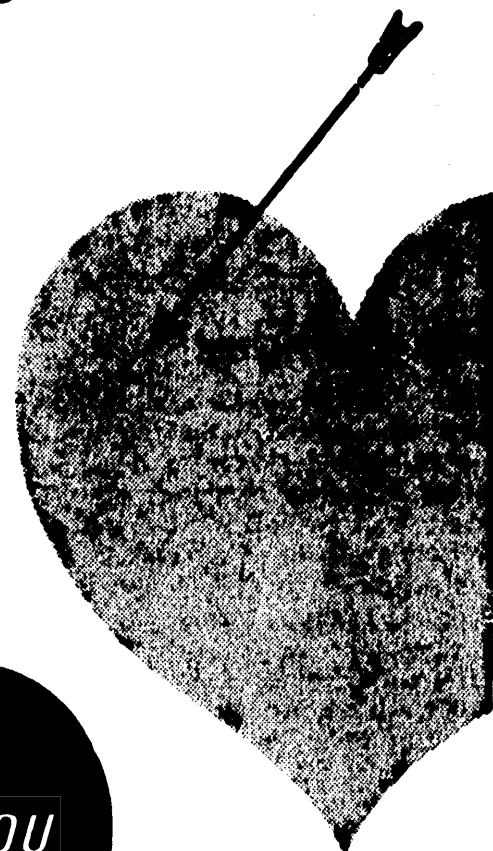

Over 1,400 GIs Held Prisoner

WASHINGTON (AP) — The State Department says it estimates 150 U.S. military personnel are missing or captured in Laos, about 800 in North Vietnam and about 450 in South Vietnam.

The officials have reported, however, that some of the servicemen believed missing or captured in Laos might be in North Vietnam but information on their exact whereabouts was reportedly unavailable.

A list of 1,406 Americans handed to the North Vietnamese peace negotiators on Dec. 31 in Paris comprises the three groups of missing and captured men.

Open House Planned

Activity Center Aids Handicapped Persons

An open house program is being planned later this month at the activity center opened for mentally retarded and physically handicapped young adults in Escanaba by the Delta County Chapter of the Michigan Association for Retarded Children.

Date for the open house will be announced later.

The center opened last November and since then six students have enrolled and are active making articles which are on sale at the center's Gift Shop.

The center and Gift Shop

are located west on Lincoln Rd. on 6th Ave. N., across the street from the T. D. Vnette Co.

Directors of the program said today that people of Delta County may not be aware that the center is open to all retarded and handicapped persons over the age of 18.

"There are many retarded and handicapped persons in Delta County who should be able to take advantage of the program if they will only contact the center any weekday between 9 a. m. and 2 p. m.," they said. Telephone number at the center is 786-9212.

Persons interested in the program also could contact Albert Vallid of Escanaba or Ernest Koehler of Gladstone.

Main function of the center now is to give persons who are retarded or handicapped a place to go for five hours a day to work and to be with other persons. In the future, directors and instructors hope a sheltered workshop can be developed where students can work according to their ability to be able to earn a little money and gain a feeling of accomplishment in their work.

War Or Skirmish?

The words of President Richard Nixon in proposing a \$10 billion federal attack on water pollution have taken on a hollow ring.

The president, in his State of the Union message, said the program "will be the most comprehensive and costly in this field ever in the nation's history . . . I shall propose to this Congress a \$10 billion nationwide clean waters program to put modern municipal waste treatment plants in every place in America where they are needed and to make our waters clean again, and do it now."

Public reception to Nixon's proposals was positive. Most newspapers and reporters selected the president's war on pollution and crime as the most significant items in the State of the Union address and gave it streamer headline treatment on front pages. But if the president received \$10 billion worth of favorable publicity from the statements, he apparently isn't that willing to spend federal money to make the progress he promised.

In his budget message this week, Nixon proposed a \$4 billion federal grant program spread over five years. Divided over the five years, that would mean the federal commitment assisting local governments with water pollution problems would be no more than \$800,000 million a year — the same figure that Congress authorized this year over Nixon's request for only \$214 million. In addition, states and local units of government would have to produce \$6 billion in "matching" funds to qualify for the federal assistance.

Altogether, the federal and local spending would get up to the \$10 billion figure mentioned by the president in the State of the Union speech, but the picture isn't anywhere near as impressive as it initially was made to sound by the president.

Local financing is difficult at best to obtain, particularly on costly installations of any kind. General obligation and revenue bonds are most commonly used, but general obligation bonds place the burden on the highly-taxed property owner and revenue bonds often would require unreasonable charges to users which make them impractical. Nixon proposed the federal government "purchase the obligations" of state and local governments but that doesn't relieve the primary responsibility from the local unit to pay 60 per cent of the total cost.

There may be some merit in the argument that the federal government should be consistent in its grants to local governments, that a progressive community which moved on its own several years ago and paid most of the bill itself shouldn't be "penalized" by the federal government through massive grant programs now to slower moving neighbor cities. But the time is approaching when such thoughts must be disregarded as it becomes imperative that pollution control methods be improved and expanded.

The federal treasury may be the only source for the funds necessary to complete the job. When the president suggested a \$10 billion assault on municipal water pollution, there were critics who insisted the program should have been more like \$25 billion. Now it turns out that the Nixon proposal is only for \$800,000 a year.

If inflation keeps going at anywhere near its present pace, that will mean less money will be spent in each of the succeeding five years to control municipal water pollution than in this year. And at that rate, it would appear Nixon's "war" on pollution is more like a skirmish.

Scout Birthday

One of the pioneers of American journalism, a fellow who edited a leading weekly from behind a roll-top desk and a large spittoon, once said that editorial writing was a matter of "pointing with pride" and "viewing with alarm."

Newspapers have advanced the state of the art of editorializing considerably since those early days. Today, however, the pioneer's formula applies.

The Boy Scouts of America are celebrating their 60th birthday during the annual observance of Boy Scout Week which began today.

For the past 60 years, the Boy Scouts organization has helped prepare boys for their future role as adult citizens. Many of our nationally known figures were Scouts, Neil Armstrong, Pete Conrad, Jim Lovell, Sen. Mark Hatfield, Hubert Humphrey, Thomas J. Watson Jr., Dr. Ralph Bunche.

Scouting has had a great track record and holds an even greater promise for the future. Its new long-range plan, Boypower '76, is into its second year of outreach to boys of all races, colors, creeds, and economic origin.

Happy birthday, Boy Scouts, and best wishes for continued success in the years to come!

Peninsula Potpourri

Boards of education of four South Houghton County school districts have approved submission of a merger proposal to voters in a special election March 9. If approved, the consolidation would unite the Adams, Chassell, Portage and Stanton Township districts into one district. The new district then would proceed with operation of one senior high school — in Houghton — and would close high schools in Painesdale and Chassell. Three elementary schools also would be operated in Chassell, Houghton and South Range-Painesdale.

The keen memory of an Iron River police officer brought to an end seven months of freedom for a Long Lake, Wis., young man who had been listed as a deserter from Fort Campbell, Ky., by the U. S. Army. Rockford B. Ritchie, 20, stopped at the state police post in Iron River to ask assistance in getting his car started. An Iron River policeman DeWayne Karvala, was there at the time and during the conversation asked Ritchie his name. He remembered that it was the name sent out by the Army shortly after Ritchie's disappearance from Fort Campbell last June 9. Ritchie was taken into custody by state police.

Carswell Is Winning As Court Nominee

By BARRY SCHWEID
WASHINGTON (AP) — G. Harold Carswell's emerging triumph where Clement F. Haynsworth Jr. failed may be traced to at least three factors.

—Labor never worked itself up into a lather over Carswell.

—Stocks and bonds never held a fascination for the Florida judge.

—Politicians can afford to be mavericks just so many times.

And there probably is a fourth good reason. Something that may be called the pressure of the inevitable.

Much in Common
Carswell and Haynsworth started out on the road to Abe Fortas' seat on the Supreme Court with much in common.

Both are experienced federal judges. Both are Southerners with a conservative outlook. Both offered the prospect of contributing to the balance President Nixon and Atty. Gen. John N. Mitchell find lacking in the court.

But there are important differences, too.

Haynsworth is a shy man, afflicted with a stammer that made his testifying before the Senate Judiciary Committee painful.

Carswell, with a past fling at both politics and newspaper work, was a responsive witness, almost never giving an evasive impression.

Labor Involved
Haynsworth aspired to the court from the 4th U. S. Court of Appeals, often a union-management battleground.

There he evoked labor antipathy by frequently ruling against unions.

Carswell is from the 5th Court of Appeals, further south. He wasn't involved enough with labor to excite the AFL-CIO to do more than formally register opposition.

To defeat Haynsworth, labor and civil rights forged a powerful coalition that senators with urban constituencies could not ignore.

In Carswell's case, the civil rights people have fought virtually alone, relieving many of the same senators of having to be answerable to the unions.

Still, it is unlikely that a united labor-civil rights front alone could have toppled Haynsworth. He was faced with a third big force, "ethics," the repeated suggestion the millionaire judge was less than scrupulous about keeping his financial and professional lives completely separate.

Small States Opposed
This hurt Haynsworth among small-state senators, politicians who generally don't have to worry too much about the sensibilities of organized labor or blacks.

For instance, when the Senate voted, there were unanimous "nays" from Idaho, Montana, New Mexico and Nevada.

Carswell never has had to wrestle with "ethics" allegations and insinuations. He told the Judiciary Committee on his first day as a witness that he owns no stocks or bonds whatsoever.

He has been attacked on one front alone, civil rights. Carswell has another big thing going for him—the fact of life that is party regularity.

GOP Turns Around

Politicians, party leaders especially, can be independent just so many times. A man who votes too often against the party soon will experience painful stings and pressures.

cluding Senate party leaders Hugh Scott of Pennsylvania, Robert P. Griffin of Michigan and Margaret Chase Smith of Maine, turned their backs on Nixon and voted against Haynsworth.

The Senate has 43 Republicans. Haynsworth lost 55 to 45.

Can 17 Republicans—assuming they disapprove as much of Carswell—vote against the

White House again?

There is, in the capital, a feeling that Nixon and Mitchell inevitably will get their kind of judge to the Supreme Court.

This fatalism has helped Carswell, too, eroding incipient opposition in the expectation the White House will have its way eventually, so why hold out on this particular judge.

Opening lead—six of hearts. Sometimes there seem to be two equivalent ways of playing a hand, and not until the post-mortem does it turn out that one way was more equivalent than the other.

Consider this case where West led a heart. Declarer won East's king with the ace and set out to ruff his losing hearts in dummy, intending to try the club finesse en route.

The only question was whether to first cash the queen of hearts—discarding a club—or to ruff a heart at trick two without cashing the queen. Declarer thought it would make no difference which play he adopted, so at trick two he cashed the heart queen and then led another heart.

But West ruffed, and though declarer was able to discard another club he could not make the slam. He could ruff two clubs in dummy but was left with a losing heart.

Had South ruffed a heart at trick two, he would have made the slam. After ruffing the heart he finesses the queen of clubs and continues with another low heart.

If West discards at this point, South automatically has twelve tricks consisting of six spades, two hearts, two heart ruffs and two clubs.

If West, alternatively, elects to ruff the heart at trick four, South makes the contract by discarding a club from dummy and later ruffing a club in dummy.

Unquestionably it takes a certain amount of organized thinking to foresee that it is vital not to cash the queen of hearts. Declarer has to plan the play many tricks ahead, anticipating all possible developments if one plan or another is pursued.

The fact is that in hands of this type there is no easy way to choose between two different lines of play. You have to look before you leap.

Police Attempt New Crackdown—On Own Budget

DETROIT (AP) — Detroit police are engaged in a new kind of crackdown — A war on costs.

Police Commissioner Patrick V. Murphy today ordered his men to tighten up on their use of soap, water, toweling and other supplies.

The move is part of an administration-wide belt tightening. Murphy said that while 96 per cent of the police department's budget goes to salaries, there could still be significant savings through tight controls on other items.

One day, she dropped one of the coins and it rolled through a sidewalk grating.

"Oh God," said the child reverently, "there went your dime."

Ann Landers

Drugs Cause Trouble For Nearly Everyone

Dear Ann Landers: I am 15. The boy I am crazy about is 18. Tom was arrested for breaking and entering last week but it wasn't his fault. He was high on pot and some guys dared him to do it. This was not Tom's first offense, so things might go a little rough on him.

He promised me four different times he would stop drinking. He has kept his promise, but pot is doing the same things to him that the booze used to do.

My folks don't like Tom so I have to see him on the sneak. I am worried now because I think he is in real trouble. He is a wonderful guy but he is mixed up. I want to help him but I don't know how. Please give me some advice in the paper. If my folks knew about this, they'd kill me. — Weeping Willow

Dear W. W.: Tom needs a doctor, a lawyer and continued counseling from a professional. Since you aren't any of these, I urge you to stay away from him. You can do nothing for him but he can do plenty for you. But nothing good.

Dear Ann Landers: The braless fad is getting to be a bore. I've read dozens of comments by so-called authorities. Of course they are all men. In my opinion, no one is an authority unless he has had some firsthand experience. So, please tell all those Big Mouths that unless they have worn a bra, to shut up because their comments don't count.

And now may I have your opinion, Ann? Is it a good fad or a bad one? — Maine

Dear Maine: In my opinion, only two things should be considered — and you can take that statement any way you want.

War Or Skirmish?

The words of President Richard Nixon in proposing a \$10 billion federal attack on water pollution have taken on a hollow ring.

The president, in his State of the Union message, said the program "will be the most comprehensive and costly in this field ever in the nation's history. . . I shall propose to this Congress a \$10 billion nationwide clean waters program to put modern municipal waste treatment plants in every place in America where they are needed and to make our waters clean again, and do it now."

Public reception to Nixon's proposals was positive. Most newspapers and reporters selected the president's war on pollution and crime as the most significant items in the State of the Union address and gave it streamer headline treatment on front pages. But if the president received \$10 billion worth of favorable publicity from the statements, he apparently isn't that willing to spend federal money to make the progress he promised.

In his budget message this week, Nixon proposed a \$4 billion federal grant program spread over five years. Divided over the five years, that would mean the federal commitment assisting local governments with water pollution problems would be no more than \$800,000 million a year — the same figure that Congress authorized this year over Nixon's request for only \$214 million. In addition, states and local units of government would have to produce \$6 billion in "matching" funds to qualify for the federal assistance.

Altogether, the federal and local spending would get up to the \$10 billion figure mentioned by the president in the State of the Union speech, but the picture isn't anywhere near as impressive as it initially was made to sound by the president.

Local financing is difficult at best to obtain, particularly on costly installations of any kind. General obligation and revenue bonds are most commonly used, but general obligation bonds place the burden on the highly-taxed property owner and revenue bonds often would require unreasonable charges to users which make them impractical. Nixon proposed the federal government "purchase the obligations" of state and local governments but that doesn't relieve the primary responsibility from the local unit to pay 60 per cent of the total cost.

There may be some merit in the argument that the federal government should be consistent in its grants to local governments, that a progressive community which moved on its own several years ago and paid most of the bill itself shouldn't be "penalized" by the federal government through massive grant programs now to slower moving neighbor cities. But the time is approaching when such thoughts must be disregarded as it becomes imperative that pollution control methods be improved and expanded.

The federal treasury may be the only source for the funds necessary to complete the job. When the president suggested a \$10 billion assault on municipal water pollution, there were critics who insisted the program should have been more like \$25 billion. Now it turns out that the Nixon proposal is only for \$800,000 a year.

If inflation keeps going at anywhere near its present pace, that will mean less money will be spent in each of the succeeding five years to control municipal water pollution than in this year. And at that rate, it would appear Nixon's "war" on pollution is more like a skirmish.

Scout Birthday

One of the pioneers of American journalism, a fellow who edited a leading weekly from behind a roll-top desk and a large spittoon, once said that editorial writing was a matter of "pointing with pride" and "viewing with alarm."

Newspapers have advanced the state of the art of editorializing considerably since those early days. Today, however, the pioneer's formula applies.

The Boy Scouts of America are celebrating their 60th birthday during the annual observance of Boy Scout Week which began today.

For the past 60 years, the Boy Scouts organization has helped prepare boys for their future role as adult citizens. Many of our nationally known figures were Scouts, Neil Armstrong, Pete Conrad, Jim Lovell, Sen. Mark Hatfield, Hubert Humphrey, Thomas J. Watson Jr., Dr. Ralph Bunche.

Scouting has had a great track record and holds an even greater promise for the future. Its long-range plan, Boypower '76, is into its second year of outreach to boys of all races, colors, creeds, and economic origin.

Happy birthday, Boy Scouts, and best wishes for continued success in the years to come!

Peninsula Potpourri

Boards of education of four South Houghton County school districts have approved submission of a merger proposal to voters in a special election March 9. If approved, the consolidation would unite the Adams, Chassell, Portage and Stanton Township districts into one district. The new district then would proceed with operation of one senior high school — in Houghton — and would close high schools in Painesdale and Chassell. Three elementary schools also would be operated in Chassell, Houghton and South Range-Painesdale.

White House again?

There is, in the capital, a feeling that Nixon and Mitchell inevitably will get their kind of judge to the Supreme Court.

This fatalism has helped Carswell, too, eroding incipient opposition in the expectation the White House will have its way eventually, so why hold out on this particular judge.

Letters To The Press

STUPAK CASE

There has been a great deal in print recently concerning Frank Stupak, the supervisor, and Frank Stupak, the superintendent.

At the time that Frank Stupak became a candidate for the Board of Supervisors in August 1968, he inquired into the question of his eligibility and found that no problem existed.

Furthermore, there were no objections registered then by any persons or groups.

The persistent interest on the part of the Republican County Chairman of Delta County in requesting the resignation of a Democratic public servant, in this case, can only suggest that there are political overtones.

This conclusion is reached in view of the lapse of time between Mr. Stupak's candidacy for office, his election, the taking of the oath of office and the Republican County Chairman's request of Senator Schweigert for an attorney general's opinion as to the incompatibility between the two positions.

The Delta County Democratic Committee will continue to support Mr. Stupak until such time as a court ruling is reached to the contrary and the issue resolved on a statewide basis applying to other similar situations.

Norbert C. Murphy, Chairman, Delta County Democratic Committee

RUPPE STORY

It has been called to my attention that in the Monday evening edition of the Escanaba Daily Press, it was noted that Congressman Phil Ruppe had been overlooked by the Republican Party leadership in the preferred candidate meeting last weekend in St. Clair.

I hasten to clarify this matter. Congressman Ruppe's name was included on the roster of suggested candidates for the GOP nomination for the 1970 U. S. Senate race. May I explain that the names offered were done so in a random order, the first having no more or less significance than the last.

Congressman Ruppe has received an invitation from Gov. William G. Milliken, as have all the others named, to advise the governor whether he wishes further consideration at the Feb. 21 meeting of the preferred candidate delegation in Lansing.

The Republican Party holds Phil Ruppe in the highest esteem for the job he is doing on behalf of the people of Michigan in Washington and on the party's behalf, I wish to dispel any notion to the contrary.

William F. McLaughlin, Lansing Chairman, Republican State Central Committee

14 Homeless

GRAND RAPIDS (AP) — A fire in nearby Alto Thursday left a family of 14 homeless. All members of the Gary Banfill family escaped without injury from the blaze which destroyed their home. The family was taken in by neighbors.

Ann Landers

Drugs Cause Trouble For Nearly Everyone

Dear Ann Landers: I am 15. The boy I am crazy about is 18. Tom was arrested for breaking and entering last week but it wasn't his fault. He was high on pot and some guys dared him to do it. This was not Tom's first offense, so things might go a little rough on him.

He promised me four different times he would stop drinking. He has kept his promise, but pot is doing the same things to him that the booze used to do.

My folks don't like Tom so I have to see him on the sneak. I am worried now because I think he is in real trouble. He is a wonderful guy but he is mixed up. I want to help him but I don't know how. Please give me some advice in the paper. If my folks knew about this, they'd kill me. — Weeping Willow

Dear W. W.: Tom needs a doctor, a lawyer and continued counseling from a professional. Since you aren't any of these, I urge you to stay away from him. You can do nothing for him but he can do plenty for you. But nothing good.

Dear Ann Landers: The brass fad is getting to be a bore. I've read dozens of comments by so-called authorities. Of course they are all men. In my opinion, no one is an authority unless he has had some first-hand experience. So, please tell all those Big Mouths that unless they have worn a bra, to shut up because their comments don't count.

And now may I have your opinion, Ann?? Is it a good fad or a bad one? — Maine

Dear Maine: In my opinion, only two things should be considered — and you can take that statement any way you want. Do you feel more comfortable without a bra? Do you look better without a bra? While many women can answer yes to the first question, I know of very few who can answer yes to the second.

Dear Ann Landers: My mother is not raising children. She is raising vegetables. That is the best name I can think of for two girls, 16 and 17 years old, who are not allowed to date. Dad died seven years ago and Mom is letting her older brother tell her how to raise us. He was born in the old country. His own children turned out terrible — a son in prison, two girls who ran away from home and another girl who got pregnant at 14. His philosophy is to keep kids locked up and give them no freedom. You can see where it got him.

My sister and I are good students. We help in the house and have never done anything to give Mom the idea we can't be trusted. We have also read your book on Teen-Agers and Sex and know what to do and what

not to do. Our whole life is school, church and relatives. It's gruesome. The boys think we are queers because we can't date. None of our friends are couped up like this. Can you help us? — Imprisoned In Billings

Dear Inmates: Girls 16 and 17 should be allowed to date if they have proven themselves to be dependable and trustworthy. You sound as if you have earned the privilege. Ask your favorite teacher to talk to your mother. Or perhaps your pastor can help. You need an adult to speak in your behalf. Maybe if you show her this column, it will help. Good luck.

How far should a teen-age couple go? Can necking be safe? When does it become too hot to handle? Send for Ann Landers' booklet, "Neck- ing And Petting — What Are The Limits?" Mail your request to Ann Landers in care of your newspaper enclosing 50c in coin and a long, stamped, self-addressed envelope with your request.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope.

Village's Lone Physician Plans To Leave Area

ANDOVER, N.Y. (AP) — This southern tier town of 2,000 is about to lose its only physician, four years after it brought him here as the result of a recruiting campaign.

Dr. Alan Folsom, a general practitioner, announced this week that he was leaving Andover at the end of the month to join the staff of a clinic in New Mexico.

Folsom moved here in 1966 after answering an advertisement in a medical journal. The community spent \$8,000 on a medical center that he used rent — free for a time and for which he now pays nominal rent.

After Folsom's departure, the nearest doctor will be seven miles away in Wellsville. Robert Baker, president of the Andover Chamber of Commerce, said another campaign is under consideration.

Life Sentence

PONTIAC (AP) — A 30-year-old former Pontiac man was sentenced to life imprisonment today for the first degree murder of a Pontiac grocer in July 1962.

Circuit judge Clark Adams sentenced Benny Lee Spells to mandatory life imprisonment after a second jury had found Spells guilty of shooting Estimias Vasilious during a grocery store holdup 8 years ago.

Bay de Noc Honors Nursing Graduates

Bay de Noc Community College held commencement and capping exercises for the School of Practical Nursing last night in the Escanaba Junior High School auditorium.

The graduating class has completed a one-year course of nursing education with clinical experience and observations at St. Francis Hospital, Pinecrest Medical Care Facility, Delta-Menominee County Health Department, John Lemmer School and local physicians offices.

A total of 18 students received the nursing cap, which signifies the completion of 18 weeks of pre-clinical studies. Rev. Ted Brodeur, Associate Pastor at St. Anne's Church, gave the Invocation and Benediction. Mr. Clayton Ford, Vice-Chairman, College Board of Trustees, welcomed the guests and Dr. James Gordon delivered the commencement address. Miss Gloria Sundling offered special organ selections on the Baldwin organ, courtesy of Marrier Music. The Gospel Songfest Musical Group also assisted with a Musical Medley.

Dr. Richard L. Rinehart, President of the College and Mrs. Martha J. Harper, R.N., Director of the Nursing Program presented certificates of the graduation to the following students: From Escanaba — Sandra A. Dagenais, Susan M. Greis, Kathleen Holkup and Barbara J. Robitaille; Gladstone — Bernadine C. Brannan and Gertrude Mineau; Garden — Joyce Y. Halvorson and Lorain N. Ward; Germfask — Bruce E. Handrich; Sagola — Jean M. Burns;

Daggett: Judith A. Coolman; Spalding — Jeanne L. Gatten; Gastra — Robert A. Girard; Mass — Helen I. Hedler; Crystal Falls — Susan M. Aho, Velma J. Ball, Eva E. Bennett and Patricia J. Erickson; Iron River — June E. Banks; Jane L. Christensen, Rietta D. Erickson and Karen F. Quarless; Iron Mountain — Patricia K. Pontecchlo; Norway — Mary Anne E. Larsen and Andrea K. Nordhoff; Kingsford — June H. Lovell; Florence, Wis. — Judy M. Olson.

The following students received their caps: From Escanaba — Carlene M. Cousineau, Darlene K. Erickson, Rebecca S. Mitchell and Patricia A. Nelson; Gladstone — Betty L. Brazeau, Cheryl A. Juneau and Rebecca M. Wiltzius; Wells — Susan M. Schmeitler and Edith C. Veldman; Rapid River — Gloria F. Sundling; Bark River — Patricia S. Viaw; Wilson — Jean M. Gorecki and Kathleen L. Hooker; Stephenson — Nancy A. Butchli; Stambaugh — Theresa A. LaFave; Crystal Falls — Lois C. Aho and Bobbie L. Nylund; Niagara, Wis. — Kathryn S. Schultz.

British Troops Try To Restore Irish 'Peace'

BELFAST, Northern Ireland (AP) — Security officials said extra patrols of British troops would be on duty today at civil rights demonstrations in Belfast and five other Northern Ireland towns as a result of an outbreak of violence Friday night.

However civil rights demonstrations planned in Londonderry and two other towns were cancelled after the flareup in Londonderry in which five soldiers and one civilian were injured. Newsmen said it was the most violent outbreak since demonstrators battled police with guns and fire bombs in the Roman Catholic Bogside district last August.

The marches today were planned to protest the Public Order Act which went into effect Thursday. The act bans the carrying of firearms and the occupation of buildings. In Belfast, the Peoples' Democracy, a revolutionary socialist group, has threatened to take over a public building today to test the law.

Chicago Prices

Appointment Of DiBona Shaky? Two Industries Join In Pollution Battle

WASHINGTON (AP) — The White House still hoped today to salvage its intended appointment of Charles A. DiBona as director of the draft.

Informed sources said DiBona was opposed by Sen. Margaret Chase Smith, R-Maine, ranking Republican on the Senate Armed Services Committee, and to a lesser degree by committee chairman John Stennis, D-Miss.

The White House has shown no inclination to pick a fight with them over this appointment.

But aides reportedly were hoping the doubt about the choice of DiBona could be satisfied and the opposition would be withdrawn.

DiBona, 37, a graduate of the U.S. Naval Academy, former Rhodes Scholar and one-time Pentagon "whiz kid," is director of the Center for Naval Analyses, a private consulting firm in Rosslyn, Va., which ran a study for the Nixon administration on the idea of an all-volunteer armed service.

The White House has acknowledged DiBona was its top candidate to succeed Gen. Lewis B. Hershey as director of the Selective Service System.

DiBona has not said he would take the job, admitting only he had it under "active consideration." But he did visit Stennis and Mrs. Smith about it in January.

Mrs. Smith reportedly objected to his appointment by DiBona that he be free, as draft director, to advocate a volunteer army concept.

Italian Premier, Cabinet Resign

ROME (AP) — Premier Mariano Rumor and his all-Christian Democrat minority government resigned today, and Italian political leaders said they hoped to put the old center-left coalition back together again.

Rumor's Cabinet had been called a "baby sitter government" when it was formed six months ago after a Socialist party split broke up the coalition.

It was intended to tide over until a majority alliance could be reformed. But Rumor said recently that a minority could not cope with Italy's rising wave of strikes, and student disorders.

Rumor's resignation plunged the nation into deep crisis. There was no indication how soon or whether a majority could be put together.

The Italian Socialist party (PSI) agreed this week to enter negotiations to see if the center-left could be restored. But the party's left wing voiced doubts that a basis of agreement could be found.

BUILDING PROJECTS

OXFORD, England (AP) — Oxford University has allocated more than 1.25 million pounds (\$3 million dollars) for building projects in 1970-72 including new administrative offices, a computer building and an extension to the Radcliffe science library.

DETROIT (AP) — With growing nationwide concern over environmental quality, two major industries—oil and automotive—are moving toward removal of lead from gasoline to eliminate one pollutant and to simplify removal of others.

Lead, which adds pep to gasoline, has not been rated a major automotive contributor to air pollution by itself, but presence of it in the exhaust thus far has thwarted attempts to lower hydrocarbon and carbon monoxide emissions through installation of catalysts or afterburners.

Henry Ford II, chairman of Ford Motor Co., pressed the issue by telling oil companies his company would redesign its engines if necessary if the refining industry would come up with a lead-free gasoline nationwide.

Robert O. Anderson, chairman of Atlantic Richfield Co., quickly responded his refineries could put lead-free fuel on sale by the fall of 1971 if there were sufficient cars on the road designed to use it.

Standard Oil Co. of Indiana pointed out its premium AMOCO brand being marketed in the District of Columbia and 25 states east of the line running from Maine to Texas is lead-free, yet meets the 100 octane rating of leaded premiums.

Amoco premium, however, retails at a penny more per gallon.

If lead-free gasoline failed to meet volatility of the leaded variety, Herbert L. Misch, Ford vice president-engineering, said it likely would require a lower compression engine to operate on it.

He said it would be impossible immediately to put a cost estimate on what engine refinements might be required.

Other industry spokesmen said if volatility were similar probably no engine adjustment at all would be necessary.

L. B. Bornhauser, Chrysler Corp. vice president-product planning and development staff, said Chrysler "is ready to provide at any time a low-compression engine for use with low-octane, lead-free gasoline."

"Low-compression engines are not new to us since we produce them for many world areas where only low-octane fuel is available."

Normally, the higher the compression ratio the higher the horsepower of an automobile engine. A higher compression ratio also generally gives better efficiency and fuel economy.

General Motors Corp. said Friday it had met with several U.S. petroleum companies; the Ethyl Corp. and E. I. DuPont, two suppliers of gasoline additives; and representatives of the federal government to evaluate technical research.

The GM report said that the meetings "have tended to confirm that substantial improvements can be made by modifying the engine-fuel relationship. This would involve changes in the composition of the fuel, including the removal of tetraethyl lead."

"Research and engineering programs to provide the necessary changes in engine and control systems for nonleaded at GM for some time. The main obstacle currently is the lack of exact specifications for fuels," GM said.

Automobiles pour more hydrocarbons and carbon monoxide into the atmosphere than all other sources combined. Hydrocarbons and auto-produced nitrous oxides, when mixed and baked by sunshine, form eye-smarting smog.

Current emission control devices on automobiles have reduced hydrocarbon emissions 70 per cent and carbon monoxide emissions 65 per cent below levels prevailing in uncontrolled cars built prior to 1961. But both the California and federal governments say still much more must be removed.

What it will cost for major refineries to come up with a high-octane, lead-free gasoline is a matter of debate.

F. D. Gottwald Jr., chairman, told stockholders of Ethyl Corp. earlier this month that elimination of so-called antiknock additives from gasoline would cost motorists an added \$3.5 billion annually.

Gottwald's company is the nation's leading producer of tetraethyl lead used in gasoline. John O. Logan, president of Universal Oil Products, says that "at the refinery level the cost for complete removal of lead ... would be slightly less than one cent per gallon."

He estimated, however, a typical refinery would have to invest \$14 million to produce lead-free gasoline, and said this would represent an outlay of \$200 million alone for California refineries.

Logan's company is one of the nation's major producers of refining systems and machinery.

Demos Looking For New Leader

WASHINGTON (AP) — Sen. Fred R. Harris, described by an associate as simply "fed up," is quitting as Democratic national chairman effective March 5—leaving party leaders less than a month to find a replacement.

Harris said he had no idea who the new chairman might be and he does not intend to take part in the search for his replacement.

Whoever the Democrats find, he will take over the management of an \$8 million debt, the legacy of Hubert H. Humphrey's losing presidential campaign.

But he will find some money on hand to keep party headquarters operating. Harris stressed this point in announcing his resignation Friday. The new chairman will be named at a Democratic National Committee meeting Harris called for March 5.

Harris said the operating funds are the product of a successful fund-raising gala in Miami Beach Thursday night, an affair which brought in about \$400,000 for the party.

That is less than half the sum Harris had hoped to see raised through the gala and a network of dinners linked by closed circuit television. State finance chairman blocked the TV plan on grounds it would drain away money they needed to finance congressional and statewide campaigns this year.

Harris was said to have planned to remain as chairman until after the Nov. 3 elections, a schedule he reconsidered in recent days because of in-party complaints about the positions he took on national issues.

Briefly Told

Escanaba police have issued traffic court notices to Lawrence T. Richter, 127 S. 18th St., improper backing; Richard W. Ansell, 920 2nd Ave. N., no operator's license, no registration of license plates, no helmet, no lights, no proof of insurance; Samuel D. Cayer, Bark River Rte. 1, no insurance or registration, speeding; Lynn B. Kostzke, 221 N. 18th St., expired or no operator's license.

Harold E. Brasseau, 34, of 635 North 9th St., Gladstone, is charged with impaired driving after his arrest by Escanaba police at 2:08 a. m. on Sheridan Rd. Police reported they observed Brasseau driving in an erratic manner. He is to be arraigned in District Court.

LT. COL. DOUGLAS J. NELSON, son of Mr. and Mrs. I. R. Nelson of Bark River, recently received the Air Force Commendation Medal. Brig. Gen. Harvey Eddy presented Col. Nelson with the award. The award was given to Nelson for meritorious service while assigned at RAF Bentwaters in the United Kingdom. Col. Nelson was cited for his immeasurable aid in identifying personnel problems. A veteran of 28 years of military service, Colonel and Mrs. Nelson, the former Lucille Farrell of Escanaba, have one son, Douglas Jr., who is an Air Force sergeant. (U. S. Air Force Photo)

Mine Workers' Misdeeds Hit

WASHINGTON (AP) — Several charges of wrongdoing have been voiced here—both inside and outside the halls of Congress—against the United Mine Workers of America.

Three witnesses in a Senate hearing room and some 100 grim-faced miners at their own press conference leveled charges against the UMW Friday of collusion with mine operators, blacklisting and interference with local unions elections.

The witnesses told members of a government operations subcommittee on labor that part of the reason Joseph A. Yablonski lost the Dec. 9 election for the UMW presidency was because more than half the voting units in the international union are "bogey locals" maintained without active members as a means of giving incumbent officers control of conventions and elections.

The men, all supporters of the insurgent union leader who, with his wife and daughter, was slain in his Clarksburg, Pa., home Dec. 31, also charged that union officials and mine operators maintain a blacklist of men held in disfavor.

Sen. Harrison A. Williams Jr., D-N.J., subcommittee chairman, said the "savage, outrageous use of a blacklist has no place in life in this country. The right to earn a living is and must be an inalienable right."

Another witness, Louis Antal of Arnold, Pa., said he had been roughed up in 1964 by supporters of the current UMW President W. A. "Tony" Boyle when he attempted to speak against a Boyle-supported policy at the union's 1964 convention.

Appointment Of DiBona Shaky? Two Industries Join In Pollution Battle

WASHINGTON (AP) — The White House still hoped today to salvage its intended appointment of Charles A. DiBona as director of the draft.

Informed sources said DiBona was opposed by Sen. Margaret Chase Smith, R-Maine, ranking Republican on the Senate Armed Service Committee, and to a lesser degree—by committee chairman John Stennis, D-Miss.

The White House has shown no inclination to pick a fight with them over this appointment.

But aides reportedly were hoping the doubt about the choice of DiBona could be satisfied and the opposition would be withdrawn.

DiBona, 37, a graduate of the U.S. Naval Academy, former Rhodes Scholar and one-time Pentagon "whiz kid," is director of the Center for Naval Analyses, a private consulting firm in Rosslyn, Va., which ran a study for the Nixon administration on the idea of an all-volunteer armed service.

The White House has acknowledged DiBona was its top candidate to succeed Gen. Lewis B. Hershey as director of the Selective Service System.

DiBona has not said he would take the job, admitting only he had it under "active consideration." But he did visit Stennis and Mrs. Smith about it in January.

Mrs. Smith reportedly objected to insistence by DiBona that he be free, as draft director, to advocate a volunteer army concept.

Italian Premier, Cabinet Resign

ROME (AP) — Premier Mariano Rumor and his all Christian Democrat minority government resigned today, and Italian political leaders said they hoped to put the old center-left coalition back together again.

Rumor's Cabinet had been called a "baby sitter government" when it was formed six months ago after a Socialist party split broke up the coalition.

It was intended to tide over until a majority alliance could be reformed. But Rumor said recently that a minority could not cope with Italy's rising wave of strikes, and student disorders.

Rumor's resignation plunged the nation into deep crisis. There was no indication how soon or whether a majority could be put together.

The Italian Socialist party (PSI) agreed this week to enter negotiations to see if the center-left could be restored. But the party's left wing voiced doubts that a basis of agreement could be found.

BUILDING PROJECTS

OXFORD, England (AP) — Oxford University has allocated more than 1.25 million pounds (3 million dollars) for building projects in 1970-72 including new administrative offices, a computer building and an extension to the Radcliffe science library.

Demos Looking For New Leader

WASHINGTON (AP) — Sen. Fred R. Harris, described by an associate as simply "fed up," is quitting as Democratic national chairman effective March 5—leaving party leaders less than a month to find a replacement.

Harris said he had no idea who the new chairman might be and he does not intend to take part in the search for his replacement.

Whoever the Democrats find, he will take over the management of an \$8 million debt, the legacy of Hubert H. Humphrey's losing presidential campaign.

But he will find some money on hand to keep party headquarters operating. Harris stressed this point in announcing his resignation Friday. The new chairman will be named at a Democratic National Committee meeting Harris called for March 5.

Harris said the operating funds are the product of a successful fund-raising gala in Miami Beach Thursday night, an affair which brought in about \$400,000 for the party.

That is less than half the sum Harris had hoped to see raised through the gala and a network of dinners linked by closed circuit television. State finance chairmen blocked the TV plan on grounds it would drain away money they needed to finance congressional and statehouse campaigns this year.

Harris was said to have planned to remain as chairman until after the Nov. 3 elections, a schedule he reconsidered in recent days because of in-party complaints about the positions he took on national issues.

Briefly Told

Escanaba police have issued traffic court notices to Lawrence T. Richter, 127 S. 18th St., improper backing; Richard W. Ansell, 920 2nd Ave. N., no operator's license, no registration of license plates, no helmet, no lights, no proof of insurance; Samuel D. Cayer, Bark River Rte. 1, no insurance or registration, speeding; Lynn B. Kositzke, 221 N. 18th St., expired or no operator's license.

Harold E. Brazeau, 34, of 635 North 9th St., Gladstone, is charged with impaired driving after his arrest by Escanaba police at 2:06 a. m. on Sheridan Rd. Police reported they observed Brazeau driving in an erratic manner. He is to be arraigned in District Court.

Sen. Harrison A. Williams Jr., D-N.J., subcommittee chairman, said the "savage, outrageous use of a blacklist has no place in life in this country. The right to earn a living is and must be an inalienable right."

LT. COL. DOUGLAS J. NELSON, son of Mr. and Mrs. I. R. Nelson of Bark River, recently received the Air Force Commendation Medal. Brig. Gen. Harvey Eddy presented Col. Nelson with the award. The award was given to Nelson for meritorious service while assigned at RAF Bentwaters in the United Kingdom. Col. Nelson was cited for his immeasurable aid in identifying personnel problems. A veteran of 28 years of military service, Colonel and Mrs. Nelson, the former Lucille Farrell of Escanaba, have one son, Douglas Jr., who is an Air Force sergeant. (U. S. Air Force Photo)

Mine Workers' Misdeeds Hit

WASHINGTON (AP) — Several charges of wrongdoing have been voiced here—both inside and outside the halls of Congress—against the United Mine Workers of America.

Three witnesses in a Senate hearing room and some 100 grim-faced miners at their own press conference leveled charges against the UMW Friday of collusion with mine operators, blacklisting and interference with local unions elections.

The witnesses told members of a government operations subcommittee on labor that part of the reason Joseph A. Yablonski lost the Dec. 9 election for the UMW presidency was because more than half the voting units in the international union are "bogey locals" maintained without active members as a means of giving incumbent officers control of conventions and elections.

The men, all supporters of the insurgent union leader who, with his wife and daughter, was slain in his Clarksville, Pa., home Dec. 31, also charged that union officials and mine operators maintain a blacklist of men held in disfavor.

Sen. Harrison A. Williams Jr., D-N.J., subcommittee chairman, said the "savage, outrageous use of a blacklist has no place in life in this country. The right to earn a living is and must be an inalienable right."

Another witness, Louis Antal of Arnold, Pa., said he had been roughed up in 1964 by supporters of the current UMW President W. A. "Tony" Boyle when he attempted to speak against a Boyle-supported policy at the union's 1964 convention.

If you earned this when you were a SCOUT—

WE WANT YOU.

Nobody has got more out of Scouting than the men who earned the Eagle Badge.

But when you think about it, nobody owes more to Scouting, either. Any Eagle Scout will tell you how important Scouting was in shaping his confidence and his character.

If you earned the Eagle Badge, we want you back in Scouting—as a volunteer leader. Nobody is better equipped to lead boys to manhood.

America's manpower begins with BOYPOWER, and nothing builds BOYPOWER like the Scouts.

Will you help?

America's manpower begins with BOYPOWER

Be a Volunteer Scout Leader

MR. AND MRS. LEE HAMILTON, 410 S. 22nd St., celebrated their 25th wedding anniversary on Jan. 29. A dinner party in honor of the occasion was held Saturday at the House of Ludington and attending were their four children, Donna, Ron, Steve and Debbie. Mr. Hamilton is the owner and operator of Delta Service Master. (Lee's Studio)

Mrs. Nixon Enjoys Illinois Ice, Snow

MORRIS, Ill. (AP) — The First Lady's trip to Illinois Friday spanned the years from the horse and buggy to atomic energy.

As the President discussed pollution with the governors of four midwestern states in Chicago, Mrs. Nixon toured North Central Illinois, visiting industrial facilities that have taken steps to clean up the environment.

Mrs. Nixon rode a horse-drawn wagon across a frozen lake and hunting area developed on the site of a strip mine by Peabody Coal Co.

Bundled in a sleeping bag to protect her fur coat from the straw in the wagon, Mrs. Nixon described the reclaimed area as "just absolutely gorgeous... It's nice to have the ice and snow because you appreciate spring all the more."

She inspected a large digging machine at the Peabody Coal mine and was shown aerial photographs of the area by a mine official who told her some of the area had been reclaimed for public and private swimming, boating and fishing areas.

The club area borders Goode Lake Prairie, the largest tract of virgin prairie in the state. The 1,700-acre site containing rare plants and animals was bought by the state after a four-year struggle by conservationists.

Mrs. Nixon spent about an hour at the Dresden Nuclear Power Plant, an electrical generating station operated with nuclear fuel.

"It's fabulous," she said. "And of course, it doesn't cause any pollution. And that's the exciting part."

Mrs. Nixon said she would report on her trip to the President. "Why else would I go?" Later, Mrs. Nixon met the President at O'Hare International Airport where they boarded a plane for Washington.

MR. AND MRS. KENNETH EVERARD, 1756 Kings Highway, Lincoln Park, announce the engagement of their daughter, Janice to Michael Empel, son of Mr. and Mrs. Alex Empel, 24320 Hayes, Taylor. The Empels are former residents of Escanaba and Michael is the grandson of the late Mr. and Mrs. Gust Eliason. The bride-elect is a graduate of Lincoln Park High School and her fiancé, a graduate of the same school, attended General Motors Institute and Wayne State University. The couple will wed July 17 at Christ the Good Shepherd Catholic Church in Lincoln Park.

Harold McLaughlins Mark Golden Wedding

Mr. and Mrs. Harold McLaughlin, 512 N. 19th St. are celebrating the 50th anniversary of their marriage today, Feb. 7.

Harold McLaughlin and the former Leah Thivierge of Gladstone were married Feb. 7, 1920 at All Saints Catholic Church in Gladstone with the

Rev. Owen J. Bennett officiating. Attendants for the couple were Axel Anderson and the late Mrs. Anderson. Mr. Anderson now resides in Minneapolis, Minn.

A family dinner in their honor is being held today at the home of their daughter, Mrs. Mary Swille and a family reunion is being planned for August when their son Harold returns from service with the Armed Forces.

The McLaughlins are the parents of six children: four daughters, Mrs. Frances (Arlene) DeGrand and Mrs. Mary Swille of Escanaba, Mrs. William (Therese) Miron of St. Clair Shores, Mich. and Mrs. Jack (Nancy) Roberts of Milwaukee; two sons, Harold Jr. serving with the Armed Forces in Yuma, Ariz. and Don of Clio, Mich. They also have 22 grandchildren.

Miss Krajewski, is a sophomore majoring in home economics education and carries a 3.19 grade point average.

She is a member of the Kalamazoo Tutorial Organization, where she tutors a small child from the city area, and also of MDCC, Midwest Draft Counseling Committee, Kalamazoo branch. She is employed by the WMU Biology Department as a research assistant.

Scout Sunday To Be Observed In Area Churches

Scout Sunday will be observed by Cub Scouts, Boy Scouts, Explorers, and their adult leaders across the nation tomorrow.

Scouts will attend services in uniform as part of the annual observance of Boy Scout Week, marking the 60th anniversary of Scouting in the United States. Scouts from all troops, packs, and posts are welcome to join in any of the services.

Churches participating and the times of Scout services include:

Escanaba — St. Stephen's Episcopal, both services; Bethany Lutheran, both services; Immanuel Lutheran, both services; Central United Methodist, 11 a. m. service; First United Presbyterian, 10:50 a. m. service; St. Joseph, 9:30 a. m. mass; St. Patrick, 9:30 a. m. mass; St. Anne, 10 a. m. mass; St. Thomas, 9 a. m. mass; 1st United Methodist.

Gladstone—1st Lutheran, 10 a. m. service; Memorial United Methodist, 10:45 a. m. service; All Saints, 8 a. m. mass.

Boy Scouts of America is pledged to encourage reverence and faithfulness to religious obligations and respect for the convictions of others in matters of custom and religion. Scouts are encouraged to attend services in places of worship other than their own as a way of learning about the beliefs of their fellow Scouts.

As the last Scout law, "A Scout is Reverent" is an essential part of the character-building aim of the Scout movement.

Seney

Verda Smeltzer has returned from Goshen, Ind. where she has been visiting her mother and other relatives for the past three weeks. She also visited with the Bowersox family at South Bend, Ind.

Mrs. Mike Sadler and children of Sterlings Heights are visiting here with Mr. and Mrs. Earl Sadler.

The Seney-Germfask Lions Club assisted by volunteers helped Francis Pelton in clearing away the rubble caused by the recent fire at the Seney Bar. Repairs will be started this week. The interior of the building was gutted in last week's fire.

Mrs. Effie Nelson was feted with a party Monday when several of her neighbors surprised her Monday afternoon on the occasion of her birthday. Games were played and lunch was served. Seven ladies attended.

Julius Rappert was honored on his 82nd birthday, Saturday evening at the home of his daughter, Mrs. Dick St. Martin. Present were Mr. and Mrs. Dennis Hendrickson and Bobby of Newberry, Mr. and Mrs. Pat St. Martin of Munising and Mr. and Mrs. Dick St. Martin, Seney.

Mr. and Mrs. Papple and daughters and Darlene Hollingshead of Fond du Lac, Wis. visited here over the weekend with relatives.

MR. AND MRS. FRED THERRIAN of 1409 Dakota Ave., Gladstone, announce the engagement of their niece, Katharine Joy Therrian, to James Spriks, son of Mr. and Mrs. Eldren Spriks of Rapid River. Miss Therrian is a senior at Rapid River High School and her fiancé is employed by the Michigan Shade Tree Co. A June 27 wedding at St. Charles Borromeo Church at Rapid River is planned. (Lee's Studio)

Los Angeles Girl Goes To School On Stage

DETROIT (AP) — Like most 11-year-olds, every morning Lisa Mordente gets up, makes her own bed, eats breakfast and goes off to school.

That's when Lisa's life becomes different from most other children's.

To Lisa, school is a quiet corner backstage at the Fisher Theatre where she and her mother are appearing as a team for the first time.

Lisa is the little girl who cavorts on the stage during village scenes of the musical "Zorba."

Her mother, Chita Rivera, is known simply as Leader in the musical.

The two teamed up because, as Lisa explained it, "Mommy was away working for seven weeks before 'Zorba' started and she just couldn't leave again without me."

Miss Rivera is happy to have her daughter along on the tour but she doesn't want to rob her of her childhood. "The hardest thing in my kind of situation is to keep an 11-year-old girl 11," she says.

Miss Rivera has set up a schedule for her daughter and this includes daily sessions with a tutor. "If I don't make Lisa follow a routine, she sometimes gets a little lazy and doesn't concentrate on her studies," Miss Rivera says.

Lisa has her "pure white" cat along on the tour. "Her name is Kitten," says Lisa. "We already had another cat and a dog at home when I saw it. I was afraid I wouldn't get to keep it, so I told Mommy it was a present for her."

When not on tour, the mother-daughter team calls Los Angeles home.

Rock

Return Home

Mr. and Mrs. Charles Valeen have returned home after being away for three months. The Valeens started out on a vacation trip to Lake Worth, Fla., but didn't quite make it. They left home Oct. 28 and were injured when their car skidded on the ice on I-75. They were patients at Little Traverse Hospital in Petoskey until they could be moved to Chicago where they stayed with Mrs. Ella Graf, Mrs. Valeen's daughter, and later they visited her son and family, the Ben Halmes in Waukesha, Wis. They are now convalescing at their home in Rock.

Wedding

Elena Lehto and AK3 Raymond Leach were married Dec. 23 in Honolulu, Hawaii. He is stationed at Barbers Point in Hawaii. Parents of the couple are Mr. and Mrs. Orval Lehto and Mr. and Mrs. Fred Leach of Rock.

Discharge

Spec. 4 Dennis Verbrigghe, son of Mr. and Mrs. Henry Verbrigghe received his honorable discharge Jan. 9. He served 14 months duty in Vietnam.

Catholic Guild

The Rock Catholic Guild will meet at the Rock Lions clubhouse Tuesday, Feb. 10 at 8 p. m. to make final plans for the smorgasbord to be held Feb. 22. Serving on the lunch committee are Mrs. Dolly Larson and Mrs. Clara Lindstrom.

4-H Club

The Rock 4-H Club will meet at the Rock Lions clubhouse Wednesday, Feb. 11 at 7 p. m. for the February business meeting. All members are to attend to discuss plans for local 4-H show. The club has sale for cotton rags. Members are to bring old clean shirts, sheets, dresses, and other cotton rags to the meeting.

Mr. and Mrs. Papple and daughters and Darlene Hollingshead of Fond du Lac, Wis. visited here over the weekend with relatives.

MR. AND MRS. FRED THERRIAN of 1409 Dakota Ave., Gladstone, announce the engagement of their niece, Katherine Joy Therrian, to James Spriks, son of Mr. and Mrs. Eldren Spriks of Rapid River. Miss Therrian is a senior at Rapid River High School and her fiancé is employed by the Michigan Shade Tree Co. A June 27 wedding at St. Charles Borromeo Church at Rapid River is planned. (Lee's Studio)

Los Angeles Girl Goes To School On Stage

DETROIT (AP) — Like most 11-year-olds, every morning Lisa Mordente gets up, makes her own bed, eats breakfast and goes off to school.

That's when Lisa's life becomes different from most other children's.

To Lisa, school is a quiet corner backstage at the Fisher Theatre where she and her mother are appearing as a team for the first time.

Lisa is the little girl who cavorts on the stage during village scenes of the musical "Zorba." Her mother, Chita Rivera, is known simply as Leader in the musical.

The two teamed up because, as Lisa explained it, "Mommy was away working for seven weeks before 'Zorba' started and she just couldn't leave again without me."

Miss Rivera is happy to have her daughter along on the tour but she doesn't want to rob her of her childhood. "The hardest thing in my kind of situation is to keep an 11-year-old girl 11," she says.

Miss Rivera has set up a schedule for her daughter and this includes daily sessions with a tutor. "If I don't make Lisa follow a routine, she sometimes gets a little lazy and doesn't concentrate on her studies," Miss Rivera says.

Lisa has her "pure white" cat along on the tour. "Her name is Kitten," says Lisa. "We already had another cat and a dog at home when I saw it. I was afraid I wouldn't get to keep it, so I told Mommy it was a present for her."

When not on tour, the mother-daughter team calls Los Angeles home.

Rock

Return Home

Mr. and Mrs. Charles Valeen have returned home after being away for three months. The Valeens started out on a vacation trip to Lake Worth, Fla., but didn't quite make it. They left home Oct. 28 and were injured when their car skidded on the ice on I-75. They were patients at Little Traverse Hospital in Petoskey until they could be moved to Chicago where they stayed with Mrs. Ella Graf, Mrs. Valeen's daughter, and later they visited her son and family, the Ben Halmes in Waukesha, Wis. They are now convalescing at their home in Rock.

Wedding

Elena Lehto and AK3 Raymond Leach were married Dec. 23 in Honolulu, Hawaii. He is stationed at Barbers Point in Hawaii. Parents of the couple are Mr. and Mrs. Orval Lehto and Mr. and Mrs. Fred Leach of Rock.

Discharge

Spec. 4 Dennis Verbrigghe, son of Mr. and Mrs. Henry Verbrigghe received his honorable discharge Jan. 9. He served 14 months duty in Vietnam.

Catholic Guild

The Rock Catholic Guild will meet at the Rock Lions clubhouse Tuesday, Feb. 10 at 8 p. m. to make final plans for the smorgasbord to be held Feb. 22. Serving on the lunch committee are Mrs. Dolly Larson and Mrs. Clara Lindstrom.

4-H Club

The Rock 4-H Club will meet at the Rock Lions clubhouse Wednesday, Feb. 11 at 7 p. m. for the February business meeting. All members are to attend to discuss plans for local 4-H show. The club has sale for cotton rags. Members are to bring old clean shirts, sheets, dresses, and other cotton rags to the meeting.

Eskymos Record League Victory; Move Into First

KINGSFORD — After trailing by three points at halftime, the Escanaba Eskymos bounced back in the final two periods to defeat the Kingsford Flivvers 75-69 and move into a tie for first place in the Great Northern Conference standings Friday night.

Escanaba's victory, coupled with Holy Name's triumph over

Escanaba still held a three-point advantage, 68-65, but Kingsford lost Nick Phillips and Mike Soderberg on fouls at this point and the Eskymos vaulted into a 73-65 lead.

Bob Thibault, the Escanaba coach, credited some fine free throw shooting by Mike Cousineau and Tom Kangas in the fourth quarter as a big reason for the Eskymos coming out on top in the contest. Cousineau sank five crucial charity tosses in the final frame and Kangas came up with three.

Cousineau and Kangas also paced the Eskymos in the scoring column with 27 and 24 points respectively, while Gene Timmer helped out the winning cause with 10 points, all from the field.

Kingsford's well-balanced attack was led by Soderberg with 17 points, while Phillips and Pete Cattellino each had 16 and Dan Jarvis had 12.

The Eskymos made 27 of 81 field goal attempts in the game compared to Kingsford's 26 field goals in 64 attempts. At the free throw line, the Eskymos canned 23 of 40 shots and Kingsford was 15 of 19.

Escanaba gets back into action next Friday night at home against Iron Mountain before facing two crucial contests the following week against Holy Name and West Iron County. Escanaba closes its season on Feb. 27 in a home game against the Menominee Maroons.

The Escanaba junior varsity recorded a 76-54 victory in the preliminary game.

The box score:

Team	W	L
Noly Name	5	1
Escanaba	5	1
Menominee	5	2
Iron Mountain	2	5
West Iron City	2	5
Kingsford	1	6

Menominee, moved the Eskymos and Crusaders to the top of the standings, each with 5-1 records. In the other conference game last night, West Iron County upended Iron Mountain 58-51.

Escanaba and Kingsford played even in the first quarter, but the Flivvers held a three point margin at halftime. The Eskymos came to life in the third period and took a three-point lead, 56-53.

With 1:25 left in the game,

Grade Cage Play Set At Gladstone

All Saints will play host to the Grade School basketball program Sunday afternoon at the Gladstone High School gymnasium.

The first game at 1 will send Flat Rock against St. Thomas, the game between St. Anne's and St. Pat's will follow at 2:15 and St. Joe's will take on All Saints in the finale at 3:30.

Harry Malmberg will manage the Elmira Royals in the Eastern League this year.

Carney Notches Skyline Victory

Republic, behind Bruce Pant-4's 27 points, kept its title hopes alive Friday night by bumping off Hermansville, 69-48, on the Hawk's home court. Carney snapped a two-game losing streak to down Felch in the other S-C League test, sending the Foresters down to defeat, 72-55.

Coach Bill Koski's Republic club brought its conference mark to 0-3 to stay within range of both Champion and Powers. Powers was idle last night but Champion won its 11th game in league play by thumping Pembine by an 86-46 score.

Felch ran out of gas completely in the second half as they could muster only 12 points in the last eight minutes. Meanwhile, Carney, with John

Perras and Ed Benson finding the range, ripped the cords for 42 second half counters.

The Foresters had the upper hand throughout the first half, walking off at intermission with a 11-point bulge, 53-32.

Carney hit 27 of 77 from the field while Felch tallied 20 of 79 from outcourt.

Perras laced in 29 points for the Wolves who pushed their league mark past the .500 mark, 6-5. The loss was the 11th of the season in conference play for the Foresters. They have only two wins against league foes.

Edberg and Dave Siegler combined for 34 of Felch's total.

Carney's Jayvees went on a scoring spree in the preliminary and walloped Felch's JV unit, 69-19 and Republic made a sweep of its two games, winning the JV contest, 47-40.

The box scores:

Team	W	L
Marquette	7	2
Ishpeming	6	2
Gladstone	5	2
Negaunee	6	4
Newberry	4	5
Munising	4	6
Manistique	2	7
Sault	1	7

when the score was knotted 16 times, starting at 2-2 when Lynn Apelgren and Bob Leanes exchanged baskets and it was all tied up at halftime, 36-36, when Wayne Marshall connected at the buzzer after Bob Schacht had connected with 20 seconds flowing on the clock.

Coach Fred Taccollini switched from a sticky man-to-man defense to a zone defense late in the game and this proved disastrous for the Braves who hit so well in the first half.

The zone kept the Gladstone club outside and took its toll as the visitors connected on only nine baskets in the last two periods after hitting 13 of 40 in the opening frames. A cold third quarter was instrumental in the Braves suffering their second league loss against five wins and pushing them down into third place in the standings behind Marquette (7-2) and Ishpeming (6-2). The Hematites stayed alive with a 57-55 win over Negaunee last night.

Exciting wasn't the word for it in the first half as each club traded baskets for basket. Baskets by Russ Olivier, two free throws by Leanes and a two-point shot by Steve Hampton gave Marquette its biggest lead in the first period, 14-10. A sin-

STEVE KLEIMAN (33) of the Holy Name Crusaders sails in towards the basket for a field goal attempt in Friday night's Great Northern Conference contest against the Menominee Maroons. Kleiman did an outstanding job on the boards for the Crusaders and also threw in 11 points in Holy Name's 53-48 victory. Others in the picture are Menominee's John Beuparlant, falling down, Jeff Pecotte (41) Dan Jacques (23) Jeff Jackl (35) and Holy Name's Bob McGinn (20). (Daily Press Photo)

Marquette Stops Braves, Takes Over League Lead

By BILL CADEAU

MARQUETTE — The Marquette Redmen took over sole possession of first place in the Great Lakes Conference Friday night, but they had their hands full in turning back a determined bunch of Braves from Gladstone, winning 68-61 with a last half rally.

The final score gave little indication of the type game played in the first 16 minutes

gleton by Marshall and two set shots by Apelgren gave the Braves 16 at the buzzer but Leanes and Huffman managed one each to give Marquette a two-points spread after eight minutes, 18-16.

Don Harris knotted the score at 18-18 with two charity tosses, Olivier hit a layup and the two tribes were off and running again. The score was tied at each even number the rest of the way to halftime and the capacity crowd was on the edge of their seats until intermission.

Marquette was running into foul trouble by this time with Olivier and Schacht both picking up three personals. The Redmen converted on a rare four-points play where Leanes hit a basket and Huffman tallied on a one-and-one after being fouled during the hectic session.

Play was ragged on both sides, but Gladstone's poorest showing came after the buzzer sounded to start the second half.

After Apelgren tied the score for the last time at 38-38 with a pair of free throws with 6:22 showing on the clock in the third quarter, the Redmen made their move. Joe Laporte's two pointer put Marquette in the lead for good 44-43 then Huffman hit two free throws and Leanes a jumper before the Braves retaliated. C I f f Young, who was guarded closely by LaPorte and Huffman all night, ripped the netting to break the spell.

Gladstone hit only four buckets in the third period and could add only five in the final frame as they went cold. The skyscraping Redmen, with arms up in the air, kept the Braves at long range the rest of the way.

Leading by three, 50-47, late in the third period, Marquette's Jim Plasecki, a replacement for Olivier, hit a basket and Leanes added a pair of free throws for a seven-point third quarter spread, 54-47.

Huffman, hustling all the way, hit three baskets and Leanes hit one for a 62-52 Redmen lead with 5:37 left in the game. Young hit his first basket of the final quarter with 4:32 showing on the clock then added three more points to cut the margin to 62-57, the closest the Braves came in the final period.

Plasecki kept up his fine work around the boards and hit two free throws to go with counters by Leanes and Huffman in the late stages to give Marquette its seven-point edge at the final buzzer. Marshall and Apelgren hit the final four points for the Braves.

Olivier picked off 20 rebounds although hampered by a bad knee. Young and Murphy played strong games near the boards and hauled down 11 each.

Leanes tallied 23 points and Huffman scored 16 after coming off the bench to lead the Redmen to victory. Young's 18 topped the Braves' scoring for the night. Apelgren managed 16 and Marshall 16 in a balanced attack.

Marquette made it a clean sweep with 72-60 win in the preliminary. Laurich led in scoring for the Redmen with 26, Englund's 22 was the best Gladstone effort.

The box score:

Escanaba Interested In Hockey Franchise

By JIM ZIMA
Green Bay Press-Gazette
Sports Writer

The United States Hockey League, operating with four teams this season, could possibly double in size next season.

The possible additions would be Milwaukee, Escanaba, and Sault Ste. Marie, Mich., and a U. S. National team based in the Minneapolis-St. Paul area.

At this point, nothing is certain however, even to the point whether Green Bay will remain in the League. The Bobcats have been studying the possibility of joining the International Hockey League but have not reached a decision on it yet.

Currently Green Bay, Rochester, Minn., Marquette, Mich., and Sault Ste. Marie, Ontario, Canada, comprise the league.

An Escanaba businessman, George LaFave, has approached USHL members about a franchise but Escanaba does not have an arena in which to play. An arena is planned but sufficient money to build it is not yet available and it appears the arena will not be completed by the start of next season.

"We are trying to set up a winter meeting. We have a lot of ideas but at this point nobody knows anything for sure," Bobcat President Jim VanEssex said.

Pertaining to the Escanaba entry, VanEssex said, "It would be great to have a team in Escanaba but I don't see how we could award a franchise on the hope that they would have a place to play for next season. We would have to wait and see when this arena is completed."

The American Soo (Sault Ste. Marie, Mich.) currently has a team playing in the Northern Ontario Junior League and has the use of Pullar Stadium, which seats 4,000.

Warren Francher heads a Milwaukee group which is studying the possibility of applying for a franchise to play in Milwaukee's new Wilson Park Recreation Center, which has a seating capacity of 2,500. Whether the Nationals remain together and play a regular schedule next season largely depends on how they do in

Crusaders Triumph; Share League Lead

By MIKE UTT

Chants of "All Right, All Right, All Right" echoed through the stands at Holy Name High School Friday night, but as things turned out, "All Right" wasn't exactly the way to describe the play of the Crusaders.

Things couldn't have been better for Coach Gordy LeDuc and Holy Name squad as they picked up their fifth victory in a row and moved into a first place tie in the Great Northern Conference by handing the Menominee Maroons a 53-48 defeat.

After piling up a 29-17 lead at halftime, the Crusaders had to hold back the surging Maroons in the final two periods, and they met the challenge extremely well and came up on the top end of the final score.

After John Beuparlant put the Maroons ahead 2-0 in the early going, Holy Name came back to score seven straight points on two field goals and a free throw by Dan Young and another field goal by Steve Kleiman. The Crusaders never trailed in the game after this and maintained their five point lead at the end of the quarter to take a 14-9 lead into the second period.

Sophomore Bill Skradski found the range in the second period and scored 10 points, all from the field. Holy Name started the quarter off with seven straight points again on three field goals by Skradski and a free throw by Kleiman. Skradski's hot shooting enabled the Crusaders to build their lead to 12 points, 29-17, before heading into the dressing room at halftime.

A free throw by Kleiman and a field goal by Young moved them out to a 15-point advantage in the early moments of the third period, but the Maroons finally found the range and scored eight in a row to cut the margin to seven points. A field goal by Skradski and another by Bob McGinn put Holy Name ahead by 11 again, which led them to a 44-35 advantage going into the final period.

Skradski hit again to start the final frame, but Jeff Pecotte, Bruce VanEyk and Jeff Jackl brought the Maroons to within five points with three straight field goals. Tom Ness came off the bench to hit a field goal for the Crusaders and

Pecotte added a free throw for the Maroons before Skradski came up with what was probably the key play of the quarter.

With Dan Jacques guarding him close, the 5 foot 9 inch soph worked his way around to the right side of the basket and jumped in the air for his favorite shot. Jacques got his hand on the ball, but somehow it found its way through the hoop and Skradski was fouled. He then made the free throw to put Holy Name back out in front by a nine-point margin, 51-42.

From then on it was just a matter of holding on, and although there were some rather tense moments, Holy Name held off a late rally to upend the Maroons for the first time after losing five straight.

Skradski led all scorers in the game with 19 points, as he hit on nine of 17 field goal attempts. Kleiman chipped in with 11 points, but he was most valuable to Holy Name on the boards, where he picked up 15 rebounds.

Pecotte scored 15 points to lead the Menominee attack, while Jacques and Jackl helped

out with 10 points apiece. Rebounds played a big part in the game, with both teams being off approximately the same height in the front court. Harvey pulled down 22 rebounds for the night to go along with Kleiman's 15 as the Crusaders managed to come up with a 52-50 advantage in this department.

Holy Name now has a 10-2 record on the season. They travel to West Iron County next Friday before hitting the big week when they play Escanaba on Feb. 17 at home and travel to Menominee on Feb. 20.

In the preliminary game, the Holy Name junior varsity squad remained unbeaten in conference play with a 71-38 victory over the Menominee JV's. Steve Sharkey paced the Crusaders with 20 points.

Big Bay Retains Unbeaten Record

Big Bay de Noc remained undefeated and took a commanding lead in the Central League race while Berk River tightened its grip on the run-rup spot with victories in league basketball contests Friday night.

In the only other game involving a conference team, the Tremont Comets avenged an earlier defeat to Chassell by scoring an 83-62 victory.

The Black Bears turned in a terrific defensive game and turned back the Eben Eagles by a 79-49 margin. Last week the same two teams had to go into an overtime before Big Bay came out on the top end of a 65-62 decision.

The victory was the 12th straight for Coach Dave Pelletier and his team and gave them a 9-0 mark in league play.

After holding just a 36-30 lead at halftime, the Black Bears erupted for 43 points in the final two quarters while holding Eben to just 18. Kim and Bill Hartman, brothers who play the guard spots for Big Bay, turned in outstanding defensive games and John Lawandowski did a big job on the boards, pulling down 25 rebounds.

Bill Hartman topped all scorers in the game with 34 points on 13 field goals and eight free throws, while Lawandowski and Kim Hartman chipped in with 13 points apiece for the winners.

Alex Freberg led Eben with 24 points and Dale Maki helped out with 13.

Berk River had command all the way in its game against Rock and came up with a 75-58 victory. The Broncos held a 42-27 lead at halftime and managed to outscore their opponents 33-31 in the last two quarters.

Randy Leese led Berk River in the scoring column for the third game in a row with 19 points while Alex Jorasz had

13 and Dan Vesser and Gary Phillips 12 each.

Larry Koski and Tim Connors led with Rock with 13 points apiece and Joe Vandamme tossed in 11.

Tremont got a great game on the boards in their rout over Chassell. The Comets picked off 81 rebounds in the contest, with Dave Marlin getting 28, while Chassell had just 36.

Don Sandstrom paced the Comets in the scoring column with 23 points and Marlin chipped in with 21. Dave Hoy and Herb Harris also hit in double figures with 12 and 11 points respectively.

Chassell got 22 points from Wayne Jakkola and 20 from Darrell Vertanen.

In preliminary games, Eben tripped Big Bay 59-44, Berk River stopped Rock 55-48 and Chassell nipped Tremont 30-24.

Perras and Ed Benson finding the range, ripped the cords for 42 second half counters.

The Foresters had the upper hand throughout the first half, walking off at intermission with a 11-point bulge, 33-22.

Carney hit 27 of 77 from the field while Felch tallied 20 of 79 from outcourt.

Perras laced in 29 points for the Wolves who pushed their league mark past the 500 mark, 6-5. The loss was the 11th of the season in conference play for the Foresters. They have only two wins against league foes.

Ederberg and Dave Siegler combined for 34 of Felch's total.

Carney's Jayvees went on a scoring spree in the preliminary and walloped Felch's JV unit, 69-19 and Republic made a sweep of its two games, winning the JV contest, 47-40.

Exciting wasn't the word for it in the first half as each club traded basket for basket. Baskets by Russ Olivier, two free throws by Leanes and a two-point by Steve Hampton gave Marquette its biggest lead in the first period, 14-10. A sin-

gleton by Marshall and two set shots by Apelgren gave the Braves 16 at the buzzer but Leanes and Huffman managed one each to give Marquette a two-points spread after eight minutes, 18-16.

Don Harris knotted the score at 18-all with two charity tosses, Olivier hit a layup and the two tribes were off and running again. The score was tied at each even number the rest of the way to halftime and the capacity crowd was on the edge of their seats until intermission.

Marquette was running into foul trouble by this time with Olivier and Schacht both picking up three personals. The Redmen converted on a rare four-points play where Leanes hit a basket and Huffman tallied on a one-and-one after being fouled during the hectic session.

Play was ragged on both sides, but Gladstone's poorest showing came after the buzzer sounded to start the second half.

After Apelgren tied the score for the last time at 38-all with a pair of free throws with 6:22 showing on the clock in the third quarter, the Redmen made their move. Joe Laporte's two pointer put Marquette in the lead for good 44-43 then Huffman hit two free throws and Leanes a jumper before the Braves retaliated. Cliff Young, who was guarded closely by LaPorte and Huffman all night, ripped the netting to break the spell.

Gladstone hit only four buckets in the third period and could add only five in the final frame as they went cold. The skyscraping Redmen, with arms up in the air, kept the Braves at long range the rest of the way.

Leading by three, 50-47, late in the third period, Marquette's Jim Piasecki, a replacement for Olivier, hit a basket and Leanes added a pair of free throws for a seven-point third quarter spread, 54-47.

Huffman, hustling all the way, hit three baskets and Leanes hit one for a 62-52 Redmen lead with 5:37 left in the game. Young hit his first basket of the final quarter with 4:32 showing on the clock then added three more points to cut the margin to 62-57, the closest the Braves came in the final period.

Piasecki kept up his fine work around the boards and hit two free throws to go with counters by Leanes and Huffman in the late stages to give Marquette its seven-point edge at the final buzzer. Marshall and Apelgren hit the final four points for the Braves.

Olivier picked off 20 rebounds although hampered by a bad knee. Young and Murphy played strong games near the boards and hauled down 11 each.

Leanes tallied 22 points and Huffman scored 16 after coming off the bench to lead the Redmen to victory. Young's 18 topped the Braves' scoring for the night. Apelgren managed 15 and Marshall 14 in a balanced attack.

STEVE KLEIMAN (33) of the Holy Name Crusaders sails in towards the basket for a field goal attempt in Friday night's Great Northern Conference contest against the Menominee Maroons. Kleiman did an outstanding job on the boards for the Crusaders and also threw in 11 points in Holy Name's 53-48 victory. Others in the picture are Menominee's John Beuparlant, falling down, Jeff Pecotte (41) Dan Jacques (23) Jeff Jackl (35) and Holy Name's Bob McGinn (20). (Daily Press Photo)

Marquette Stops Braves, Takes Over League Lead

By BILL CADEAU

MARQUETTE — The Marquette Redmen took over sole possession of first place in the Great Lakes Conference Friday night, but they had their hands full in turning back a determined bunch of Braves from Gladstone, winning 68-61 with a last half rally.

The final score gave little indication of the type game played in the first 16 minutes

Team	W	L
Marquette	7	2
Ishpeming	6	2
Gladstone	5	2
Negaunee	6	4
Newberry	4	5
Munising	4	6
Manistiquie	2	7
Sault	1	7

when the score was knotted 16 times, starting at 2-2 when Lynn Apelgren and Bob Leanes exchanged baskets and it was all tied up at halftime, 36-36, when Wayne Marshall connected at the buzzer after Bob Schacht had connected with 20 seconds showing on the clock.

Coach Fred Taccolini switched from a sticky man-to-man defense to a zone defense late in the game and this proved disastrous for the Braves who hit so well in the first half.

The zone kept the Gladstone club outside and took its toll as the visitors connected on only nine baskets in the last two periods after hitting 13 of 40 in the opening frames. A cold third quarter was instrumental in the Braves suffering their second league loss against five wins and pushing them into third place in the standings behind Marquette (7-2) and Ishpeming (6-2). The Hematites stayed alive with a 57-55 win over Negaunee last night.

Exciting wasn't the word for it in the first half as each club traded basket for basket. Baskets by Russ Olivier, two free throws by Leanes and a two-point by Steve Hampton gave Marquette its biggest lead in the first period, 14-10. A sin-

gleton by Marshall and two set shots by Apelgren gave the Braves 16 at the buzzer but Leanes and Huffman managed one each to give Marquette a two-points spread after eight minutes, 18-16.

Crusaders Triumph; Share League Lead

By MIKE UTT

Chants of "All Right, All Right, All Right" echoed through the stands at Holy Name High School Friday night, but as things turned out, "All Right" wasn't exactly the way to describe the play of the Crusaders.

Things couldn't have been better for Coach Gordy LeDuc and Holy Name squad as they picked up their fifth victory in a row and moved into a first place tie in the Great Northern Conference by handing the Menominee Maroons a 53-48 defeat.

After piling up a 29-17 lead at halftime, the Crusaders had to hold back the surging Maroons in the final two periods, and they met the challenge extremely well and came up on the top end of the final score.

After John Beuparlant put the Maroons ahead 2-0 in the early going, Holy Name came back to score seven straight points on two field goals and a free throw by Dan Young and another field goal by Steve Kleiman. The Crusaders never trailed in the game after this and maintained their five point lead at the end of the quarter to take a 14-9 lead into the second period.

Sophomore Bill Skradski found the range in the second period and scored 10 points, all from the field. Holy Name started the quarter off with seven straight points again on three field goals by Skradski and a free throw by Kleiman. Skradski's hot shooting enabled the Crusaders to build their lead to 12 points, 29-17, before heading into the dressing room at halftime.

A free throw by Kleiman and a field goal by Young moved them out to a 15-point advantage in the early moments of the third period, but the Maroons finally found the range and scored eight in a row to cut the margin to seven points. A field goal by Skradski and another by Bob McGinn put Holy Name ahead by 11 again, which led them to a 44-35 advantage going into the final period.

Skradski hit again to start the final frame, but Jeff Pecotte, Bruce VanEyk and Jeff Jackl brought the Maroons to within five points with three straight field goals. Tom Ness came off the bench to hit a field goal for the Crusaders and

Pecotte added a free throw for the Maroons before Skradski came up with what was probably the key play of the quarter.

With Dan Jacques guarding him close, the 5 foot 9 inch soph worked his way around to the right side of the basket and jumped in the air for his favorite shot. Jacques got his hand on the ball, but somehow it found its way through the hoop and Skradski was fouled. He then made the free throw to put Holy Name held out in front by a nine-point margin, 51-42.

From then on it was just a matter of holding on, and although there were some rather tense moments, Holy Name held off a late rally to upend the Maroons for the first time after losing five straight.

Skradski led all scorers in the game with 19 points, as he hit on nine of 17 field goal attempts. Kleiman chipped in with 11 points, but he was most valuable to Holy Name on the boards, where he picked up 15 rebounds.

Pecotte scored 15 points to lead the Menominee attack, while Jacques and Jackl helped

out with 10 points apiece.

Rebounds played a big part in the game, with both teams being of approximately the same height in the front court. Harvey pulled down 22 rebounds for the night to go along with Kleiman's 15 as the Crusaders managed to come up with a 52-50 advantage in this department.

Holy Name now has a 10-2 record on the season. They travel to West Iron County next Friday before hitting the big week when they play Escanaba on Feb. 17 at home and travel to Menominee on Feb. 20.

In the preliminary game, the Holy Name junior varsity squad remained unbeaten in conference play with a 71-33 victory over the Menominee JV's. Steve Sharkey paced the Crusaders with 20 points.

The box score:

Big Bay Retains Unbeaten Record

Big Bay de Noc remained undefeated and took a commanding lead in the Central League race while Bark River tightened its grip on the runner-up spot with victories in league basketball contests Friday night.

In the only other game involving a conference team, the Treenary Comets avenged an earlier defeat to Chassell by scoring an 83-62 victory.

The Black Bears turned in a terrific defensive game and turned back the Eben Eagles by a 79-49 margin. Last week the same two teams had to go into an overtime before Big Bay came out on the top end of a 65-62 decision.

The victory was the 12th straight for Coach Dave Peilletier and his team and gave them a 9-0 mark in league play.

After holding just a 36-30 lead at halftime, the Black Bears erupted for 43 points in the final two quarters while holding Eben to just 19. Kim and Bill Hartman, brothers who play the guard spots for Big Bay, turned in outstanding defensive games and John Le-

wandowski did a big job on the boards, pulling down 25 rebounds.

Bill Hartman topped all scorers in the game with 34 points on 13 field goals and eight free throws, while Le-

wandowski and Kim Hartman chipped in with 13 points apiece for the winners.

Alex Freberg led Eben with 24 points and Dale Maki helped out with 13.

Bark River had command all the way in its game against Rock and came up with a 75-58 victory. The Broncos held a 42-27 lead at halftime and managed to outscore their opponents 33-31 in the last two quarters.

Randy Leese led Bark River in the scoring column for the third game in a row with 19 points while Alex Jorasz had

13 and Dan Veaser and Gary Phillips 12 each.

Larry Koski and Tim Connors led with Rock with 12 points apiece and Joe Vandamme tossed in 11.

Treenary got a great game on the boards in their rout over Chassell. The Comets picked off 81 rebounds in the contest, with Dave Marini getting 28, while Chassell had just 36.

Don Sandstrom paced the Comets in the scoring column with 23 points and Marini chipped in with 21. Dave Hoy and Herb Harris also hit in double figures with 12 and 11 points respectively.

Chassell got 22 points from Wayne Jakkola and 20 from Darrell Vertanen.

In preliminary games, Eben tripped Big Bay 59-44, Bark River stopped Rock 55-45 and Chassell nipped Treenary 30-24.

Drake, Penn Keep Strings

By The Associated Press
The days of basketball glory have returned to the University of Pennsylvania.
Just as 50 years ago during the 1920's, another decade of power looms ahead for the Quakers from Philadelphia during the '70s.
The nationally 10th ranked Red and Blue won their 11th straight by whipping Harvard 86-77 Friday night at Cambridge, Mass.
This matched the 11 in a row by Drake which defeated Tulane at New Orleans 98-92. The streaks currently are the third longest winning ones in the collegiate dribble sport.
Top-ranked UCLA has won 16 straight this season with South Carolina's 15 in a row right behind.

Oakland Nips St. Louis 2-1

ST. LOUIS (AP) — Western Division leader St. Louis finally scored but not enough Friday night and bowed to the Oakland Seals 2-1 in a National Hockey League game.
Although it was only the second Seals triumph over St. Louis in three seasons, it lifted them into fourth place in the Western Division over Minnesota, which was idle.
The Blues had skated 166 minutes since last scoring Jan. 31 and averted a shutout only when Frank St. Marseille nicked the Seals net out of a scramble with 4:19 remaining.
Oakland took a 2-0 lead in the first period on two goals by right wing Norm Ferguson at 4:44 and 5:37.
Seals Goaltender Gary Smith stopped 35 shots including four Blues' power plays.
Tonight, Montreal is at Minnesota, Oakland at Toronto, Detroit at Boston, Philadelphia at Chicago and Los Angeles at Pittsburgh.

O'Neil Selected On Hockey Squad

ST. PAUL — MINNEAPOLIS (AP) — An 18-man U.S. National hockey team, including forward Austin O'Neil, 22, of Marquette, was announced Friday for the 1970 World B Group tournament Feb. 24 through March 5 in Bucharest, Romania.
The Nationals will assemble at the Metropolitan Sports Center Feb. 11 to begin final preparations for the tournament. Tuneup games will be played Feb. 12 against the Warroad, Minn., Lakers Feb. 12 at Thief River Falls, Minn., and the University of Minnesota Feb. 17 at Minneapolis.
The team leaves for Europe Feb. 18. Pretournament games are set Feb. 20 and Feb. 21 in Geneva and Zug, Switzerland.

BODY ENGLISH — Larry Ziegler uses body english to try to keep the ball on line after hitting an iron to the seventh green at Indian Wells Country Club during the second round of the Bob Hope Desert Classic Thursday. Ziegler parred the hole, then finished with a 65 to take a three-shot lead. (AP Wirephoto)

Ziegler Remains On Top In Bob Hope Tournament

PALM SPRINGS, Calif. (AP) — Tow-headed Larry Ziegler, continuing to fracture par, led the way into the fourth round of the \$125,000 Bob Hope Desert Classic today and a close struggle shaped up for the finish of the 90-hole tournament Sunday.
Ziegler, whose main claim to fame was his victory and delayed payment in the Michigan Classic last fall, added a four-under-par 68 to previous rounds of 67-65 for a 54 hole total of 200, 16 under par.
Three strokes back was Australian Bruce Devlin, also with a 68 Friday, as he ran his string of nonbogey holes to 52—actually 79, dating back to the Andy Williams-San Diego Open last week—before the streak ended on the 17th hole.
Alone at 206 was former U.S. Open champion Lee Trevino, who had 69. Defending champion Billy Casper with a 67 and Larry Hinson with a 66 were deadlocked at 207.
Arnold Palmer, who said he is having some problems with his putting and chipping, was in a three-way tie at 209.
Trevino said flatly, "Bruce Devlin is the man to beat and the way he's playing I'll have to shoot a 68 or better to catch him."
Ziegler, of course, remains the immediate man to beat. The 30-year-old, four-year tour pro from Terre Du Lac, Mo., came out of a sand trap on the first hole at the difficult Eldorado Country Club, the ball stopping 18 inches from the cup. He got a birdie.
Ziegler was par through 12 holes and on No. 13 hit a wedge 50 feet from the pin, holed the putt and got an eagle three, his second eagle in two days.
Another birdie putt dropped on the 18th as he scored 35-33-68.
Devlin shot 33-35-68, the bogey coming when he three-putted No. 17. He missed a six footer in the process.
Michigan State 118-pound junior wrestler Greg Johnson of Lansing was runnerup for the 114.5 Olympic team free-style berth in 1968.

Red Hot Knicks Bomb Royals; Protest For Robertson Fizzles

By The Associated Press
Cincinnati's sit-in for Oscar Robertson was a bust ... Compared to the one-man demonstration, Earl Monroe staged for Baltimore.
About 20 Cincinnati fans, carrying picket signs to protest the Royals' reported efforts to deal away the ailing Big O, invaded the court Friday night before the start of a National Basketball Association game against New York.
After the floor was cleared by arena guards, the high-flying Knickerbockers blitzed the Robertson-less Royals 35-92 for their 10th victory in the last 11 starts.
At Baltimore, meanwhile, Monroe scored 13 points in the first overtime period—including a tying three-point play with three seconds remaining—and then dropped in five more points in the second extra session as the Bullets outgunned the Detroit Pistons 153-148.
In other NBA action, Philadelphia beat San Diego 129-124, Atlanta downed Chicago 104-98; Boston trimmed Seattle 127-117; Phoenix subdued San Francisco 122-117 and Milwaukee stopped Los Angeles 118-105.
In the American Basketball Association, Indiana nipped Kentucky 102-100; New York shaded Washington 114-110, Dallas defeated New Orleans 133-124 and Los Angeles whipped Denver 117-103.
Six Knicks hit double figures, Dick Barnett leading way with 21 points, as New York handed Cincinnati its worst beating of the season. Robertson, who balked at a recent trade that had him ticketed for Baltimore, sat out the game with a pulled groin muscle.
Monroe capped a 38-point spree by hitting 18 of Baltimore's 32 overtime markers.
The Bullets blew a 119-115 lead in the last half-minute of regulation play before tying it 121-121 on Wes Unseld's short jump shot with one second remaining. The Pistons shot ahead by seven in the first over-

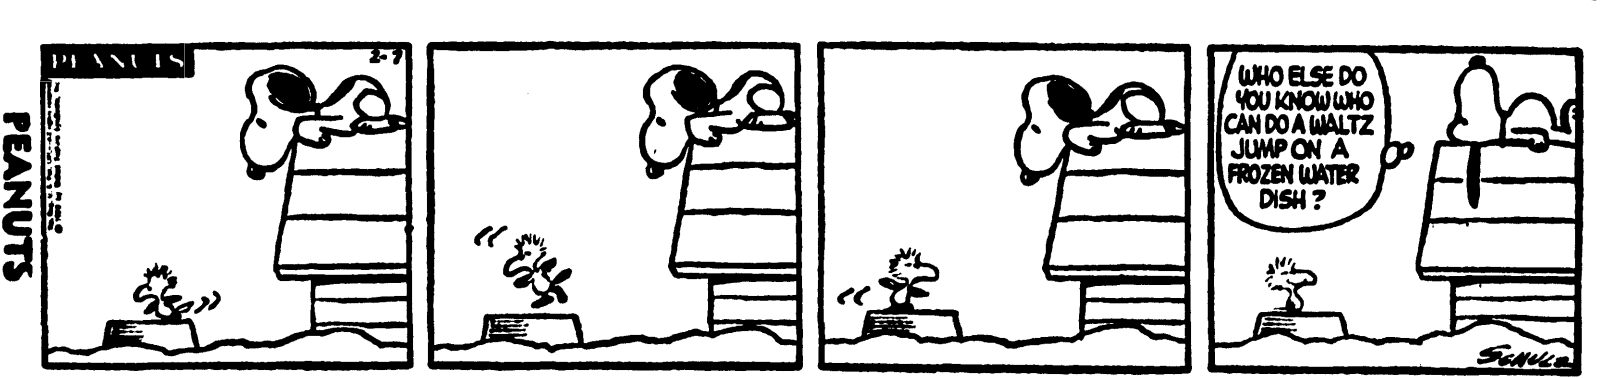

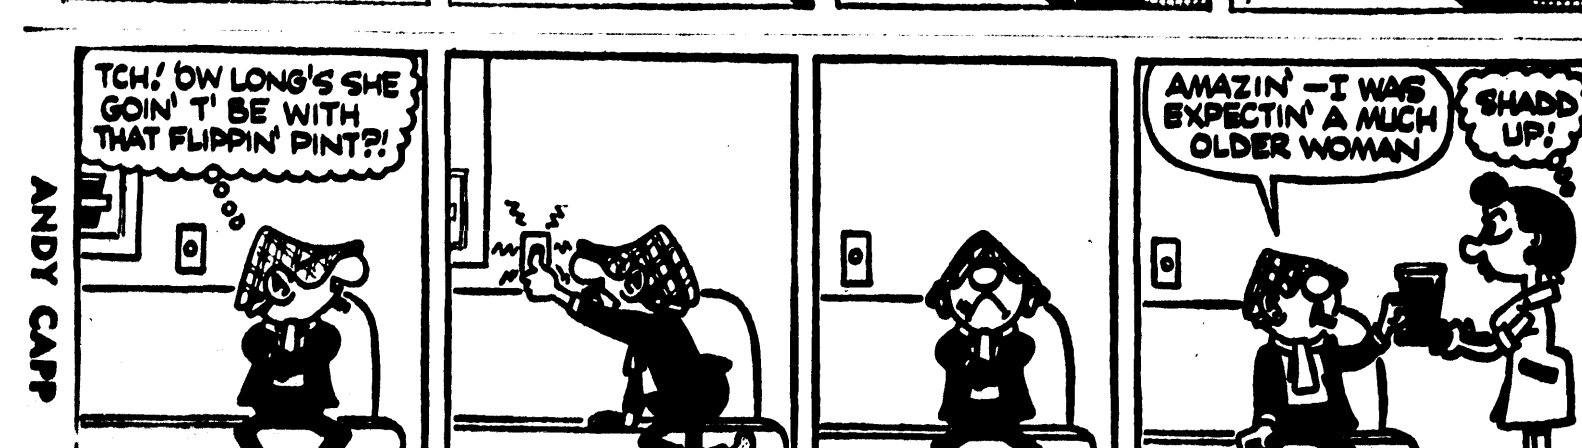

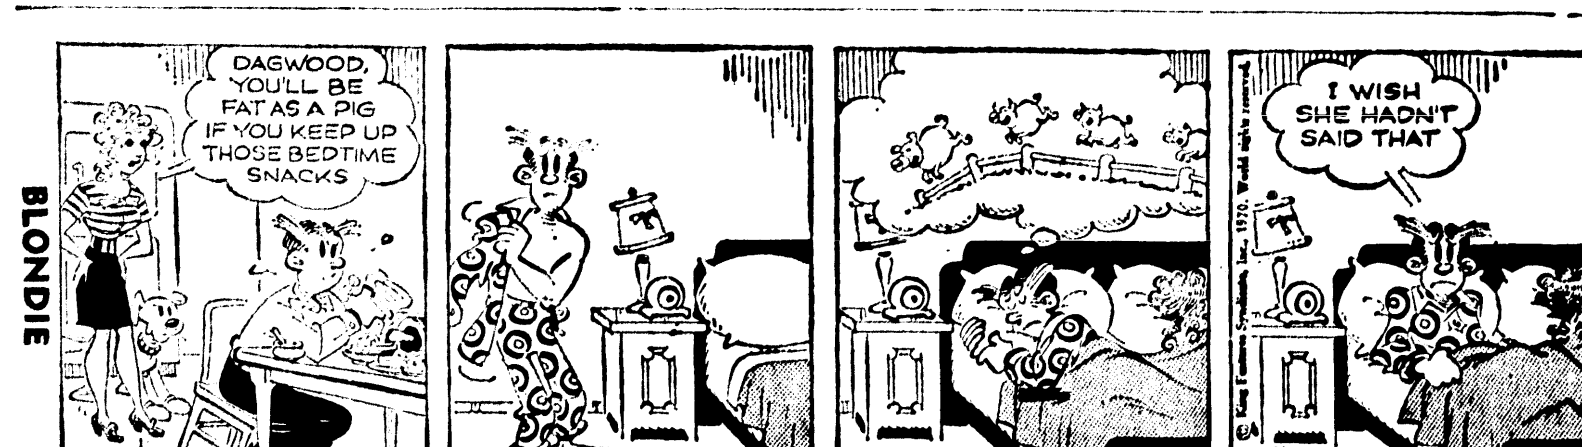

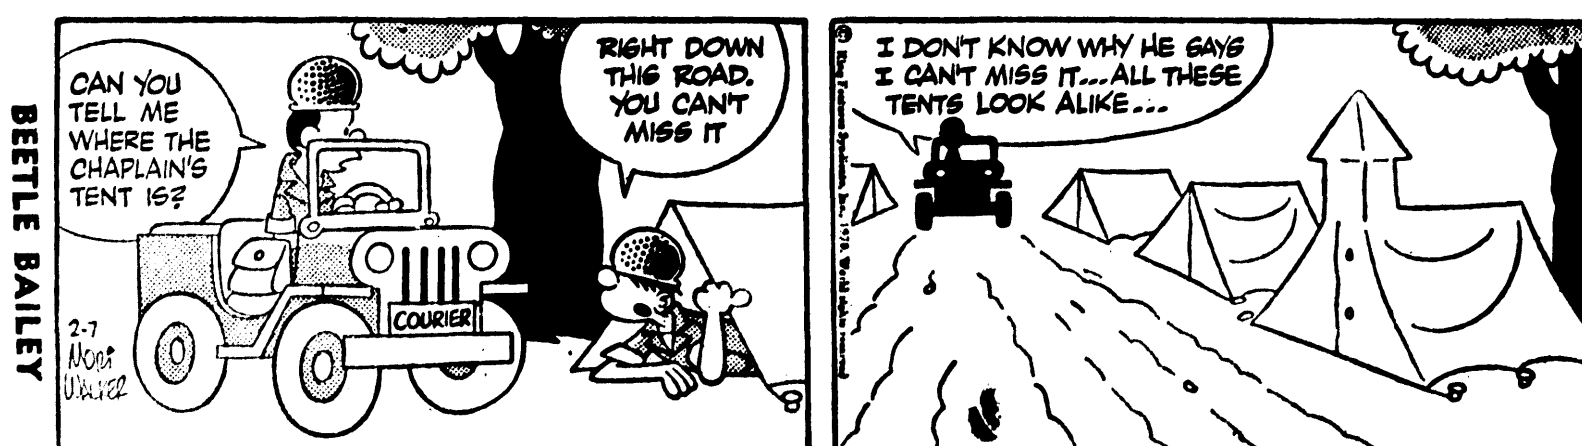

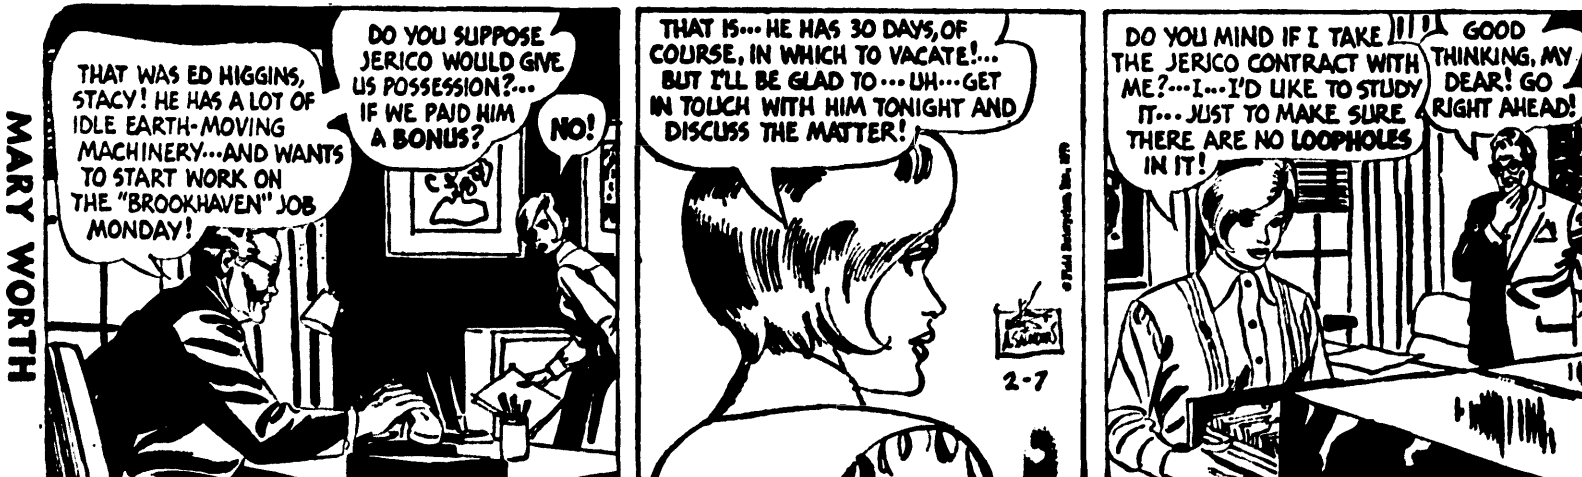

time period, but Earl The Pearl brought the Bullets back, then scored their first two field goals in the deciding second overtime.
Lou Hudson who missed six of seven floor shots in the first half, hit 11 of 14 after intermission for 28 Atlanta points. Walt Bellamy, recently acquired from Detroit, added 20 points and 20 rebounds for the Hawks, who have won three in a row.
John Havlicek popped in eight of his game-high 39 points in a 10-3 last-quarter spurt that carried the Celtics past Seattle, Bob Rule topped the losers with 28 points.
Paul Silas scored 23 points and Connie Hawkins and Dick Van Arsdale hit 20 apiece as the Suns rallied from 10 points down in the third quarter and outlasted San Francisco. Jerry Lucas of the Warriors was high man with 33.
Lew Alcindor and Jon McGlocklin, with 29 and 27 points respectively, led Milwaukee to its 14th triumph in 17 games before a crowd of 17,510—largest ever to see a regular season game in the Los Angeles Forum. Elgin Baylor had 27 for the Lakers, who played without NBA scoring leader Jerry West.
Seven quick points by Archie Clark broke a 103-103 tie and put Philadelphia ahead for good against San Diego. Bill Cunningham finished high for the 76ers with 32 points. Jim Barrett's 33 topped Melvin Hayes' 29 for the losers.

Huskies Upend Spartan Icers

By The Associated Press
Michigan Tech flattened Michigan State University 8-1 in Western Collegiate Hockey Association action Friday night.
Michigan lost 6-5 to Minnesota-Duluth in an overtime.
Herb Boxer and Al McLeod had two goals each for Tech. McLeod's pair came as Tech exploded with a three-goal deluge in only 58 seconds. Michigan State's Frank DeMarco spoiled Tech goalie Gordon McRae's second shutout in a row by scoring late in the third period. This win puts Tech in second place with a 6-4-2 WCHA record and bumps MSU down into third with a 7-4-0 conference record.
Murray Keogan hit the nets with a wrist shot at 5:39 of the overtime as Minnesota-Duluth tipped Michigan 6-5 in another WCHA game.
Michigan, down 5-2 after the second period, had tied the game 5-5 on Merle Falk's scramble shot goal with just more than a minute to play in regulation.
Keogan led Duluth with two goals. The Bulldogs, 8-6-1 in WCHA play, outshot the Wolverines 19-3 in the second period. The Wolverines, 7-8, didn't get a shot on goal in the middle period until 12 minutes had elapsed.
In a nonconference game, Lake Superior State College edged St. Lawrence 4-3. The only player to score twice was Bill Wilkenson of St. Lawrence, who netted two.
Tiger Pitcher Denny McLain tied for the American League lead in sacrifice hits in 1969. He and Paul Blair of the Orioles had 13 each.

Liquori Posts Victory Again

NEW YORK (AP) — Marty Liquori's unbeaten streak is growing, and with it the pressure. But the Villanova speedster shows no sign of cracking.
The same can't be said about meet records however.
Friday night Liquori, an Olympian from Cedar Grove, N.J., won the 1,000-yards event at the annual Knights of Columbus track meet and shattered the meet mark with a clocking of 2 minutes, 7.6 seconds.
The victory, Liquori's seventh straight at Madison Square Garden, earned the 20-year-old youngster the top performer award and made him the target of the press.
"The pressure is building," Liquori admitted. "I know about the streak and feel it but I like to run in New York. Tonight I didn't even run. I let up in the last half lap. I wasn't worried, though."
Liquori, the defending champ, maintained second place in the race behind William & Mary's Juris Luzins until the stretch run. He then won going away by five yards, catching and passing Luzins with about 40 yards remaining.
Liquori, considered America's top miller, switched to the 1,000 after winning the mile at the Wanamaker-Millrose games here last week. He also took all five races he entered in New York last year.
Two other Wildcats also won. Larry James, the swift, smooth-striding Olympian, easily defending the 500-yard run in 57.4 seconds and teammate Andy O'Reilly, hanging on to take the 880-yard run in 1:32.9, edging Peter Scott of the Boston A.A.
With Olympic champion hurdler Willie Davenport a late scratch with a leg injury, Leon Coleman snatched the 60-yard high hurdles event, nipping defender Erv Hall of the Philadelphia Pioneers at the tape in 7.1 seconds, tying the meet record.
"Davenport is good," Coleman of the Southern California Striders said. "But I'm better."
Lee Evans, the Olympic 400-meter champion from San Jose, Calif., was also forced out with a case of bronchitis leaving the 600-yard race to Martin McGrady. The Washington, D.C., schoolteacher didn't disappoint the crowd of 10,174, winning his specialty in 1:11.0. It was the 22nd victory in 24 starts at the 600 distance for the world record holder.
The 60-yard dash went to John Carlos in 6.3 seconds, the ninth straight success for the Olympian, a recent draft choice of the football Philadelphia Eagles.
Another winner was Tom Von Ruden of the Pacific Coast Club, with a 4:02.4 triumph in the mile run, dethroning defending champion, Frank Murphy. Murphy of the New York A.C., was second in 4:02.6.
Other winners were Art Du-long of Holy Cross, the two-mile in 8:42.8; Bob Sprung of Tennessee, the pole vault with a vault of 16 feet; and Eric Howard of Morgan State, who took the high jump with a leap of 6 feet, 10 inches.

Drake, Penn Keep Strings

By The Associated Press

The days of basketball glory have returned to the University of Pennsylvania.

Just as 50 years ago during the 1920's, another decade of power looms ahead for the Quakers from Philadelphia during the '70s.

The nationally 10th ranked Red and Blue won their 11th straight by whipping Harvard 86-77 Friday night at Cambridge, Mass.

This matched the 11 in a row by Drake which defeated Tulane at New Orleans 98-92. The streaks currently are the third longest winning ones in the collegiate dribble sport.

Top-ranked UCLA has won 16 straight this season with South Carolina's 15 in a row right behind.

Oakland Nips St. Louis 2-1

ST. LOUIS (AP) — Western Division leader St. Louis finally scored but not enough Friday night and bowed to the Oakland Seals 2-1 in a National Hockey League game.

Although it was only the second Seals triumph over St. Louis in three seasons, it lifted them into fourth place in the Western Division over Minnesota, which was idle.

The Blues had skated 166 minutes since last scoring Jan. 31 and averted a shutout only when Frank St. Marseille nicked the Seals net from out of a scramble with 4:19 remaining.

Oakland took a 2-0 lead in the first period on two goals by right wing Norm Ferguson at 4:44 and 5:37.

Seals goalie Gary Smith stopped 35 shots including four Blues' power plays.

Tonight, Montreal is at Minnesota, Oakland at Toronto, Detroit at Boston, Philadelphia at Chicago and Los Angeles at Pittsburgh.

HOT DOGS BLANKED

DENVER (AP)—During an American Football League game some pranksters climbed up behind the scoreboard and changed the words, "San Diego," to read "Hot Dogs." The scoreboard operator was unaware of it and the words stayed in place for several minutes. The San Diego Chargers were far from hot that day, losing to the Denver Broncos 13-0.

HOT DOGS BLANKED

DENVER (AP)—During an American Football League game some pranksters climbed up behind the scoreboard and changed the words, "San Diego," to read "Hot Dogs." The scoreboard operator was unaware of it and the words stayed in place for several minutes. The San Diego Chargers were far from hot that day, losing to the Denver Broncos 13-0.

BODY ENGLISH — Larry Ziegler uses body english to try to keep the ball on line after hitting an iron to the seventh green at Indian Wells Country Club during the second round of the Bob Hope Desert Classic Thursday. Ziegler parred the hole, then finished with a 65 to take a three-shot lead. (AP Wirephoto)

Ziegler Remains On Top In Bob Hope Tournament

PALM SPRINGS, Calif. (AP) — Tow-headed Larry Ziegler, continuing to fracture par, led the way into the fourth round of the \$125,000 Bob Hope Desert Classic today and a close struggle shaped up for the finish of the 90-hole tournament Sunday.

Ziegler, whose main claim to fame was his victory and delayed payment in the Michigan Classic last fall, added a four-under-par 68 to previous rounds of 67-65 for a 54 hole total of 200, 16 under par.

Three strokes back was Australian Bruce Devlin, also with a 68 Friday, as he ran his string of nonbogey holes to 52—actually 79, dating back to the Andy Williams-San Diego Open last week—before the streak ended on the 17th hole.

Alone at 206 was former U.S. Open champion Lee Trevino, who had 69. Defending champion Billy Casper with a 67 and Larry Hinson with a 66 were deadlocked at 207.

Arnold Palmer, who said he is having some problems with his putting and chipping, was in a three-way tie at 209.

Trevino said flatly, "Bruce Devlin is the man to beat and the way he's playing I'll have to shoot a 68 or better to catch him."

Ziegler, of course, remains the immediate man to beat. The 30-year-old, four-year tour pro from Terre Du Lac, Mo., came out of a sand trap on the first

Red Hot Knicks Bomb Royals; Protest For Robertson Fizzles

By The Associated Press

Cincinnati's sit-in for Oscar Robertson was a bust . . . Compared to the one-man demonstration Earl Monroe staged for Baltimore.

About 20 Cincinnati fans, carrying picket signs to protest the Royals' reported efforts to deal away the ailing Big O, invaded the court Friday night before the start of a National Basketball Association game against New York.

After the floor was cleared by arena guards, the high-flying Knickerbockers blitzed the Robertson-less Royals 35-92 for their 10th victory in the last 11 starts.

At Baltimore, meanwhile, Monroe scored 13 points in the first overtime period—including a tying three-point play with three seconds remaining—and then dropped in five more points in the second extra session as the Bullets outgunned the Detroit Pistons 153-148.

In other NBA action, Philadelphia beat San Diego 129-124, Atlanta downed Chicago 104-93; Boston trimmed Seattle 127-117; Phoenix subdued San Francisco 122-117 and Milwaukee stopped Los Angeles 118-105.

In the American Basketball Association, Indiana nipped Kentucky 102-100; New York shaded Washington 114-110, Dallas defeated New Orleans 133-124 and Los Angeles whipped Denver 117-103.

Six Knicks hit double figures. Dick Barnett leading way with 21 points, as New York handed Cincinnati its worst beating of the season. Robertson, who balked at a recent trade that had him ticketed for Baltimore, sat out the game with a pulled groin muscle.

Monroe capped a 39-point spree by hitting 18 of Baltimore's 32 overtime markers.

The Bullets blew a 119-115 lead in the last half-minute of regulation play before tying it 121-121 on Wes Unseld's short jump shot with one second remaining. The Pistons shot ahead by seven in the first over-

Huskies Upend Spartan Icers

By The Associated Press

Michigan Tech flattened Michigan State University 8-1 in Western Collegiate Hockey Association action Friday night.

Michigan lost 6-5 to Minnesota-Duluth in an overtime.

Herb Boxer and Al McLeod had two goals each for Tech. McLeod's pair came as Tech exploded with a three-goal deluge in only 58 seconds. Michigan State's Frank DeMarco spoiled Tech goalie Gordon McRae's second shutout in a row by scoring late in the third period. This win puts Tech in second place with a 6-4-2 WCHA record and bumps MSU down into third with a 7-6-0 conference record.

Murray Keogan hit the nets with a wrist shot at 5:39 of the overtime as Minnesota-Duluth tipped Michigan 6-5 in another WCHA game.

Michigan, down 5-2 after the second period, had tied the game 5-5 on Merle Falk's scramble shot goal with just more than a minute to play in regulation.

Keogan led Duluth with two goals. The Bulldogs, 8-4-1 in WCHA play, outshot the Wolverines 19-3 in the second period. The Wolverines, 7-8, didn't get a shot on goal in the middle period until 12 minutes had elapsed.

In a nonconference game, Lake Superior State College edged St. Lawrence 4-3. The only player to score twice was Bill Wilkenson of St. Lawrence, who netted two.

Tiger Pitcher Denny McLain tied for the American League lead in sacrifice hits in 1969. He and Paul Blair of the Orioles had 13 each.

time period, but Earl The Pearl brought the Bullets back, then scored their first two field goals in the deciding second overtime.

Lou Hudson who missed six of seven floor shots in the first half, hit 11 of 14 after intermission for 28 Atlanta points. Walt Bellamy, recently acquired from Detroit, added 20 points and 20 rebounds for the Hawks, who have won three in a row.

John Havlicek popped in eight of his game-high 39 points in a 10-3 last-quarter spurt that carried the Celtics past Seattle. Bob Rule topped the losers with 28 points.

Paul Silas scored 23 points and Connie Hawkins and Dick Van Arsdale hit 20 apiece as the Suns rallied from 10 points down

Liquori Posts Victory Again

NEW YORK (AP) — Marty Liquori's unbeaten streak is growing, and with it the pressure. But the Villanova speedster shows no sign of cracking.

The same can't be said about meet records however.

Friday night Liquori, an Olympian from Cedar Grove, N.J., won the 1,000-yards event at the annual Knights of Columbus track meet and shattered the meet mark with a clocking of 2 minutes, 7.6 seconds.

The victory, Liquori's seventh straight at Madison Square Garden, earned the 20-year-old youngster the top performer award and made him the target of the press.

"The pressure is building," Liquori admitted. "I know about the streak and feel it but I like to run in New York. Tonight I didn't even run. I let up in the last half lap. I wasn't worried, though."

Liquori, the defending champ, maintained second place in the race behind William & Mary's Juris Luzins until the stretch run. He then won going away by five yards, catching and passing Luzins with about 40 yards remaining.

Liquori, considered America's top miler, switched to the 1,000 after winning the mile at the Wanamaker-Millrose games here last week. He also took all five races he entered in New York last year.

Two other Wildcats also won. Larry James, the swift, smooth-striding Olympian, easily defending the 500-yard run in 57.4 seconds and teammate

Andy O'Reilly, hanging on to take the 880-yard run in 1:52.9, edging Peter Scott of the Boston A.A.

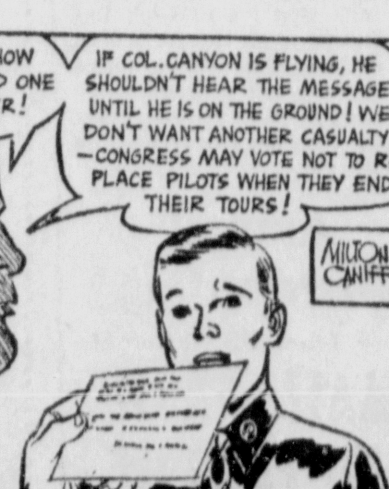

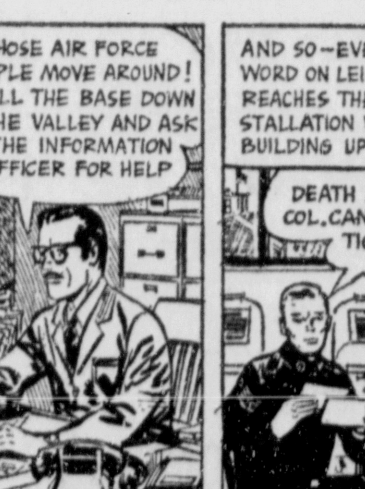

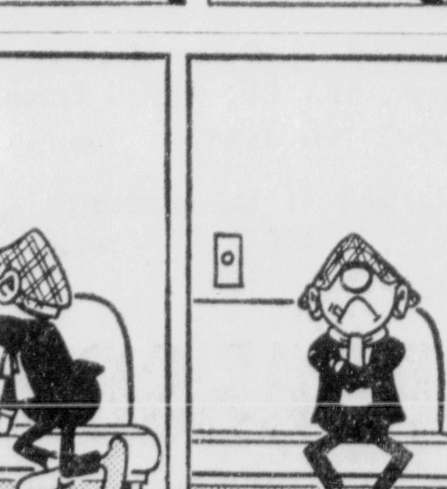

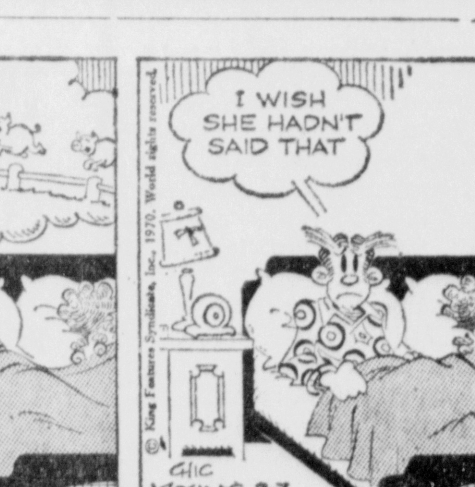

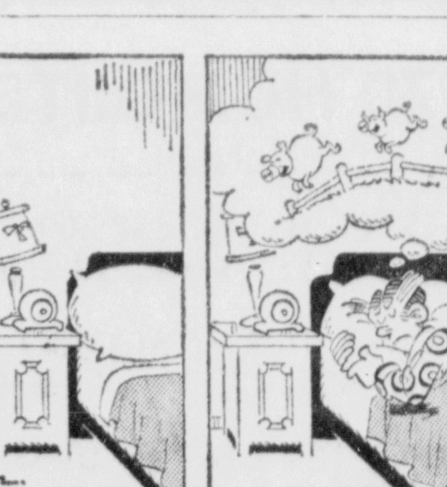

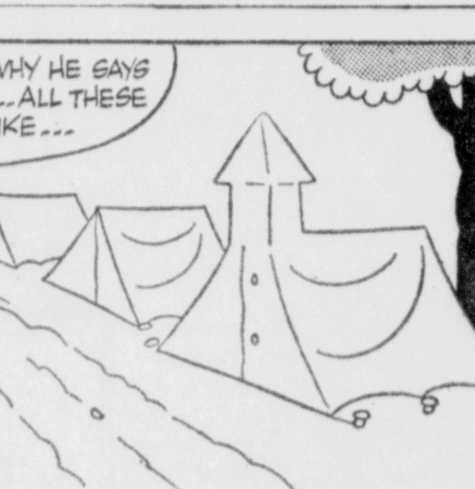

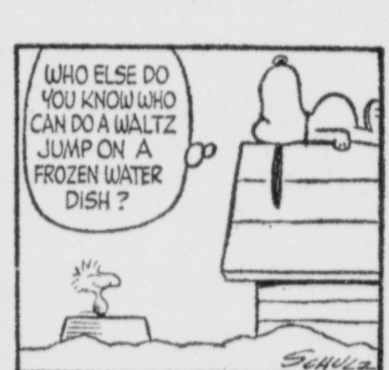

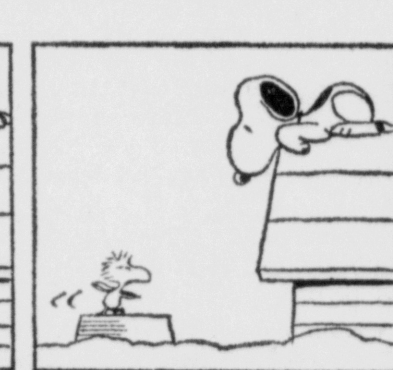

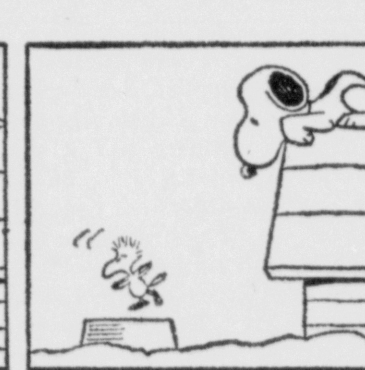

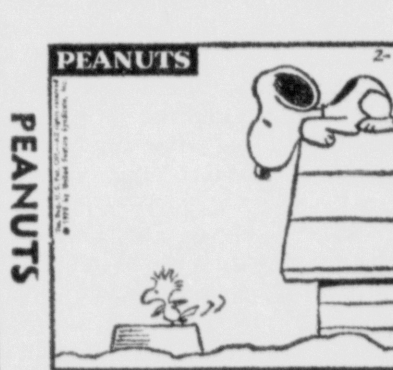

With Olympic champion hurdler Willie Davenport a late scratch with a leg injury, Leon Coleman snatched the 60-yard high hurdles event, nipping defender Erv Hall of the Philadelphia Eagles at the tape in 7.1 seconds, tying the meet record.

"Davenport is good," Coleman of the Southern California Striders said. "But I'm better." Lee Evans, the Olympic 400-meter champion from San Jose, Calif., was also forced out with a case of bronchitis leaving the 600-yard race to Martin McGrady. The Washington, D.C., schoolteacher didn't disappoint the crowd of 10,174, winning his specialty in 1:11.0. It was the 22nd victory in 24 starts at the 600 distance for the world record holder.

The 60-yard dash went to John Carlos in 6.3 seconds, the ninth straight success for the Olympian, a recent draft choice of the football Philadelphia Eagles.

Another winner was Tom Von Ruden of the Pacific Coast Club, with a 4:02.4 triumph in the mile run, dethroning defending champion, Frank Murphy, Murphy of the New York A.C., was second in 4:02.6.

Other winners were Art Dulong of Holy Cross, the two-mile in 8:42.8; Bob Sprung of Tennessee, the pole vault with a vault of 16 feet; and Eric Howard of Morgan State, who took the high jump with a leap of 6 feet, 10 inches.

Unemployment Up Last Month

WASHINGTON (AP) — The nation's unemployment rate took its largest one-month jump in nearly a decade last month, climbing to 3.9 per cent of the country's labor force. Other economic signs continued to reflect a slowing economy under the Nixon administration's anti-inflation policies.

The increase over December from 3.5 per cent to 3.9 per cent, the Labor Department said today, was the biggest since December 1960, when the rate climbed by half a point to 6.6 per cent and the 3.9 per cent rate was the highest since November 1967.

Not only did the jobless rate jump to 3.9 per cent with a total of 3.4 million unemployed workers, the Labor Department said Friday, but the average work week dropped and overtime for manufacturing workers fell to its lowest level in two and a half years.

The department said the total unemployment increase for January over December was even greater than the usual December-January change. In all, unemployment was up 325,000 over the month, with most of the increase accounted for by teenagers and adult men.

The 3.9 per cent increase was four-tenths of one per cent above the seasonally adjusted December rate of 3.5 and slightly above the revised September-October level of 3.8 per cent.

The department said jobless rates for most major groups of the labor force rose significantly over the month, although total employment declined less than usual.

Republicans Get Word From Aide On Young People

EAST LANSING (AP)—Michigan Republicans would be "foolish" to think they can win the 1970 elections without the help of young people, says State Party Chairman William McLaughlin.

McLaughlin made the comment in a speech prepared for delivery to some 400 delegates at the party's "Discovery 70" program at Michigan State University.

The program was a kick-off for GOP youth activities for the 1970 campaign year.

"The political control of the state for this decade rests on the outcome," McLaughlin said. "And we are foolish if we believe that we can win these elections without the involvement of young people within our party."

He called on the young Republicans and teen-age Republicans to offer "avenues of approach to young people who have no interest in the existing structures of political organization."

Party leadership wants to know what the young people feel and what they want," McLaughlin said.

U.S. Rests Case In Dow Co. Trial

WASHINGTON (AP) — The government rested its burglary and property-destruction case against nine men and women this week after presenting evidence to show all were present in the Washington office of the Dow Chemical Corp. last March 22.

The abrupt cutting off of prosecution testimony came after the federal prosecutor and attorneys for the antiwar protesters stipulated that the damage caused during the well-photographed and reported incident caused damage in excess of \$200.

U.S. District Judge John Pratt assured the defendants that each would have a chance to justify his or her reasons for taking part in the raid on the local offices of the big chemical concern.

Youth Jailed For Mutilating Flag

GAYLORD (AP) — A judge sentenced Joseph Von Varner, 17, of Gaylord, to 25 days in jail and \$100 in fines and costs recently for mutilating an American flag.

The youth pleaded guilty to the charge about a month ago. Authorities said the flag was fastened to the seat of an automobile. He was sentenced by Otsego County District Judge Daniel Walsch.

Board Meeting

LANSING (AP) — The State Board of Education reports it will hold its February meeting next Tuesday and Wednesday at Flint. The board will meet at the Michigan School for the Deaf. Other board meetings scheduled for locations other than Lansing will be held April 14-15 in Grand Rapids, June 9-10 in Midland and Aug. 11-12 in either Traverse City or Sault Ste. Marie.

MANISTIQUE

'Town Meeting' Set For Tuesday

The second Upper Peninsula Town Meeting of the Air will be held Tuesday, beginning at 7:15 p.m., with local participants gathering at the Lakeside School.

"Economic Development is everybody's business" is the theme of the second session. This was the first priority in the view of those taking part in the first Town Meeting on Dec. 9.

Local town meeting groups will hear experts on the subject of economic development from the U.P., other areas in Michigan and the Midwest through

Three Drivers Given Tickets

Three motorists were ticketed as a result of minor traffic accidents in the city, public safety officers report.

Mrs. Martha M. Flusek, Rte. 1, was ticketed for failure to yield right-of-way after her vehicle struck a car driven by Cathy Ann Englehart, 126 S. Mackinac Ave., at 11:45 Friday morning at the Range St. Arbutus Ave. intersection.

James O. Howland, 64, 177 River St., was cited for failure to stop in assured clear distance after his car struck another vehicle driven by Roland A. "Henry" Fountain, 25, 128 E. Elk St., at 1:30 Thursday afternoon at the E. Elk-River Sts. intersection.

James Vaughan, 66, Rte. 1, was ticketed for failure to have his vehicle under control after he struck an auto driven by David R. Johnson, 17, 123 S. Third St., at the Deer-Mackinac Sts. intersection at 11:30 Thursday morning.

James Colegrove, 61, 141 S. Mackinac Ave., reported to State Police that his car was damaged while parked off the Lake Superior Railroad grade in Hiawatha Township, near M-94, sometime between 10 a.m. and 2 p.m. Wednesday. Damage was to the right rear of the vehicle.

Church Events

Zion Lutheran Church
Installation of church council members will be held Sunday during the 10:30 a. m. worship service. To be installed are Carl Anderson, Carl E. Carlson, C. Richard Larson, James Malloch and Edward Mathson.

An organization meeting of the council will be held Tuesday, Feb. 10 at 7:30 p. m. in Room A-5, Augustana Hall.

★ ★ ★

St. Martin Circle
Mrs. Todd Binder entertained the Circle at her home in Pearl St. Thursday night with Mrs. Conrad Jahn assisting hostess.

Following a business meeting, cards were played with awards going to Mrs. Mae Barker, bridge; Mrs. Peter Berger, cribbage; Mrs. Thomas Smith, canasta; Mrs. George Mero, special award.

Mrs. Pete Berger will entertain the circle March 5 at her home on Walnut St. with Mrs. Roy LaMarche assisting hostess.

★ ★ ★

Bishop Baraga Circle
Mrs. Fred Hinkson hosted the Circle recently at her home on Houghton Ave. with Mrs. William Pistulka, Mrs. Jack Roemer and Mrs. Ronald Patrick assisting hostesses.

Mrs. George Wood, president of St. Anne's Altar Society, was a guest of the circle.

Tickets for a March 3 Pancake Supper, to be held at the Parish Center, were distributed. The membership decided to continue a sale of all-occasion greeting cards which are available from Mrs. Frances Thomas.

Next meeting will be held March 2 at the home of Mrs. Franklyn Creeden, Indian River Rd., with Mrs. Donald Berce and Mrs. Seb Rubick assisting hostesses.

Events

Senior Citizens Club
Mrs. Mayme Schubring will be in charge of the program when the Senior Citizens Club meets Tuesday at 7:30 p.m. at the K of C Hall, River St. A good attendance is urged and new members are welcome to attend.

★ ★ ★
Job's Daughters, Bethel 69
A regular meeting will be held Tuesday at 7 p.m. in the Masonic Temple.

Briefly Told

Meatballs in sauce, whipped potatoes, cheese slices, fruit and beverage is the hot lunch menu Monday at the Manistique Area Schools.

facilities of WNMR-TV Ch. 3, Marquette. A plan of action incorporating some of the suggestions will be devised with individual discussion groups determining the best local approach.

Jean Worth, retired editor of the Escanaba Daily Press, will moderate the television discussion.

Those attending the group discussion or watching the program at home may call the Marquette station to ask questions, give information or make statements. Following the first portion of the television program, in which factual information on economic development will be given, a panel of area specialists will react to what has been presented, and answer phoned-in questions from the general public.

The Town Meetings are sponsored by the U. P. Council of College Field Services and have received special assistance from Cooperative Extension Service, Michigan State University, Upper Peninsula Community Action Programs, Community Schools, Operation Action-UP, and area communications media. In addition, a number of economic development organizations and business and industry groups have assisted this effort, including the Schoolcraft County and City Planning Commissions, the County Board of Commissioners and the Manistique Area Chamber of Commerce.

The television portion of the program is being carried out by WNMR-TV through a special grant from the Corporation for Public Broadcasting.

Richard Bonifas and Howard Handorf are co-chairmen of local arrangements for the Town Meetings.

Obituary

SYLVESTER F. SABLACK
Msgr. F. M. Scheringer officiated at complete funeral services for Sylvester F. Sablack which were held at the St. Francis de Sales Church at 10 a. m. Friday.

Mr. Sablack died Feb. 3 in Marquette. He was 58 years old and made his home at 123 N. First St.

Active pallbearers were Donald Anderson, Michael Farley, William Berger, James Redeker, Henry Weber and Herbert Asp. Honorary pallbearers, all members of Knights of Columbus Council 2026, were Ernest Derwin Sr., Dr. Milton Ketick, Charles Redeker, Pat Schneider, Pete Berger and Seb Rubick.

Burial will take place in the Fairview Cemetery in the spring under the direction of the Messier-Brouillere Funeral Home.

NORMAN LOSEY
Funeral services will be held Wednesday at 2 p.m. from the Messier - Brouillere Funeral Home for Norman Losey, 51, who died Thursday night at Hackley Hospital in Muskegon. Visitation will begin Tuesday afternoon at 4 o'clock.

Mr. Losey, a former Germfask resident, lived at 3044 Henry St. in Muskegon. He moved to that area in 1945. He was born June 26, 1918 in Germfask and served with the Army Construction Corps during World War II.

He was a member of the Bethlehem Lutheran Church, Muskegon Hts., and of the Eagle's Club.

Survivors include his wife, the former Elsie M. Gould whom he married April 28, 1962 in Muskegon; his mother, Mrs. Gladys Losey, Flint; three stepsons, Bert R. Gould, Len A. Gould and Harvey L. Gould, all of Fruitport; one stepdaughter, Mrs. Ruby Gilroy, Lansing; Mrs. Ray McCarrick, Garden City; Mrs. William Hollingshed, McMillan; two brothers, Everett Losey of Germfask and Fred Losey of Flint. Ten grandchildren also survive.

Services are scheduled for 10 a.m. Monday in Muskegon from the L.B. Lee Funeral Home after which the body will be sent to the Messier-Brouillere Funeral Home.

Burial will be in the Germfask Cemetery in the spring.

Hospital

Admitted to Schoolcraft Memorial Hospital Thursday were Mabel Patz, Florence Nault, Thomas Fleming, Penny Miller, Lucille Houghton, Ellen Rosebush, Leo Dean, Ronald Rosie, Wanda Snyder and Karla MacPhail.

Discharged were Phyllis Buruse, Robert Deshetler, Gladys Scott, Lena Wilcox, Leo Willour, Carolyn Winter and baby, Willard - McCarney, Ricky Smith, Orville Joslin and Penny Miller.

In Memoriam

Kolich

In memory of our dear husband, father and brother, Nick Kolich, who passed away two years ago, February 8, 1968. He did not have a last farewell. He said goodbye to none. His loving heart had ceased to beat before we knew it, he was gone. Everyday we sadly miss him. Deeply we feel our loss. Lonely we are without him. Help us, God, to bear our cross. Sadly Missed by the Family of Nick Kolich

St. John

In loving memory of Patrick J. St. John who passed away February 8, 1965.

Five years ago, God took home my treasure. My loss has been something one cannot measure. Entered a world near St. Patrick and St. Joseph's days, Left on St. John the Confessor, after a short stay. "Carol" told that little boy who was born to another. Though from the beginning meant for me to mother. You were the greatest gift I have ever received. Adoption is as wonderful as birth. Let none be deceived. Remember when you went to play horse in the field? You were punished yet felt you should not yield. Or when you wandered away, got stuck in the snow or anger. For those times of sorrow or anger, for your baby kiss. If only once more I could hear the words "Hi Mom". And I would be able to answer "How are you Chum". Time heals all wounds is what they say. There's an empty spot in my heart anyway. My gift of love lent me for a few years. God will someday re-unite us and dry my tears.

Still Missing you Boy, Your Mother Mrs. Agnes G. St. John

Eyes New Angle On Fluoridation

LOS ANGELES (AP) — One of the early advocates of water fluoridation as a tooth decay preventative says proponents of the idea are changing their strategy in efforts to get more communities to fluoridate their water supplies.

"We are working on key political figures rather than relying on broad public education programs," Dr. John W. Knutson told an interviewer Friday.

Knutson, who later addressed a meeting of the Western Dental Society, said proponents in the past have relied on scientific validity of fluoridation to convince others, but "it is clear that this is a political issue, not a scientific one."

Every Man a Philosopher

Everybody holds some view about life and its meaning. What ever confronts us in our daily round is the substance out of which we weave our "philosophy of life."

But merely to have an isolated thought or an opinion does not help us find a foundation on which to base our entire lives. We need encouragement and guidance.

The message of the Church has been, through the ages, concerned primarily with the deeper meaning of life. It lends wisdom to those who are striving to relate themselves to the total pattern and purpose of human existence. It helps us maintain a reasonable stability amid the flux of human endeavor and events. It helps us relate the totality of all that has been, is now and ever shall be.

Let the Church help you weave these golden threads into the finished fabric of life.

Red Execution Of Families In Vietnam Noted

NEW YORK (AP) — A captured Communist document says local Red leaders executed entire families in the same province in which U.S. troops allegedly massacred civilians at My Lai, the New York Daily News said in its Monday editions.

The News said in a Saigon dispatch by correspondent Joseph Fried that the Communist command's secret directive ordered a halt to a reign of terror by the local leaders in Quang Ngai Province because it was costing popular support.

The News quoted the document as saying the leaders had falsely accused some of their opponents of subversive activities. "Then the hamlet unit secretly arrested and executed those people without trial or requesting authority from higher headquarters. The killing of 12-year-old children, their parents and relatives, occurred in some areas."

My Lai Death Trial Started

FT. BENNING, Ga. (AP) — The chief legal officer for this infantry center testified today that information leading to murder charges against Lt. William L. Calley Jr. came from higher headquarters in Washington.

Col. Robert M. Lathrop told a pretrial hearing on defense motions that a sworn statement pertaining to the case was forwarded to him by the Army inspector general's office.

However, Lathrop said he never received any instructions in preparing charges against Calley.

Calley, 26, is charged with murdering 102 Vietnamese civilians at My Lai March 16, 1968.

Lathrop was called as a witness on a defense motion which alleges that command influence was brought to bear in the decision to try Calley on the charges.

Lathrop said he discussed the case with the Judge Advocate General's office in Washington and was told "do nothing until you hear from us." He added that he later was told the case was "all yours."

"I went to the office of the Judge Advocate General in Washington for assistance in drafting specifications, and those specifications were sent to the student brigade in the event they saw fit to press charges," Lathrop testified.

Calley was assigned to the student brigade at Ft. Benning at the time.

Lathrop said he received a telephone call from a Col. William Chilcoat of the Judge Advocate General's office and that Chilcoat said, "Do nothing until you hear from us." He said this was in late August or early September 1969.

"On the 4th of September, I received a call from Col. Chilcoat stating 'It's all yours,'" Lathrop continued.

Lathrop said he passed that information on to Col. Lon C. Marlow, Calley's commanding officer at the time and now retired.

Calley was charged the day before his scheduled release from the Army Sept. 5, 1969.

Lathrop contends the Army has no jurisdiction over the Miami, Fla. native because he is being held on active duty past his release date.

U.P. Snowmobiler Killed On M-28

By The Associated Press
A Detroit man died Sunday when the car he was driving collided with a bus bringing the Philadelphia Flyers hockey team into Detroit.

Police identified the victim as Charles Otto Hoffman, 48.

Authorities said Hoffman's car first struck a highway construction barrier on I-94 in Detroit and careened across the east-bound lanes to the curb lane where it was struck by the bus. No passengers aboard the bus were injured, according to a team spokesman.

Among eight other weekend traffic fatalities was Elmer Schultz, 56, Bergland, who was killed when his snowmobile struck a parked car on old M-38 in Matchwood Township of Ontonagon County Saturday.

GOVERNORS FROM four southern states met in Mobile, Ala., Sunday to discuss the school desegregation crisis. From left, Governors Maddox of Georgia, John Bell Williams of Mississippi, Albert Brewer of Alabama and John McKeithen of Louisiana. Man behind Brewer is unidentified. (AP Wirephoto)

Desegregation Fight On:

Dixie Senators Pushing 'Freedom Of Choice' Plan

WASHINGTON (AP) — The Senate turned today to consideration of southern proposals for student-parent freedom of choice in the selection of schools, including one plan Sen. John Stennis says is written along the lines of a New York state law.

Stennis, a Mississippi Democrat, says if such a plan can stand in New York, then Congress can permit no more than the rest of the nation.

Although Democratic Leader Mike Mansfield of Montana said he hopes the Senate can complete work on the \$35 billion education bill by Tuesday, Stennis said he anticipated considerable

discussion on the freedom of choice amendment and other proposals offered by Dixie senators.

Thus it is uncertain whether the bill extending major school aid programs for four years can be passed before the traditional Lincoln Day recess gets underway at the close of business Tuesday. The lawmakers' holiday period ends next Monday.

Meanwhile, governors of Alabama, Georgia, Mississippi and Louisiana announced after a meeting Sunday in Mobile, Ala., they plan to meet soon with their congressional delegations.

The governors seek unified action to meet what they term "chaotic conditions" facing their schools because the courts have rebuffed efforts to block immediate desegregation through busing.

The Stennis amendment provides that, unless the local school board agrees, "no student shall be assigned or com-

pelled to attend any school on account of race, creed, color, or national origin, or for the purpose of achieving equality in attendance, at any school, of persons of one or more particular races, creeds, colors or national origins."

The Supreme Court has held that freedom of choice can be allowed only if it is the best way to achieve an end to dual school systems.

Tet Cease-Fire Ends; Battle On

SAIGON (AP) — South Vietnamese spokesmen said today that U.S. and government forces have killed at least 117 North Vietnamese and captured six in a four-day battle still going on in the western Mekong Delta's Plain of Reeds.

The battle in the savanna land—dry at this time of year—was the only sustained major fighting reported during the Viet Cong's four-day Tet cease-fire which ended at 7 a.m. today—8 p.m. EST Sunday.

The fighting began when an American helicopter was fired on Friday. Government mercenaries led by U.S. Special Forces made a helicopter assault into the area, about eight miles southwest of Moc Hoa and 60 miles west of Saigon, and touched off a succession of running fights.

Field reports said about 10 government troops had been killed and a dozen wounded. The mercenaries and their Green Beret officers are being supported by American helicopter gunships and fighter-bombers.

Weather

Escanaba and vicinity: Partly cloudy today and tonight, high today in upper 20s. Low tonight in upper teens. Tuesday cloudy with chance of snow and turning colder by evening. Wednesday's outlook—colder with snow flurries. Sun sets today at 6:06 p.m. and rises Tuesday at 7:59 a.m. Low overnight was 11 above, high Sunday was 32.

Pentagon Rules Out Threat Of Recession

Slowing Down Of Inflation Spiral Noted

WASHINGTON (AP) — Paul W. McCracken, chairman of President Nixon's Council of Economic Advisers, says the administration probably will act to ease the tight monetary policies established to cool down the economy.

"Clearly, a continuation through 1970 of the rather restrictive policies that we had in 1969 would not be consistent with the outlook that we indicated" in the President's economic report, McCracken said Sunday.

McCracken joined other government economists over the weekend in declaring the administration has succeeded in slowing down the inflation spiral and, with the proper safeguards, without serious threat of a recession.

Treasury Secretary David M. Kennedy, along with McCracken and Budget Director Robert P. Mayo and Federal Reserve Board Chairman Arthur F. Burns, indicated the economy will continue to coast down for the next few months.

Leveling Off Seen
"Then," Kennedy said, "we will level out sometime this year to a more sustainable rate and then there will be an increase in activity on a more sustainable basis."

Kennedy, McCracken and Mayo appeared on NBC's Sunday interview program "Meet the Press."

McCracken didn't say it, but to carry out monetary policy changes will require the cooperation of the independent Federal Reserve Board and Burns.

Operates Own Credit
The Fed, as the board is called, operates on its own to control credit in the nation and therefore the flow of money in the economy, affected only by the President through suggestions and public appeals.

Burns, who served as a top Nixon adviser before being appointed as Fed chairman, indicated to Congress Saturday he may not agree entirely with McCracken's assessment of the need for less restrictive monetary controls.

Tight Spending Rein
Tight rein on government spending and adherence to the current program of monetary restraint are among the most important factors in fighting inflation, he said.

Increased productivity, he said, is the way to a restored economy not a general increase in the money supply. That "could lead to a disastrous inflation," Burns told the House Banking and Currency Committee.

Burns also said the slowdown in business and employment is not a recession, but a "readjustment" which will continue in the next few months with a decline in housing and jobs.

"But I think it is a healthy thing and I think it will lay the foundation for stable growth in the future," he said.

ALEKSANDER V. Tikhomirov, a Soviet employee of the United Nations, was arrested in Seattle, Wash., Saturday and charged with espionage. The Justice Department announced the arrest. (AP Wirephoto)

Quick Pullout Of Troops Aim Of Democrats

WASHINGTON (AP) — The Democratic Policy Council was summoned into session today to act on a series of broad domestic and foreign policy statements including a call for total U.S. withdrawal from Vietnam within 18 months.

Rep. Jack Brooks, D-Tex., saying he did not want to undermine President Nixon's efforts to settle the war, suggested in advance of the meeting the 66-member council delete any specific time limit from the proposal drafted by a subcommittee headed by Averell Harriman.

Meanwhile, antiwar factions on the council were considering a bid to strengthen the Harriman statement.

The all-day council meeting came a day after congressional Democrats presented a nationally televised view of the state of the nation, an equal-time reply to Nixon's State of the Union message.

The Democratic version focused on a troubled citizenry and the issues of this congressional election year. It consisted of interviews and discussions between congressional Democrats and citizens in Washington, Los Angeles, Houston and Detroit.

Today's Chuckle

A child is growing up when he stops asking where he came from and starts refusing to tell where he's going.

High Medicare Costs Under Investigation; Stable Fees Proposed

WASHINGTON (AP) — Congress will face great pressure to turn medicare and medicaid into some form of national health insurance unless the rapid increase in medical costs is halted, a Senate staff report says.

In a report released Sunday after a year of work, the Finance Committee staff recommends establishing maximum fees for doctors under the two big government programs as one way of slowing health expenses.

Charges Rising
"The charges for adequate nongovernment health insurance are rising to levels beyond the financial capacity of millions of hardworking Americans," the report said.

If these are not slowed, the staff said, "Congress may reasonably anticipate increased pressures upon it to extend the medicare and medicaid programs to encompass large segments of the population not now covered"—in other words, some kind of national health insurance.

The committee has not endorsed the report specifically. However, it was praised by Chairman Russell B. Long, D-La., and Sen. John J. Williams of Delaware, senior Republican member.

Congress May Act

Both said they were confident at least some of the recommendations would be adopted by Congress this year.

The staff proposals included suggestions for reducing charges by physicians, hospitals and nursing homes, and for instituting far more effective controls by the Health, Education and Welfare Department.

The staff said medicare, which covers all persons over 65, now costs \$8.3 billion a year. Medicaid, designed to aid those on welfare and other poor persons, costs \$5.5 billion yearly.

Both exceed original estimates, the report said.

Abuses Noted
Many overpayments and other types of abuses on the part of doctors were found, the staff said.

It said maximum doctors' fees could be based on revenue obtainable from present monthly payments of \$4 each by subscribers to medicare part B and by the government.

The Nixon administration has said these will be raised to \$5.30 effective July 1.

The staff plan would keep the \$4 rate and eliminate the \$50 a year deductible which each subscriber must now pay.

Question Skirted

The report skirts the touchy question of how many doctors might join such a plan. Now each physician can set his own fee but he is supposed to be

reimbursed only on the basis of a reasonable charge.

The report charged insurance firms have not followed the intent of Congress that they pay doctors no more than they would pay for their own subscribers.

Other Criticisms
Other criticisms included: The government and the insurance companies do not have the procedures to check on physicians who might be abusing the programs.

Nursing homes have been classified as skilled care facilities even though they are below standard.

Blue Cross, the major intermediary under the Medicare hospital program, has poor administrative capacity in too many local areas.

There have been "serious and costly deficiencies in the operation, administration and supervision" of medicaid by HEW.

Cairo Meeting In Bomb Range

By The Associated Press
Israeli jets struck on two sides of Cairo Sunday as Egyptian President Gamal Abdel Nasser held a little summit meeting of Israel's chief foes. The Israelis claimed two Egyptian MIGs shot down; the Egyptians claimed one Israeli Phantom, and each denied the other's claim.

The Israeli planes attacked an army camp at Inshas, 12 miles northeast of the Egyptian capital, and hit another camp near Helwan, 15 miles south of Cairo.

Just before the Sunday morning meeting of Arab leaders at Nasser's Zahraa palace in suburban Heliopolis, air raid sirens wailed, windows were rattled by an unexplained blast, and residents heard the thud of anti-aircraft guns firing at the Israeli raiders.

Egyptian Foreign Minister Mahmoud Riad said Sunday night that the leaders of Egypt, Jordan, Syria, Iraq and Sudan—the nations manning the front lines against Israel—had agreed on recommendations submitted to them, their foreign and defense ministers. The leaders were to hold a final discussion today and then issue a communique.

Egyptian fighters engaged the Israeli planes as they attacked the two army camps. Israeli spokesmen said the two MIGs were hit by cannon fire at "medium altitude," and that one exploded in the air and the other crashed in flames. They said one of the Egyptian pilots bailed out.

BANK ROBBER Lawrence Eddington, leader of an eight-man prison break from the Federal House of Detention in New York City, is helped by three guards who are returning him to prison. Seriously injured in a fall from a building during the escape, Eddington was discovered hiding in a truck near the prison. Guard, in foreground, carries bedsheet rope used in the escape. (AP Wirephoto)

'Cancer Eye' Beef Under Probe

WASHINGTON (AP) — Americans during the last fiscal year ate millions of pounds of beef from cattle that had "cancer eye" or similar tumorous disorders, Agriculture Department records show.

Nearly 103,000 cattle carcasses checked by federal inspectors were held in meat plants until tumorous parts were whittled out. The remainder of the meat was put on the market, according to the statistics.

But the department says the cattle situation differs from chicken processing in which the government requires any bird with a tumorous part be entirely destroyed and not passed on to the consumer.

Rump Not Affected
One distinction, say federal authorities, is that leukosis or chicken cancer virus may be spread throughout the bird while a localized tumor on a cow's head has no relation to the roast on her rump.

Red meat animals such as cattle, hogs and sheep are so anatomically different, say Agriculture Department experts, that comparisons with poultry are limited except on aesthetic grounds.

But last week Dr. Jesse L. Steinfeld, U.S. surgeon general, told the Agriculture Department, a ban on diseased poultry should continue "predominantly on aesthetic" grounds and because scientists do not have all the answers.

103,000 Cows Held Back
Of the 103,000 cows temporarily held back in fiscal 1969, 168 carcasses had carcinoma—involving tumors which may appear anywhere in the body—and 102,000 having epithelioma, a tumorous condition of the eye.

The total represented a fraction of more than 3.3 million cattle carcasses detained briefly in meat plants while parts were cut out because of other diseases and injuries ranging from

adhesions to tuberculosis.

In all, the 1968-69 report shows, more than 10 per cent of the 30.1 million cattle carcasses approved by federal inspectors underwent some postmortem whittling for removal of offending parts.

Cutting Helps

Dr. Joseph S. Stein, head of slaughter inspection for the department, said cutting away an infected part from a red meat animal is no worse than a housewife removing a spot from an apple and using the rest of it for a pie.

The surgeon general said leukosis and tumors associated with leukosis viruses in chickens "are in fact indicators of widespread systemic disease" in the rest of the bird.

Therein lies another significant difference between poultry and red meat animals, Stein told a reporter.

There is no tumorous disease of cattle which is known to be even associated at this present stage of the game with a virus affecting humans, Stein said.

The only possibility, he said, is malignant lymphoma, which in cattle may be "somewhat similar" to human leukemia and the leukosis in chickens.

But when this disease is detected, Stein said, the entire carcass is condemned as human food. There were 4,831 such rejections last year.

Carcass Condemned

Moreover, he said, if cancer eye is found to have spread to the animal's lymph system—sort of a filter apparatus—the entire carcass also is condemned.

Stein said 60 years of experience has shown these methods to be a satisfactory, safe and acceptable procedure and that new federal meat regulations expected to be adopted soon will continue the practice.

Search For Body:

Boy, 6, Dies In Icy River

A six-year-old Bark River boy drowned Sunday afternoon when he fell through thin ice in the Escanaba River in Baldwin Township about three miles north of Cornell.

The victim was identified as David Swift, son of Mr. and Mrs. Thomas Swift of Bark River. The Swifts have two other children.

Lenten Laws Remain Same

Lenten laws of fast and abstinence remain the same as last year for Roman Catholics.

Ash Wednesday, Feb. 11, and Good Friday, March 27 are days of fast and total abstinence, The Most Rev. Bishop Charles A. Salatzka of the Diocese of Marquette, has informed the clergy and laymen of the diocese.

"We also encourage observance of the traditional abstinence for the Fridays of Lent," the Bishop said. No longer bound by the fast and abstinence rules which spanned the 40 days (plus Sundays) of Lent, Catholics can "discover those ways of penance that will most effectively bring about a personal renewal in our way of life," he said.

If abstinence is not possible on all the Fridays of Lent, "we are obliged to do some form of penance, just as we are obliged to do penance on all Fridays of the year," the Bishop added.

The fast — one full meal in the day, the other two meals combined to be no larger than a second ordinary meal, and nothing between meals — obliges those between 21 and 59. Abstinence (no meat) obliges anyone 14 or older.

In pre-Vatican I days, Catholics abstained from meat on all Fridays, plus other designated days, particularly in Lent. Fasting was expected of all adults through Lent.

Vincent O'Neill Dies Sunday In Grand Rapids

Vincent O'Neill, 72, husband of the former Ruth Mueller died Sunday in Grand Rapids. He had served as a member of the Michigan State Liquor Control Commission since his appointment by former Gov. G. Mennen Williams several years ago.

He is survived by a daughter, Mrs. Harry (Ruth) Tierney, Jr. of Grand Rapids, with whom he had made his home; six grandchildren; a sister-in-law, Dorothy Mueller of Indian Lake and a brother-in-law, William of Manistique.

Funeral services will be conducted Wednesday at the Roan Funeral Home in Grand Rapids.

Doctor O.K.'s This Hemorrhoid Treatment For N.J. Couple's Son

Wharton, N.J. Mr. and Mrs. O. M. Jeffers report: "Our son suffered from hemorrhoids. I asked the doctor about Preparation H and he gave us the O.K. Our son is now fine, thanks to Preparation H!"

(Note: Doctors have proved in most cases — Preparation H actually shrinks inflamed hemorrhoids. In case after case, the sufferer finds relief from pain, burning and itching. Then swelling is gently reduced. There's no other formula for the treatment of hemorrhoids like doctor-tested Preparation H. It also lubricates to make bowel movements most comfortable, soothes irritated tissues and helps prevent further infection. In statement or suppository form.)

ADV.

According to State Police, David was playing with his 8-year-old brother, Brian, on the partially frozen river when David slipped through thin ice into the fast current.

Troopers said David and his brother went out on the ice to watch some snowmobilers that were racing up and down the frozen stretch of stream.

The boys were visiting a cabin with their parents when the incident happened, police said. The mishap occurred about 4:30 p.m. Sunday just below where Hunters Brook enters the Escanaba.

State Police, conservation officers and sheriff's deputies worked late last night and again today but so far have failed in their attempts to recover the body.

Authorities were chopping holes in ice on the river this morning to check the current in an effort to centralize the search.

State Police skin divers and volunteers from Escanaba were expected to join the search this afternoon.

Men were using snowmobiles to reach the scene.

Tours Planned At Power Plant

Tours of the Escanaba electric generating station have been scheduled from 1 to 4 p. m. Saturday as part of the observance of National Electric Week by the Upper Peninsula Power Co.

U. P. Power operates the generating station for the City of Escanaba which owns it.

Russell F. Hoyer of Houghton, chairman of the board and president of U. P. Power, said tours also are planned during the same hours Saturday at the John H. Warden station at L'Anse.

National Electrical Week honors the birthday of Thomas A. Edison, who was born Feb. 11, 1847. Edison invented the first practical light bulb in 1879.

"A welcome is extended to the public to come and help UPSCO celebrate Edison's birthday and to see how electricity is manufactured," Hoyer said of the open houses.

Marquette To Host Upper Peninsula Legion Convention

MARQUETTE — The Richard M. Jopling Post 44, Marquette, will host the 50th annual Upper Peninsula American Legion Convention June 18-19-20-21.

The convention corporation has been formed and committee chairmen appointed.

Dignitaries expected to attend the convention include State Commander F. Gerrit (Gary) Veldman and National Commander J. Milton Patrick and staff.

Anyone desiring to contact any of the corporation committee chairmen should address correspondence to: American Legion Convention Corporation, P.O. Box 576, Marquette, Mich., 49855.

Charge Motorist As Drunk Driver

Robert W. Dabney, 22, of 1225 Lake Shore Drive, was arrested by Escanaba police at 2:50 a.m. today and charged with driving while under the influence of intoxicants.

Police reported they observed Dabney driving in an erratic manner in the 900 to 1800 block, Washington Ave. He was lodged in the Delta County jail for his appearance in District Court.

MRS. JEAN DORMAN, instructor at elementary school in Atlanta, Ga., uses a sign on her car to tell how she feels about the teacher-transfer lottery. Her number was among those chosen in the lottery to determine which teachers would be shifted to achieve a court-ordered racial balance. The transfers are effective March 5. (AP wirephoto)

Leo Mercier Dies Sunday

Leo Joseph Mercier, 74, of Garden died at 12:30 p. m. Sunday at the Schoolcraft Memorial Hospital. He was born Aug. 5, 1896 in Garden and had spent most of his life there.

He was engaged in farming and was a member of St. John the Baptist Church and was a former supervisor for Fairbanks Township.

He is survived by six sisters, Sister Mary Mercier of Rhineland, Wis., Mrs. Arthur (Emma) Fountain Sr. and Mrs. Joseph (Anna) Gardipee of Manistique, Mrs. Adele Peterson of Escanaba, Mrs. Howard (Leona) Caron of Detroit and Miss Lucille Mercier of Garden; two brothers, George of Detroit and Roland of Garden.

Friends may call at the Messier-Broulliere Funeral Home in Garden after 5 p. m. Wednesday and the Rosary will be recited at 8:30 p. m. Complete funeral services will be conducted at 10 a. m. Thursday at St. John the Baptist Church with the Rev. Joseph Callari officiating. Burial will be in the New Garden Cemetery.

Education Outlet On Hospital Life To Televis Film

MARQUETTE—NET Journal probes the raw interior of medical life on "Hospital," a 90-minute documentary, at 8:30 p. m. today on Northern Michigan University's WNMR-TV.

Filed at Metropolitan Hospital in New York City, the program was produced and directed by Frederick Wiseman, 1969 Emmy winner for PBL's "Law and Order" series.

There are no interviews and no narration in the program. Rather, through the camera's eye, the cumulative impact of daily experience within a municipal hospital is conveyed.

At 7:30 p. m. Tuesday, the "Second U. P. Town Meeting of the Air" will be broadcast. The theme of this program is "Economic Development is Everybody's Business." Program chairman is Dr. David Meneghel, assistant professor of speech at Northern. The discussion leader is Dr. James Rasmussen, NMU assistant professor of speech, while Jean Worth of Escanaba will act as commentator.

At 9 p. m. Tuesday, the magic of the ballet world comes alive as the National Ballet of Canada performs "Cinderella."

Some of television's best loved characters return this February when "Kukla, Fran and Ollie" join NET.

The venerable trio, consisting of Fran Allison and her two best puppet friends, will be joined by all the Kuklapolitans for five new half-hour programs. They will be telecast weekly, beginning at 7:30 p. m. Thursday.

LOVE THAT DRUGGIST
PADUCAH, Ky. (AP) — A sign on the side of a drugstore here now has a running mate. Beside the original sign "Hugg the Druggist" hangs another that reads: "Embrace the Pharmacist."

Airport Authority?

No Need Unless County Comes In

There is no necessity to establish an airport authority unless the Delta County Board of Supervisors decides it wants to join with the City of Escanaba in such a proposal.

This information was supplied to City Manager George Harvey by City Attorney Robert E. LeMire. The manager had requested an opinion on the subject after informal discussions between the City Council and the Supervisors.

City Attorney LeMire, cites and quotes the Michigan statute as follows:

"Any of two or more counties, cities, incorporated villages and townships, or any combination thereof, by resolution of their respective bodies, approved by a majority vote of the qualified electors having property assessed for taxes, voting thereon, may join to form an Airport Authority."

Continuing, the city attorney advised the city manager:

• "In event that the County would like to join with the City of Escanaba, it may do so by forming an Airport Authority."

• "The City Council and the Board of Supervisors would each have to adopt the appropriate resolution and then it would have to be put up to a vote of the qualified electors."

• "After such an authority is formed, you can assess .3 of a mill tax for the operation of the airport."

The city attorney concluded "that under the present set-up (municipal ownership), no Airport Authority is necessary unless the County is willing to assume the responsibility of operating the airport."

Prior to and at the informal meetings of the councilmen and the supervisors there were questions regarding the city's operation of its airport. Supervisors expressed concern that DC-9 jet planes have flown over because of the poor condition of the runway.

The fiscal budget for airport operation is reported by the city at \$43,653.

The County Board has approved an appropriation of \$15,000 to assist in operating expenses. The county makes no appropriation for capital improvement.

E. L. Anderson Former Resident Dies On Friday

Edward L. Anderson, 68, of E. Dyer Road, Tawas City died Friday at his home. He was born Dec. 25, 1901 and had been a fisherman in the Escanaba and Tawas areas.

He is survived by his widow, Alice; two sons, Clyde E. of Escanaba, Wallace of Clio and five grandchildren. Two sisters also survive.

Funeral services are being held today at the Community Church in Tawas with the Rev. Philip Anderson officiating.

WOMEN OFTEN HAVE BLADDER IRRITATION

Common Kidney or Bladder Irritations affect twice as many women as men, often causing tenderness and nervousness from frequent, burning, itching urination. Secondly, you may lose sleep and have headaches, backaches and feet odor, tired, depressed. In such cases, CYSTEX usually brings relaxing comfort by curbing germs in acid urine, and easing pain. Get CYSTEX at drugstores today.

Make That Right

When you deal daily with the printed word, with your livelihood hanging on the proper order of letters, figures and punctuation marks, you live in constant fear of the typographical error. To the newspaper man the typo is like a sprained thumb to a card dealer. It could have a serious bearing on his ability to make a living. Typos are like ice on a plane's wing to a pilot. They can kill a newspaper story... dead. A typo is like a hole in your rowboat. It can sink you.

No newspaper is immune from the devilish typographical error and no subject is safe from incredible distortion by a misplaced vowel. Imagine the consternation of the reporter for the Steubenville, Ohio, Herald-Star when he read his meeting report in the paper: "Least, but not last on the program was Mrs. George Sharpe."

Or how about the society editor of the Marion Press in lower Michigan who was the victim of this gem:

"Mrs. Welliver is enjoying a visit with her mother. She says she may stall all winter."

Every newspaper wants to give credit where credit is due. The Petersburg, Va., Progress-Index attempted to do so, but this is how it came out:

"Due to the cooperation and generosity of Petersburg firms and individuals, about \$1,000 worth of improvements have been achieved for only \$8,000."

How's the weather? The Columbus, Ohio, Dispatch wishes it had never commented:

"Torrential rains have flooded several districts in southern Spain. In Malaga much damage was done to the almond, grape and the Archbishop of Canterbury."

Sometimes a typo makes an unexpected point, as in the following item which appeared in the Portland, Oregon, Journal:

Relatively 'good' ages seem to alternate as the child grows older with 'bad' ages. Things usually improve markedly around 30."

The Long Island Press came up with this astute observation:

"In country after country, we find a direct and unvarying correlation between the standard of living and the amount of garbage available."

The Lansing State Journal dipped into the realm of classical literature to come up with:

"Hamlet said, 'the pay's the thing.'"

The Wichita, Kan., Eagle and Beacon provided a new look at politics with:

"Democratic liberals in the House of Representatives succeeded in blocking a Republican move."

The image of law and order suffered an inadvertent blow in the St. Louis Post-Dispatch: "Meanwhile, the trial of the 'Chicago seven continued with a high pranking police officer testifying."

Emily Post would have been speechless at reading this item in the Houston Post:

"I get up early and make coffee and bring it back to bed. Then Bob and I both pour through the papers."

The National observer passed on an unintentional shocker in a recent headline:

"Coods Present Untied Front in Berkeley Protest."

There are editors who claim somebody must lie awake nights figuring out embarrassing typographical errors for their publications. They could be tight — make that right.

Which Way, America?

The choices and challenges facing America seldom have been better expressed than by a young American GI stationed in Vietnam who in a thoughtful moment penned the following letter to his parents:

"I don't know when mail from home has meant so much to me. As I write, the sun is setting on one of those beautiful Pacific days, that more than make up for the rainy ones. It has got me to thinking about our country."

"The American people have emerged today with more power and prestige than any country in the family of nations. Mankind is knocking at our gates, seeking wisdom from our leaders, the hope of peace from our people. Before we can fulfill our destiny, to lead mankind to sanity and harmony, we shall have to rebuild the fiber of our national life."

"Suppose we as a nation find again the faith our Fathers knew. Suppose our statesmen learn again to listen to the voice of God. Then we shall know once again, the greatness of a nation, whose strength is in the spirit of her people, whose strength is in her obedience to the moral law of God."

"America! Choose the right road! Unless there is born again in our people the spirit of sacrifice, of service, of moral responsibility, my comrades and I who will fight on the beaches, and those of us who will die here, shall have been exploited and betrayed, and fought and died in vain."

"It is the eleventh hour. By your choice, you will bless or blight mankind for a thousand years to come. Which road will it be America?"

The letter was the last this gallant young American wrote. Shortly thereafter he died in battle — one of about 40,000 who have laid down their lives in this war in service to their country.

But this question remains for the living to answer: Which way America?

Peninsula Potpourri

Seven officers of the Iron Mountain Police Department, in a letter to the Iron Mountain News, ask Mayor Philip Rahoi to make a public statement as to "where we are 'beating the city of money,'" as charged by the mayor at a council meeting. "As officers of the Iron Mountain Police Department, we are sworn officers of the law and are paid for our services according to union contract like every other employee in industry or business," they wrote. "We have never been paid over the terms of the contract." The officers said Rahoi "has held us up to public ridicule by accusing us of various things without supporting his statements with facts."

Black Panthers Create Their Own Troubles

By JOHN CHAMBERLAIN

Some of our liberals are worried that we are being mean to the Black Panthers.

At the annual meeting of the American Historical Association in Washington, Prof. Staughton Lynd, as part of his unsuccessful campaign for the presidency of his professional organization, tried to persuade his fellow historians to picket the Department of Justice in protest against "the harassment of the Black Panther Party."

And the American Civil Liberties Union, after a survey of police raids on Black Panther groups in nine metropolitan areas, has protested that the Panthers were subjected to "provocative and even punitive harassment, defying the constitutional rights of Panthers to make political speeches or distribute political literature."

Maybe some Panthers are innocent of the things being charged against the organization by FBI director J. Edgar Hoover, whose files list 100 or more attacks on the police by extremists who have presumably been moved to action by the Panther "Kill the Pigs" propaganda. According to the FBI, seven policemen have died and many more have been injured in battles between "extremist hate-type organizations such as the Black Panther Party" and the police.

With claims and counter-claims being tossed about, it is easy to see why both the Panthers and the police are jittery. But where should the primary blame for the Panther "pig" confrontation be placed?

The Panthers certainly don't make things easy for themselves.

David Hilliard, who calls himself the chief of staff of the Black Panther Party, protests that the statement attributed to him, "We will kill Richard Nixon," was merely a bit of "political rhetoric." But when Panthers boast that they are Marxist and Leninist, meaning that they are for violent revolution, any incendiary announcement by their "chief of staff" must take on more than "rhetorical" significance. At the very least the police are justified in being on their guard.

From his refuge in Algeria Eldridge Cleaver, the fugitive Black Panther leader who left America rather than serve a long prison sentence in California on a charge of assault with intent to kill, keeps saying things to provoke J. Edgar Hoover's concern.

Cleaver promises the destruction of capitalism in America through revolutionary activity, and says "The war is going to become more and more openly violent." Cleaver cannot, of course, exercise any real leadership from a foreign hideout. But the Panthers at home do nothing to reassure the American people that they are exponents of any peaceful change.

Last summer, in Oakland, Calif., they staged a Conference for a United Front Against Fascism and invited a spokesman for something called the "American Servicemen's Union" to tell about Communist infiltration of the U. S. Army. The Panthers were re-

galed with boastful accounts of mutinous activities staged at military bases both in Vietnam and in the U. S. And they cheered a promise that rebellious U. S. soldiers were united with the Black Panthers to create a violent revolution against the "Fascist" American government.

So is it mere "harassment" when the police and the FBI react to the Hilliard and Cleaver pronouncements by taking them seriously?

Maybe the police are overdoing it when they arrest Panthers for "distributing papers without a permit," to quote the Civil Liberties Union. But the Panthers have built themselves up as a menace, and liberals who are spotted here and there throughout the American communications media persist in giving a platform to anyone who promises "revolution" and more "pig killing."

The whole thing snowballs when the federal government and local police departments ask for the notes of newspa-

permen involving cooperation between the Panthers and the violent Weatherman faction of Students for a Democratic Society.

If I were one of the newspapermen whose sources might be compromised by such a demand, I would most likely resent it. But the Attorney General of the U. S. and the head of the FBI have a duty to protect the country, and when the Panthers and the Weathermen begin to cooperate the FBI has cause for worry.

After all, the Weathermen's chief, Mark Rudd, speaking of the coming decade, has said, "You can look for pitched battles between the militant groups and the pigs on a scale that will make anything in the Sixties look like a Sunday School picnic."

It could be that the Panthers and the Weathermen are destined to die as organizations because of their incurable factionalism. Until they do, however, they have nobody to blame but themselves for their "harassment."

Enjoying Job Could Lengthen Life Span

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Enjoying your job may help you add years to your life. A study of men 60 and over found that the degree of satisfaction they found in their work was the best single predictor of greater longevity.

We certainly do eat high on the hog. If the world's entire food output was distributed at the American dietary level, it would feed only one third of the people on earth.

If you don't get at least two or three valentines, you're not getting your share of the half billion that will be sent this month. Back in 1967, the noted English diarist, Samuel Pepys, wrote testily that he had paid five pounds for a valentine to his wife, but added: "I am glad of it, for it is the worst should have something to content herself with."

The Irish firmly believe that snakes ever existed on Ireland, notes the National Geographic Society. Tip to parents: Having trouble losing your kids in crowded shopping areas? One safeguard is to write down the names and addresses of your little squirmers, put them in envelopes, and pin them to their backs.

Quotable notables: "A kiss is a lovely trick designed by nature to stop speech when words become superfluous." —Ingrid Bergman.

In ferment: Africa has had more revolutionary upheavals in recent decades than any other continent. Half a century ago it had only three free nations—Liberia, Egypt and Ethiopia. Now Africa has 43 of the globe's 142 sovereign nations. Ever wonder exactly why the camel can go so long without food and water. The hump which builds up on its back when the living is easy is made up largely of fat. It times of

shortage, the camel's efficient metabolism breaks down the fat into both nutrients and fluids. Water is produced by the union of the oxygen it breathes with hydrogen atoms in its body fat.

Women have more acute hearing than men, science has found, and are particularly better able to hear high notes. As many a henpecked husband has found out for himself, women are better able to produce high notes, too.

Know your language: Are you supercilious? Freely translated from the Latin, it means "lifted eyelid." When you raise your eyebrows, you are supercilious — a picture of haughty disdain.

Worth remembering: "Even if you're on the right track you'll get run over if you just sit there."

Do you have white specks in your fingernails? Sometimes called "good luck spots," they represent the imperfect fossilization of living cells into nonliving keratin, or nail substance. They are sometimes caused by improper manicuring or the habit of biting your nails.

Do you have white specks in your fingernails? Sometimes called "good luck spots," they represent the imperfect fossilization of living cells into nonliving keratin, or nail substance. They are sometimes caused by improper manicuring or the habit of biting your nails.

It was Mark Twain who observed, "Love seems the swiftest, but it is the slowest of all growths. No man or woman really knows what perfect love is until they have been married a quarter of a century."

Contract Bridge

By B. JAY BECKER
FAMOUS HAND

South dealer.
Neither side vulnerable.

NORTH
♦ A 8 4
♥ 10 6 5
♦ J 8 7 4
♣ 10 6 5 2
7 6

EAST
♦ 9 7 5 3
♥ K 6 3
♦ Q 9 3
♣ 10 8 5

SOUTH
♦ K Q 3
♥ A J 9
♦ A K
♣ A K Q J 8

Final contract—Six Notrump played by South.

Opening lead—jack of spades. It is difficult to see how South can make six notrump in this deal composed by the brilliant Hungarian expert, Geza Ottlik.

True, if South could lead hearts twice from dummy, he could score twelve tricks easily enough, but, with only one entry to dummy, declarer's task seems impossible.

However, bridge being the kind of game it is, declarer can make the slam—and there are no two ways about it. East-West are at South's mercy if he plays his cards right, and they must eventually yield to the pressure he applies.

South wins the spade with the king and cashes the A-K-Q-J of clubs, producing this position:

North
♦ A 6
♥ 10 6 5
♦ J 8 7
♣ —

East
♦ 9 7
♥ K 8 3
♦ Q 9 3
♣ —

West
♦ 10 8
♥ Q 7 4
♦ 10 6 5
♣ —

South
♦ Q 3
♥ A J 9
♦ A K
♣ —

When South cashes his last club, discarding a heart from dummy, West cannot part with a heart (declarer would make two heart tricks by leading the nine), nor can he part with a diamond (because declarer would cash the A-K of diamonds and Q-A of spades, and then take a heart finesse). West is thus forced to discard a spade.

East likewise feels the pinch on the last club lead. He cannot spare a heart or a diamond, so he also discards a spade.

Declarer thereupon leads the queen of spades to the ace, takes a heart finesse, and later leads the three of spades to the six for a second heart finesse that brings home the twelfth trick.

Gambling Probe Indictments Due Soon, DA Claims

DETROIT (AP)—U.S. District Atty. James Brickley says he expects a grand jury to return some indictments this month in the investigation of an alleged nationwide gambling operation, which may involve well-known sports figures.

Brickley said Friday that the grand jury has been meeting several times in recent weeks. Names of persons testifying in the closed-door sessions were not made public.

The federal attorney said any initial indictments may concern the 14 persons arrested at the start of January in Michigan, Las Vegas, Nev.; New York City, and Biloxi, Miss.

None of the persons arrested was a sports figure.

Eleven persons were arrested in Michigan and Nevada on New Year's Day, as more than \$600,000 was confiscated by authorities. Darryl Dean, the Hall of Fame baseball pitcher and former television sportscaster, was questioned and searched in Las Vegas, but he was not arrested.

Ann Landers

Returned Tip Turns Fete Into Nightmare

Dear Ann Landers: What would you have said or done under the following circumstances?

My boyfriend took me to a very fancy place for dinner Saturday night to celebrate my birthday. Arnie is working on a job that doesn't pay a lot but he feels he has a good future. He had saved a certain amount for the dinner, but when the check came it was more than he had planned on. He had just enough to cover the check and leave a small tip. Unfortunately, I didn't have any money with me.

As we were leaving, the waitress caught us at the door and handed Arnie the tip he had left on the table. She said, "If this is the best you can do, keep it. You must need it worse than I do."

I was so embarrassed for Arnie I wanted to die. He didn't say anything but he looked as if he had been slapped in the face. Should he have replied in some way? If so, what should he have said? — N. Y. Incident

Dear N. Y.: It's easy to think of a snappy comeback — the next day. Here's a suggestion from another Monday morning quarterback. Arnie should have taken the money, and replied in a voice dripping with honey, "How kind of you to return the tip. Yes, I do need it. Thanks for your generosity."

Dear Ann Landers: From time to time you print letters from girls who wonder if it pays to say no. Please permit an old bachelor of 24 to answer the question.

Miss White Flower Girl, whoever you are, don't think you are abnormal because you are unwilling to become a biological testing ground for some immature clown. The girl who figures she should sleep with a guy to repay him for dinner and a show is the prize dummy. More often than not he will take her out once or maybe twice after that, but he rarely views her as a prospective wife. As you said in a column recently, "The reason no man asks you out more than three times is because the sample was ample."

As a male speaking for males, those of us who choose restraint are a good deal more manly than the sex acrobats who hop from bed to bed trying to prove something. Remember, if a man must seek constantly to prove his manhood, he must have some serious doubt about it to begin with. And if he's having such doubts, why be part of an experiment to inflate a sagging ego?

If more young women could see where they fit into the picture, there's less bed-hopping and more mental health. — Indiana

Dear In: Your letter is a strong argument against the old card and that free and easy sex is good therapy for uptight females. Thanks for writing.

Dear Ann Landers: I am tortured by doubts and immobilized by indecision. I won't go into

detail but I can't make up my mind about something and I must say "yes" or "no" soon. My mother says I'm a child. She insists that a mature person has no doubts. Is she right? — L. A.

Dear L. A.: I don't agree. Doubts are the stairs we must climb to reach the altar of wisdom. Once having made the climb, however, we must arrive at a conclusion and act. More people have been ruined by the inability to make a decision than because they made the wrong one.

Ann Landers' best selling book, "Truth Is Stranger," a collection of her best columns over the past 14 years is available in paperback by Bantam for 95¢—wherever paperbacks are sold.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope.

People, Events Of Yesteryears

From the files of the Escanaba Daily Press

25 Years Ago

New recreational facilities that will be required in Escanaba in the postwar period were discussed at a meeting of the adult education forum.

Improvement in the city playgrounds and the city recreation center were presented by Paul Vardigan and Zania Rivers. Jack Schils, representing the city's youth, outlined the need for improved baseball and softball diamonds and modernization of the municipal bathing beach. Ken Gunderman stressed the need for a swimming pool to permit year-around swimming.

50 Years Ago

The Home Economics department of the High School will be open Monday afternoon between the hours of three and five to give parents and friends of the students the opportunity to examine the work put out by the class. An interesting display of work completed during the first semester by grade and high school students will be open to the visitors.

A petition from P. L. Utley and J. G. Southerland, both officers and directors of the Escanaba Paper Co., asking permission to construct two dams across the Escanaba River, was granted by unanimous vote of the board of supervisors in a special meeting at the court house.

EDUCATIONAL LAG

LONDON (AP)—Eight-year-old children in Central London are six months behind country kids in their reading ability, education officials report. The reasons: a large proportion of immigrants and children from poor families, and the fact that London teachers in the infant schools change jobs frequently.

HEAVY SNOWS AND THAWING temperatures have caused heavy ice buildups along the eaves of many residences in the area, forcing counterattacks by owners and residents to prevent water from backing up under roofing. Here, Charles Pearson, 315 Ogden Ave., works on the ice problem on his home. Many homes have been damaged in the area in each of the past two winters by leakage caused by ice buildups. (Daily Press photo.)

Arson Suspected In College Fire

WHITEWATER, Wis. — Arson was being investigated today as the possible cause of a six alarm fire late Saturday that gutted "Old Main" — the oldest building on the Whitewater State University campus.

Four firemen were injured in the blaze that roared out of control for 5½ hours.

A hearing into possible causes of the fire was conducted Sunday by Joseph Farrar, deputy state fire marshal, along with university and local fire and police officials.

Farrar said he would not comment on any cause of the blaze, saying only that it was undetermined and that the investigation would continue.

Three Starters
Asked if arson was considered possible, Whitewater's Fire Chief Joseph McCormick said: "Yes. It's arson definitely."

Honor Employees Of Coal Docks

Nine employees of coal docks on Little Bay de Noc who have attained good safety records have been recognized with 1970 Safety Veterans Awards by the Dock Safety Association.

"This award system, which recognizes the accomplishments of the individual, has been in effect for 32 years," said Arnold A. Eide of the association.

The employees locally all have worked 10 or more years without having lost time from their jobs due to an on-the-job injury.

They are: Escanaba Coal & Dock Co. — Roderick Beauchamp, Edward Olson and Thomas Reidy, 15 years;

C. Reiss Coal Co. — Henry J. Williams, 32 years; Julius Sorby, 19 years; Arthur Derusha, 17 years; Lavern Sturdivant, 15 years; George Meyer, 12 years, and Francis Derusha, 10 years.

The Dock Safety Association was formed through the cooperative effort of several coal companies operating coal storage docks and retail yards on the Great Lakes to promote safety.

The fire started in three places: the top two floors of the west wing and the north part of the central wing.

Farrar said that a young man and two young women walked up to the University Center desk Saturday night and told the clerk on duty that there might be a fire in Old Main.

Farrar Sunday afternoon asked that the persons involved come forward and identify themselves to University President William Carter and turn over any information they might have about the fire.

Window Broken
Carlyle McKibbin, chief of campus security police, said that he noticed a broken window in a first floor door of Old Main's west wing as he arrived at the fire Saturday night.

The fire destroyed or damaged 47 classrooms in the structure that was the university's only classroom building until 1963.

Only the brick and stone outer shell of the older portions of the building remained, although firemen saved the newer east wing.

The east wing housed the university's \$15 million computer center that suffered extensive smoke and water damage.

Housed Offices
The building also housed the offices of the college of business and economics, the music, art, and mathematics departments, the university placement service and the dramatics workshop.

University officials said that all classes formerly held in Old Main would be transferred to available space in dormitory buildings.

Briefly Told

Troop 473 Flat Rock will meet Tuesday at 7 p.m. at the Flat-Rock Township Hall.

The reunion committee of EHS Class of 1960 will meet at 8 p.m. Tuesday at 2130 24th Ave. S.

The U.P. Chapter of the Michigan Kidney Foundation will meet at 8 p.m. today at the Chamber of Commerce Building. All interested persons are invited to attend.

Mildred Brusehaven of Ford River reported to State Police that someone broke into the Breezy Point Friday night and took \$50 in cash. Police have the incident under investigation.

Hiawatha Lodge 281 will meet Tuesday at 7:30 p.m. at the Eagles Club. A social will follow (husbands allowed). Hostesses will be Mrs. Arvid Isaacson, Mrs. John Decker and Mrs. Peter O'Donnell.

Bay de Noc area stamp and coin collectors will hold a meeting and trading session beginning at 7 Tuesday evening in the basement meeting room of the Escanaba Public Library. Issues of the United States will be featured.

The Delta County Courthouse was closed this morning because of a leak in a return pipe in the heating system, which had chilled the building over the weekend. Repairs were completed and the building was open for business this afternoon.

Citizens interested in forming an Escanaba Area Fine Arts Council are urged to attend a meeting tonight at 7:30 p.m. at the Medi-Center. Gary Schaut of the Michigan Council for the Arts will give a talk on how to form a fine arts council in Delta County.

The regular meeting of the Hiawatha Post 2998 VFW Auxiliary will take place tonight at 8 at the post clubrooms. All members are asked to be present to voice their opinions on important matters. Mrs. Evelyn Ducheny and her committee will serve lunch following the meeting.

Christmas Seal campaign contributions in Delta County have reached \$5,487 reports the Michigan Tuberculosis and Respiratory Disease Association. This is slightly below last year's total of \$5,553 reported at the same time.

State Police from the Gladstone Post issued traffic citations over the weekend to Victor Perow, Rte. 2, Escanaba, improper turn; Robert Lemmerand, Rte. 1, Bark River, defective brakes; William Michau, Box 208, Rapid River, drove left of center; William Soper, Rte. 1, Gladstone, speeding; and L. J. Clark, Lovespark, Ill., speeding.

Lake On Fire?

CLEVELAND, Ohio (AP) — Water pollution became a burning issue in suburban Euclid over the weekend as fires fueled by oil on the surface of Lake Erie sent flames shooting into the air two nights in a row.

Firemen said the oil apparently flowed into the lake via a storm sewer and was set afire by teenagers.

Defective Tire Rift May Mean Law Changes

WASHINGTON (AP) — The failure of a tire company to recall defective auto tires has inspired a member of Congress to call for a revision of the tire safety law.

Rep. Benjamin Rosenthal, D-N.Y., said that because the Dunlop Tire Co. has refused to recall some 90,000 suspect tires, the system of voluntary recall may collapse.

Rosenthal referred to a public notice issued by the Department of Transportation's National Highway Safety Bureau warning motorists that certain tires manufactured by Dunlop have "failed to pass endurance and strength tests."

Nine of 48 Dunlop tires tested failed the endurance test, while 30 of 56 failed strength tests, a bureau spokesman said.

ed failed the endurance test, while 30 of 56 failed strength tests, a bureau spokesman said.

Back On Job

CINCINNATI, Ohio (AP) — The city's 1,500 municipal employees were back on the job today after a 34-day walkout over a new contract.

A settlement was reached Thursday, but the workers decided not to return until today, when their new contract went into effect.

More people get more news from newspapers than all other sources combined.

Rosenthal warned that the present system of voluntary recall works until one company refuses to act.

"Then the whole system can collapse because other companies see that one offender can get away without penalty," he said.

He said Congress should revise the tire safety law to permit mandatory recall if manufacturers fail to cooperate.

Department officials said that while they have no authority to order the recall, they are considering civil action against Dunlop. The law provides for a fine of up to \$1,000 for a violation and up to \$4,000 for a series of violations.

Two Auto Mishaps Injure 11 Persons

Eleven persons suffered injuries in two weekend accidents on U.S. 2 reported today by State Police.

Seven persons were injured, none seriously, early Sunday morning in a two-car accident on U.S. 2 in Kipling.

According to troopers, a car being driven by Daniel Stanichina, 17, 1924 14th Ave. N., Escanaba, was headed south on the roadway and an auto driven by William Michieu of Rapid River was headed north on the wrong side of the road when the Michieu vehicle sideswiped the Stanichina car forcing it off the road.

Roller Over
The Stanichina vehicle suffered heavy damages when it ran

off the road, knocked down two mail boxes and rolled over. Injured in the Stanichina car were the driver and the following passengers: Thomas Palmquist, Duane Slagstad, John Adams, Rodney Cartwright, Vernon King and Daniel McDonald, all from Escanaba. None of the injured were hospitalized.

Four persons were injured, two hospitalized, in a two-car crash late Saturday night on U.S. 2 in Wells Township.

Didn't See Car
Police reported that a car driven by Victor Perow, 57, Rte. 2, Escanaba, was headed west on the roadway and was attempting to make a left turn when it collided with a car driven by William Weissert, 22, Bark River.

Perow told troopers he did not see the Weissert vehicle approaching before he turned. Perow was ticketed by State Police for making an improper turn.

Perow was slightly injured, and his wife, Laura, a passenger, is listed in good condition this morning at St. Francis Hospital. Debra Johnson, 18, 315 N. 14th St., Escanaba, a passenger in the Weissert vehicle, is also listed in good condition this morning at St. Francis Hospital where she is recovering from injuries received in the mishap.

Weissert suffered minor injuries and was not hospitalized.

Oil Slick From Onassis Ship Hitting Coast

ARICHAT, N.S. (AP) — Oil from the wrecked Onassis tanker Arrow has washed up on beaches along Chedabucto Bay on Nova Scotia's Atlantic Coast, and the oil slick from the ship is reported to be more than three miles long and 100 yards wide.

Late Sunday night, reports indicated that oil had fouled a three-mile stretch of beach near Canso, across the bay from Arichat. There were earlier reports that oil had washed up on a three-mile section of beach near here.

An estimated 5,000 barrels of oil spilled from the tanker as she snapped. Imperial Oil Ltd., which chartered the ship from a company owned by Aristotle Onassis, was considering having the stern half—with its nine tanks still largely intact—towed out to sea.

Aircraft sprayed Corexit, a chemical dispersant, on the slick to help break it up. Imperial also brought in 100 tons of straw for possible cleanup operations.

A spokesman for Transport Minister Don Jamieson said he might fly to the scene today. On Friday, he ordered the ship and its cargo destroyed. The crew was taken to safety early Thursday.

Mrs. Faye Larsen Of Cedar River To Get Degree

MARQUETTE — Nineteen students will graduate from the practical nursing education course at Northern Michigan University on Friday.

The graduation will bring to 1,395, the number of nurses who have completed the one-year program since it began in 1956.

Members of the graduating class include Mrs. Faye Larsen of Cedar River.

Obituary

TORVAL ANDERSON
Complete funeral services for Torval Anderson who died Wednesday at the Wood Veterans' Hospital were held at 11 a. m. today at the Anderson-Johns Funeral Home with the Rev. Reuben Carlson officiating. Burial was in Fernwood Cemetery.

CARL O. CARLSON
Complete funeral services for Carl O. Carlson were held at 1:30 p. m. today at the Anderson-Johns Funeral Home with the Rev. Reuben Carlson officiating. Burial will be in Fernwood Cemetery.

CARL GUS SANDERS
Complete funeral services for Carl Gus Sanders were held at 10 a. m. today at the Degan-Crawford Funeral Home with the Rev. Joseph Ablett officiating. Burial was in Lakeview Cemetery.

JAMES KUTCHES
Funeral services for James Kutches were held at 10 a. m. Saturday at St. Thomas Church with the Rev. Arnold Thompson officiating. Burial was in Holy Cross Cemetery. Pallbearers were Bernard Seidl, Joseph Ozmec, John Kroll, Kenneth Marvic, Joseph Sabor and Frank Stropich.

CLAYTON MONETT
Funeral services for Clayton Monett were held at 2 p. m. Saturday at the Kell-Tondin Chapel in Spaulding with the Rev. Robert Mueller officiating. Burial was in the Republic Cemetery. Pallbearers were Antonio, Alphonse and Gerald Poupore, James Thery, Glen Johnson and Joseph Gronmark.

WESLEY PETERSON
Funeral services for Wesley Peterson were held at the Anderson Funeral Home this morning with Rev. David Liscomb officiating. Burial was in Lakeview Cemetery.

JOHN B. CLARK has been named new business representative for Michigan Consolidated Gas Co.'s Northern and Upper Peninsula Districts. Clark will be responsible for contacting property owners, builders, commercial and industrial customers, and land developers in the northern part of the state. A native of Ludington, Clark will make his headquarters at Mt. Pleasant.

Bonnie Yale Is Derby Queen

HERMANVILLE — Bonnie Yale of Hermanville was crowned Queen of the annual Hermanville Snowmobile Derby at the Snow Ball dance at the American Legion Club.

A large crowd turned out Sunday for the fourth annual derby at Hermanville Lake sponsored by the William Anderson Sportsman's Club.

Tabulation of the official results of the oval race competition was to be completed today and announced by the race committee Tuesday.

Drivers matched speed and skill in both modified and stock competition. Besides the races and the Snow Ball, the weekend also featured a parade Saturday.

Members of the Queen's Court were Faye Perry of Powers, Gloria Pilon of Bark River and Pam Melien of Carney.

Official Calls Welfare System 'Disaster Area'

CLEVELAND, Ohio (AP) — Labor Secretary George P. Shultz said Sunday night that the present welfare system is "a national disaster area of gigantic proportions."

Shultz said the present system "simply does not work." He added that "a partial reformation ... just won't work. It would be like trying to partially reform the bubonic plague."

"We can't afford to wait for 10 or 20-year studies to help us better understand the reason why the present system doesn't work."

"We have to move fast if we are going to save a generation of Americans from the meaningless, vicious and hopeless cycle of dependency," he said.

Shultz addressed the annual testimonial dinner of the National Conference of Christians and Jews, which gave its Human Relations Award to Thomas Vail, editor and publisher of the Cleveland Plain Dealer.

In Service

James P. Michieu, son of Mr. and Mrs. Joseph A. Michieu of Rapid River, has been promoted to sergeant in the U.S. Air Force. Sgt. Michieu is a communications specialist at Darmstadt, Germany. The sergeant, a 1965 graduate of Rapid River High School, attended Bay de Noc College, Escanaba. His wife, Pamela, is the daughter of George Moore of Rapid River.

M-Sgt. Gordon J. LeRoy, son of Elmer A. LeRoy of Ingalls, has received his third award of the U.S. Air Force Commendation Medal at Tan Son Nhut AB, Vietnam. LeRoy was decorated for meritorious service as a management analysis superintendent at Offutt AFB, Neb. He was cited for his outstanding professional skill, knowledge and initiative. The sergeant, a 1947 graduate of Stephenson High School, now serves at Tan Son Nhut with an Air Force advisory group.

'Accident-Prone' Bridge Is Closed

VANCOUVER, B.C. (AP) — Police closed the Trans-Canada highway east of here for 1½ hours Sunday after a series of at least 100 minor collisions, involving 50 to 75 vehicles, in fog on the Port Mann Bridge. The series of rear-end bumps and fender-bending sideswipes was the worst reported as fog hit several areas of the British Columbia lower Mainland. No serious injuries were reported.

Mysterious Oil Slick Kills Hundreds Of Birds

EDGARTOWN, Mass. (AP) — Officials still had no explanation today for the source of an oil slick which killed hundreds of birds as it washed ashore on 20-mile-long South Beach of Martha's Vineyard.

Scores of persons joined Sunday in an effort to rescue the oil-soaked birds—ducks, loons and other species. Clergymen's ap-

peals from the pulpits of several Edgartown churches brought many volunteers to the beach.

About 300 birds were taken to a shelter of the Massachusetts Society for the Prevention of Cruelty to Animals where they were washed in detergent in an effort to remove the oil. Then they were released.

But for every bird taken to the shelter, at least two were left dead on the beach, a volunteer said.

Oil on the birds' wings prevented flight. It also kept the birds from secreting protective oils with the result that many died of exposure, a conservationist said.

A second slick spotted off neighboring Nantucket Island late Sunday was reported about 150 yards long, and Coast Guard officials said it did not appear likely to pose a threat to the shoreline.

Pulse, Breath Missing, Tot Still Survives

TECUMSEH (AP) — A 19-month-old boy in whom no pulse or breathing was visible for 45 minutes was reported "in fair condition and lively" today at Herrick Memorial Hospital in Tecumseh.

But it will be some time yet, doctors said, before it will be possible to ascertain whether Mark Ruhl suffered permanent damage in his near-drowning Sunday.

The child fell into a sump pump well in the basement of his grandfather's home. The well, 30 inches wide and four feet deep, contained three feet of water.

Mark was playing about the basement with a balloon while his father, Larry, and his grandfather, Lester Ruhl Sr., were working there. The two men estimated it had been 10 to 12 minutes since they'd heard Mark when they spied him in the well-head-first.

A call to the Lenawee County sheriff's office brought a rescue squad from Britton, including Police Chief Frank Becker, Deputy Sheriff John Johnston and Curtis Banks, a unit member.

Becker said Mark had no pulse and was not breathing, so far as he could tell, and that the squad worked over him, using mouth-to-mouth, hand and mechanical resuscitation for 45 minutes before he showed any sign of life.

Becker said "it was wonderful" when he put his finger into Mark's mouth in an attempt to clear his throat and Mark clamped down on it with his teeth.

Detergents For Washing Pollute Lake, Group Says

TORONTO (AP) — Pollution Probe, a University of Toronto group, says university chemists have found as much as 57.5 per cent phosphate in heavy-duty laundry detergents and up to 45 per cent in automatic dishwasher detergents.

A weekend news release by the group blamed phosphates for much of the pollution in Ontario lakes.

The phosphates stimulate the growth of algae, turning the water green, it said. "Beaches are fouled by rotting plant material; desirable fish species die from lack of oxygen because decaying algae has removed oxygen from the water; channels and shorelines are constricted with waterweeds; filtration equipment is clogged."

Pollution Probe, which has submitted briefs to the International Joint Commission, called for public pressure on governments for a strict ban on phosphate detergents before 1972. It also said consumers should be encouraged to switch to low-phosphate brands.

The chemists found less than one per cent in soap chips and dishwashing liquids.

Drug Problem In U.P. County

BESSEMER—An area drug abuse committee plans to inaugurate an educational campaign to halt the use of drugs in Gogebic County before the problem becomes serious.

It revealed plans to ask Parent-Teacher Associations and other groups for assistance after hearing figures on a survey conducted by John Ostrom, Ironwood High School guidance counselor.

He said that of 162 students contacted, 159 had heard of drug use by teenagers on the Gogebic Range. Of that total, 49 have been offered the use of drugs, 16 have used marijuana or other drugs and 52 knew where to obtain marijuana, LSD or methadone, he added.

HEAVY SHARK
GUERNSEY, Channel Islands (AP) — Desmond Bourgoud fought for 2½ hours to land a 430-pound shark and now he's claiming a British record. The heaviest shark previously caught off Britain weighed 324 pounds.

Armored Truck Lightened After \$40,000 'Dropout'

AUBURN, Mass. (AP) — The rear door of an armored truck swung open on the Massachusetts Turnpike early today, spilling \$40,000 in dimes onto the highway.

State police said the truck, headed for Boston, contained 40 money bags, each holding \$1,000 in dimes.

"Each of the bags broke open," said police, spilling dimes over one eighth of a mile section of the road.

The money was being carried by a rental truck, leased to Armored Motor Rental Transport Co. It was headed to Brink's Inc. in Boston from New Jersey, police said.

A truck following the armored vehicle was disabled when it ran into the flying dimes, police said, and had to be towed away.

The road could not be closed after the incident, police said, and men worked with vacuum cleaners and machines known as "mud suckers" to recover the dimes as cars continued running over the loot.

The accident happened at 6:55 a.m., and by late morning, the road was still covered with dimes, police said.

Perkins

Band Concert
A band concert will be held at 8 p.m. Wednesday at the Perkins School under the direction of John Violette. School bands represented will be, Felch, Eben, Bark River, Perkins, Rock and Powers. There will be no admission charge and the public is invited.

Bombers Hit GE Buildings

By The Associated Press
Bombs caused slight damage to two General Electric Co. facilities in New York City Sunday night not long after an anonymous caller claimed credit for vandalizing a GE office in Washington, D.C., as a protest of the company's war production. No one was hurt by the blasts.

New York police discovered and defused a third bomb early today in front of the GE headquarters building in midtown Manhattan.

FBI Investigates
The FBI was investigating the incidents. Police offered no speculation on whether they were related.

"We have taken this action to disrupt functioning of the machine of death and oppression," the caller said Sunday to The Associated Press. He said GE was the "second leading producer of armament for the United States government."

He made no mention of the subsequent New York bombs, but said "we are the same group of people" who vandalized three Selective Service centers in Philadelphia Saturday. Two persons were arrested in that incident.

Papers Thrown Around
After the telephone tip Washington police and GE officials discovered that papers had been strewn about the floors of GE's 11th floor offices, center of most of its Washington operations. A spokesman said sensitive materials were not disturbed and apparently nothing was stolen. The caller said his group had "liberated and destroyed" GE files.

Late Sunday night a bomb exploded in a two-story, block-long GE warehouse and appliance repair and service center in the Queens section of New York City. Police reported slight damage and no injuries.

Repair Store Hit
Another bomb went off 45 minutes later in a GE appliance repair store in Brooklyn, breaking four panes of glass and damaging a window casing but causing no injuries. Police said the 18-inch-long pipe bomb appeared to be the work of an amateur.

Police then posted special security watches on other GE facilities in the city. Two hours later a foot patrolman discovered a cylindrical metal bomb in a brown paper package in front of GE's headquarters building in Manhattan. Bomb experts deactivated the device.

Statement Dictated
The anonymous caller dictated his news release-style state-

ment apparently from a pay telephone some distance from Washington. At one point an operator broke in to say that the initial three minutes had elapsed.

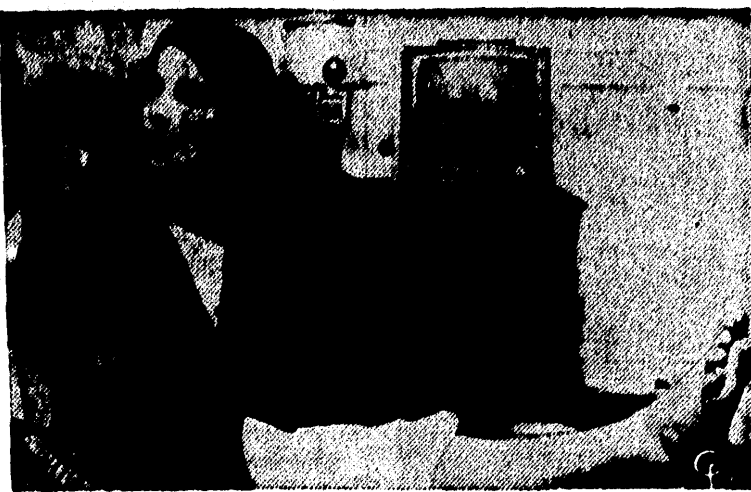

"By this action we express our solidarity with the D.C. 9 who are presently on trial in Washington," the caller said. He referred to nine persons accused of ransacking offices of the Dow Chemical Co. in Washington last year.

College Campus Sign Of Times?

BERKELEY, Calif. (AP) — A box on the left-hand side of The Daily Californian newspaper at the University of Berkeley campus read, in Chinese characters, "Happy New Year." One on the right read, "Long Live Chairman Mao."

That wasn't what the one on the right was supposed to read, Editor Joe Piccirilli said Sunday. Students in the Asian Studies Department had been asked to provide Chinese characters reading "Year of the Dog," he said, and he learned about the substitution too late to change it.

Buy and Sell The Classified Way

"HALLUCINATE ON ANYTHING" AT AGE 12 — Isabel Salazar, 12, daughter of Dr. Guillermo Salazar, a psychiatrist, relaxes in a too-big lounging robe in New York after being found during three days of wandering the streets alone and under the influence of drugs. "I hallucinate on anything now," she said. She has been under treatment for continued use of LSD and marijuana.

State Fishing Industry Gets DDT 'Reprieve'

DETROIT (AP) — The Lake Michigan fishing industry has won the right — at least temporarily — to keep on the market smoked fish containing higher levels of pesticide than allowed by the U.S. Food and Drug Administration.

A weekend ruling by U.S. District Judge Ralph Freeman allowed the City Smoked Fish Co. of Detroit to sell smoked chubs containing more than five parts per million (ppm) of DDT until a court battle between the company and the FDA is resolved.

Judge Freeman released City Smoked Fish from a verbal promise not to sell the chubs because, he said, its competitors

were no under similar restraints.

The FDA is seeking to obtain a permanent injunction against the sale in interstate commerce of chubs containing more than five ppm of DDT. That is the level of the pesticide the FDA considers "safe" for human consumption.

"It would be eminently unfair of me to restrain just one distributor," said Judge Freeman. He said testimony in the case indicated that 98 per cent of the chubs sold in the United States come from Lake Michigan and are handled by two Chicago distributors.

Chubs, along with whitefish,

are particularly susceptible to high DDT concentrations because the pesticide tends to accumulate in fatty tissue and both are fat fish. Chubs and whitefish are the mainstays of Lake Michigan commercial fishery.

Miss Roscommon

GAYLORD (AP) — Mary Lou Guest, a 17-year-old high school senior, has been crowned Miss Roscommon and will reign over several social events in Roscommon County in the coming year.

NOW: DIAL-IT-YOURSELF DISCOUNTS FOR LONG DISTANCE

1. Weekends: as little as 70¢ on coast-to-coast calls.
2. Evenings: as little as 85¢ on coast-to-coast calls.
3. Nights: as little as 35¢ on coast-to-coast calls.
4. Weekdays: as little as \$1.35 on coast-to-coast calls.

Out-of-State Long Distance rates are now at their lowest level ever. Special round-the-clock discounts are available on most out-of-state calls you dial yourself.

1. The Weekend Discount: Station-to-station rates on out-of-state calls you dial yourself from 8 a.m. to 11 p.m. Saturday and 8 a.m. to 5 p.m. Sunday are now 70¢ or less plus tax for three-minute calls anywhere in continental U.S. except Alaska. So it's now to your advantage to call on weekends before the Sunday evening "rush hours."

2. The Evening Discount: Station-to-station rates on out-of-state calls you dial yourself Sunday through Friday from 5 p.m. to 11 p.m. are 85¢ or less plus tax for three-minute calls anywhere in continental U.S. except Alaska.

3. The Night Discount: From 11 p.m. to 8 a.m., seven days a week, you can take advantage of a whole new calling idea — a one-minute station-to-station call for 35¢ or less plus tax for out-of-state calls you dial yourself to anywhere in continental U.S. except Alaska. Additional minutes are only 20¢ or less plus tax.

This rate is especially useful to business customers for data transmission.

4. The Weekday Discount: Station-to-station rates on out-of-state calls you dial yourself from 8 a.m. to 5 p.m. Monday through Friday are \$1.35 or less plus tax for three-minute calls anywhere in continental U.S. except Alaska.

The above rates apply only on station-to-station calls you dial yourself. Station-to-station credit card calls, collect calls, coin telephone calls, or other calls requiring the services of an operator to comparable locations are as follows: 8 a.m. to 5 p.m., Monday through Friday — \$1.70 or less plus tax for the first three minutes.

5 p.m. to 8 a.m. and all day Saturday and Sunday — \$1.10 or less plus tax for the first three minutes.

Person-to-person calls to comparable out-of-state destinations are \$3.30 or less plus tax for the first three minutes all day — every day.

The days and times when the various dial-it-yourself rates apply are indicated on the rate chart below. You may want to clip it out and keep it handy.

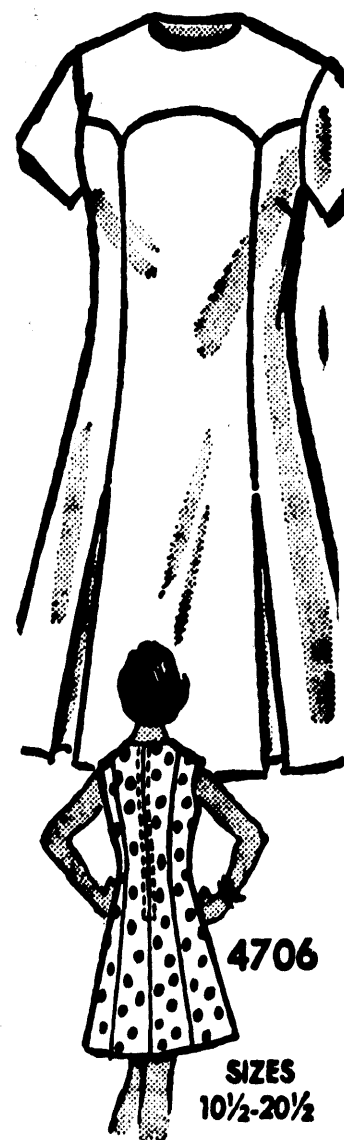

Long Distance rates for coast-to-coast station calls

	Operator-handled calls	Dial-it-yourself calls	Your discount when you "dial it yourself"
Weekends 8 a.m. to 11 p.m. Sat. and 8 a.m. to 5 p.m. Sun.	\$1.10 first 3 minutes	70¢ first 3 minutes	40¢ first 3 minutes
Evenings 5 p.m. to 11 p.m. Sun. through Fri.	\$1.10 first 3 minutes	85¢ first 3 minutes	25¢ first 3 minutes
Nights 11 p.m. to 8 a.m. daily	\$1.10 minimum call (3 minutes)	35¢* minimum call (1 minute)	75¢ minimum call
Weekdays 8 a.m. to 5 p.m. Mon. through Fri.	\$1.70 first 3 minutes	\$1.35 first 3 minutes	35¢ first 3 minutes

Above rates (plus tax) are the maximum for the days, hours and durations indicated on coast-to-coast calls. Rates are even less, of course, on most out-of-state calls of lesser distances. Dial-it-yourself discount rates apply on most out-of-state calls dialed from residence and business phones anywhere in the continental U.S. except Alaska and on calls placed with an operator where direct dialing facilities are not available.

*Additional minutes are 20¢ each or less, depending on distance.

Campus Recruiting Seen As Vigorous; Wages High

By JOHN CUNIFF
NEW YORK (AP) — Despite the apparent value gap between college students and business, early reports indicate that campus recruiting this spring is expected to be vigorous, and starting salaries may rise a bit.

While not ignoring the widely publicized disaffection of some students, corporate recruiters seemingly are working on the theory that business careers continue to be first or second choice of most male students.

A study reported by the National Industrial Conference Board suggests that while some slowdown in demand for bachelor level graduates might develop, there appears to be a quickening of demand at the master level.

Masters Candidates Eyed
The biggest increase in demand for master's degree candidates, according to the study, may be in technical, engineering and accounting fields, with liberal arts graduates far down the list.

Greatest demand among all master's candidates, according to the study made by the Northwestern University placement department, may be for accountants, reflecting the increasing complexity and demands of that occupation.

Accounting methods have come under considerable profes-

sional scrutiny in recent years, primarily because of the changing nature of corporate structures and the demands by stockholders and regulatory for disclosure of more information.

Functions Changed
In addition, computer technology has permitted business to change many of their record keeping functions, provided they can obtain properly trained professional workers, such as accountants.

The Northwestern study also indicates that while most companies expressed a general feeling of restrained confidence in the future, 30 per cent of 206 companies studied indicated they were cutting back on campus visits.

Among the reasons listed for doing so, the most common were: decline in profits, unfavorable economic conditions, reduced government contracts, need to cut costs, and a need for more experienced personnel.

Those who said they would be seeking more college graduates listed as their reasons: company growth, upgrading of management potential, backlog of demand from 1969, company reorganization, growing number of retirements.

Vets Affect Crop
Some companies indicated that the return to civilian life of Vietnam veterans would affect

opportunities for this year's college crop. Some companies, in fact, said veterans are preferred because of their maturity and the likelihood that they may have more clearly defined career goals.

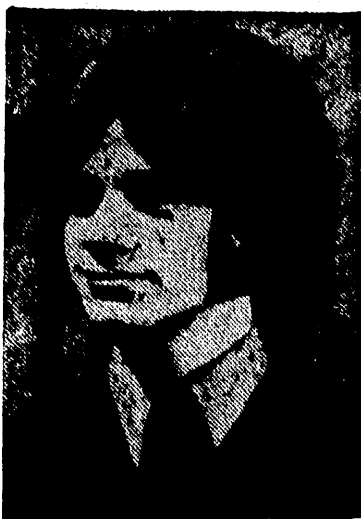

One of the frustrations for corporations in recent years has been the high turnover of college recruits in which they have a large financial investment.

Impatient to prove their worth, some recruits jump from one job to another. Some corporations have found their recruits with the mistaken notion that they are being groomed to take over the company in a matter of a few years.

Salaries To Grow
While salaries will continue to grow, according to the study, some of the increases over a year ago will hardly match rises in the cost of living. There is the likelihood also that run of the mill graduates will not command salaries as large as those offered to recruits.

"As usual," said the NICB in reporting the study, "the liberal arts graduate is the low dollar man in average starting salary." His \$699 monthly pay at the bachelor degree level compares with a high of \$872 for engineers.

Other average starting salaries for recruits, as indicated by the study, are: accounting \$632,

2 Killed, 18 Hurt In Hotel Blaze At Battle Creek

BATTLE CREEK (AP) — Two persons were killed and 18 others injured Sunday when an early morning fire swept through the Gilbert Hotel in downtown Battle Creek.

Firemen said most of the injured—including one fire fighter—suffered from smoke inhalation. Four were hospitalized.

The two who perished in the fire were Jerry Groholske, 38, and Keith McCaslin, 52, both residents of the hotel.

Some 40 persons were evacuated from the four-story hotel, many being carried or assisted down a fire ladder. A fire department official said the fire started in the first-floor stairwell and quickly moved up to the second floor.

Cause of the blaze was not determined immediately.

Fire officials said the building suffered heavy smoke damage estimated at \$100,000.

POTLUCK IS BAD for Howard Samuel, former undersecretary of Commerce who is a candidate for the New York Democratic gubernatorial nomination. This is his coiffured son Howard Jr., 17, arrested with two other youths in New York's Greenwich Village on charges of possession of marijuana.

physics \$816, chemistry \$806, mathematics-statistics \$773, production management \$758, sales-marketing \$711, business administration \$708.

Increases over 1969 starting salaries range from \$23 for liberal arts grads to \$49 for accountants.

As usual, the highest beginning salary for master's candidates is expected to go to those with a bachelor of science degree and a master's in business administration. They should command \$1,063, or \$62 more than a year ago.

electricity powers progress
BE A PART OF IT

**BETTER LIVING NOW,
AND A BRIGHTER
TOMORROW...**

Since the invention of the light bulb, man has been exploring the world of electricity. He has developed it to benefit all of us, making life at home, on the farm more convenient and comfortable. In business and industry, electricity is the basis of invention and development. In our community the benefits of the power of electricity are everywhere. We are proud to serve your electrical needs and ready for a brighter future, through electricity.

PLANT TOURS!

Women's Activities

MR. AND MRS. Roland Boudreau of Garden, presently in Houston, Texas, announce the engagement of their daughter, Kathleen, to Thomas Cox of Houston. A Feb. 28 wedding is planned.

Dan Korntveds Honored At Reception

A wedding reception honoring Airman (USN) and Mrs. Dan Korntved was held Saturday from 5 p. m. to 12 midnight at the home of the bride's sister and brother-in-law, Mr. and Mrs. Jim Bruce, 1215 S. 16th St.

The former Sue Hassen and Airman Korntved were married Jan. 29 at the First Methodist Church in Manistique with the Rev. Theodore E. Doane officiating.

The bride is the daughter of Mrs. Duwaine Hansen, 514 S. 12th St. and the late Duwaine Hanson and parents of the bridegroom are Mr. and Mrs. Alvin Korntved, 1328 Stephenson Ave.

At the conclusion of his leave Airman Korntved will report to NAS Miramar, Calif. for nine months duty on the USS Bon Homme Richard. Sue will reside at 514 S. 12th St. until his return in November when she will accompany him to California.

The shape of things to come in the mail becomes ever more imaginative, with the booming popularity of writing papers in interesting shapes. It all started with "long hand" notes in the shape of a hand; now includes flowers, animals, off-beat geometric shapes. All fold to fit in the standard rectangular envelope.

People

Mr. and Mrs. William Moras and family of St. Clair Shores and Mr. and Mrs. Jack Roberts and family of Milwaukee were here over the weekend to attend the golden wedding anniversary celebration of their parents, Mr. and Mrs. Harold McLaughlin.

Karen A. Anderson, William Johnson Wed

Karen Ann Anderson of Badger, Iowa and William James Johnson of Rte. 2, Escanaba, exchanged wedding vows during a recent ceremony at the Badger Lutheran Church in Badger, Iowa.

Officiating at the nuptials at 4 p. m. was the Rev. Arthur Gronberg. Soloists were Wanda Anderson, Camilla Asp of Minneapolis, Minn. and Mark Asp of Chicago. Organist was Ruth Loken of Brooklyn, N.Y.

The bride is the daughter of Mr. and Mrs. Bertrin Anderson of Badger, Iowa and parents of the bridegroom are Mr. and Mrs. Carlton J. Johnson of Rte. 2, Escanaba.

Peau de Soie, Lace
The bride, given in marriage by her father, wore a floor length Empire gown of candlelight silk peau de soie and Alencon lace, styled with a godet skirt and chapel length train accented with lace appliques.

A pearl crown held her shoulder length bouffant veil and she carried a rose bouquet. At the conclusion of the service, the recessional was played by the Rev. A. E. Windahl, violinist accompanied by Ruth Loken.

Bridal Aides
Maid of honor for her sister was Wanda Anderson of Philadelphia, Pa. and bridesmaids were Elaine Anderson, Mankato, Minn., Mrs. Marlin Edwards, Estherville, Iowa, Mrs. Eldon Brue, Vermillion, S.D., sisters of the bride and Peggy Johnson of Escanaba, the bridegroom's sister. They were attired in identical gowns of bittersweet panne satin.

Attending the bridegroom were Ragnar Hammerberg, Minneapolis, Minn., bestman, Richard and Randall Johnson Leonard Larson of Escanaba, and Eldon Brue of Vermillion, S.D. Seating the guests were Dale Heikkinen of St. Paul and Marlin Edwards of Estherville, Iowa. Kristin and Philip Brue were flower girl and ringbearer.

Mrs. William Johnson

Reception

The reception was held in the church parlors following the ceremony and serving as host and hostess were Mr. and Mrs. William Erickson.

After a wedding trip through Minnesota, Michigan and New York, Mr. and Mrs. Johnson are at home in Spring Valley, N.Y. Both are graduates of Augsburg College, Minneapolis and Mrs. Johnson is presently attending Nyack Missionary College, Nyack, N.Y. Mr. Johnson is doing graduate work at Jaffray School of Missions in Nyack. Upon completion of their schooling, they plan to serve on the mission field in Colombia, S.A., under the auspices of the Christian and Alliance Missionary Board.

Births

DONEAU — Mr. and Mrs. Julius Doneau of 117 S. 14th St. are the parents of a son, William Joseph born at 12:01 a. m. on Feb. 7. The infant weighed 8 pounds and 2 ounces at birth. The mother is the former Lavergne Chapman.

PENDERGRAFT — At 7:31 a. m. on Feb. 7, a son, Scott Michael, weighing 7 pounds and 9 ounces, was born to Mr. and Mrs. James Pendergraft of Rte. 2, Escanaba. Mrs. Pendergraft was Susanna Pilon.

MIRON — A son, Christopher Robert, weighing 5 pounds and 10 ounces, was born to Mr. and Mrs. Roger Miron of Rte. 1 Cornell at 7:16 a. m. on Feb. 8. Mrs. Miron is the former Barbara Donovan.

EMMONS — Mr. and Mrs. Frank Emons of Rte. 1 Escanaba are the parents of a son, Michael Eugene, born at 1:43 p. m. on Feb. 8. The infant weighed 9 pounds and 1 ounce at birth. The mother was Lois Beauchamp.

GUINDON — A daughter, as yet unnamed, weighing 6 pounds and 15 ounces, at birth was born to Mr. and Mrs. Leonard Guindon of Cornell Rte. 1 at 2:47 a. m. on Feb. 9. Mrs. Guindon is the former Gladys Anderson.

JOHNSON — At 8:24 a. m. on Feb. 9, a son, John Elmer Jr., weighing 8 pounds and 6 ounces was born to Mr. and Mrs. John Johnson Sr. of Powers. The infant is the first child in the family. Mrs. Johnson was Mary Nelson.

Dear Heloise:

If you knit a lot, you know how you always have leftover yarn.

Well I use the darker leftover yarn for "dust cloths." I knit a swatch approximately 10" x 18" alternating several colors. You can use the stockinette stitch or if you prefer just the plain old garter stitch.

The knit dust cloth picks up the dust and holds it. When finished dusting just shake the cloth out real well and it's ready for another use.

It can be handwashed and reshaped to size when drying.

Opal Collier

Dear Heloise:
I'd like to share a real aid with fellow knitters who are ready to sew a garment together after they have finished knitting.

I fasten the parts together with the plastic "picks" that come with the brush hair-do rollers.

They really hold the pieces together firmly and leave no holes.

Mrs. A. Clapp

Circle Meeting Wednesday At First Methodist

The Miriam Abigail Circle of the First United Methodist Church will meet Wednesday at 8:30 p. m. at the home of Mrs. Douglas Walker, 1510 S. 17th Ave.

Mrs. Harvey Pierson will lead the devotions and Mrs. A. M. Gilbert will tell of her recent trip to the South Seas.

Persons having addresses of former members of the church are to call the church, 786-3713 or Mrs. John Nicholas, 786-6831.

Events

Delta Nurses

Delta District Nurses Association will have a jewelry party at Medcenter Tuesday at 6:45 p. m. All members are invited and may bring guests.

L.A. To B. of R.T.

The L. A. to the B. of R. T. will meet at 1:30 p. m. Wednesday at the Elks Club. Hostess for the meeting is Lilian Madden and she will be assisted by Pearl McCauley, Margaret Miller and Mary LaFond.

Social Club

St. Anne's Social Club will not meet this week because of Ash Wednesday. The next meeting will be Feb. 18.

Altrusa Club

The Altrusa Club will hold its monthly dinner meeting tonight at 6:30 at the Old Town Restaurant. Featured speaker will be Tom Neumann of the Edward D. Jones Brokerage firm. Members are to note the change in location of the meeting.

Past Noble Grands

Past Noble Grands Club of Phoebe Rebekah Lodge, 179 will meet at 7 p. m. Tuesday at the JOOF Hall. Hostesses will be Mae Carlson, Doris Pakarinen and Mary Perkins.

TOP's Club

Silhouettes TOP's Club will meet tonight in room 151 of the Junior High School. Weigh-in will be at 7 p. m. followed by the business meeting. After the business meeting a bowling party will be held at the K. of C. Lanes.

To prevent a "skin" from forming on top of refrigerated pudding, place transparent plastic wrap directly on top of pudding, smoothing out to touch side of bowl but without pressing down; gently peel off just before serving.

MSU TEACHING ASSISTANT and graduate student Shirley Willard said, "90 percent of the faculty don't give a damn about students," before a public hearing on House Bill 3901 at Lansing Friday. The bill would establish student grievance committees at all of the state's institutions of higher learning. (AP Wirephoto)

Church Events

First Methodist

The Council of Ministries of the First United Methodist Church will meet at 7:30 p. m. today in the Judson-Anthony Lounge.

St. Stephen's Episcopal

Tuesday, Feb. 10, Shrove Tuesday, 5:30 to 7 p. m. - Youth group pancake supper. Open to the public.

Immanuel Lutheran

Tuesday, 1:30 p. m. - ILCW blanket sewing; 7 p. m. - Bethel Bible study teachers.

First Presbyterian

Tuesday, Feb. 10, 9:30 a. m. - Circle 5; 2 p. m. - Circles 1 and 2; 8:30 p. m. - confirmation class; 8 p. m. - Dartball; 8:15 p. m. - Circle 3.

Orange marmalade plus corn syrup plus a little mustard (dry or prepared) makes a good glaze for ham.

Class C Quints Showing Colors In Cage Action

By JIM TRETHEWEY

As Upper Peninsula high school basketball teams enter the home stretch of the 1969-70 campaign, it's becoming increasingly apparent that the Class C field is one of the strongest in many years.

The five top teams in this division (comprised of schools with enrollments of 300 to 549) have posted a combined 58-4 record.

Houghton (12-0), defending U. P. champion, is rated No. 1 in both the Peninsula and state. But right back of Coach Fritz Wilson's Grenlins are St. Ignace (also 12-0), Bessemer (12-1) and Norway and Rudyard (both 11-2).

Bearing "darkhorse" tags but obviously worthy of consideration in any title analysis are Crystal Falls (8-4) and Munising (8-7). All of the latter's defeats have been at the hands of opponents in the big-school Class A and B divisions.

Two of the top outfits are in for tough tests when they step outside their conferences for exhibition affairs this week.

Houghton—about ready to clinch another Copper Country Conference championship—goes to Wakefield Saturday. And Bessemer, after an important Michigan-Wisconsin Conference game at Hurley, Wis., Friday, gets a chance to avenge its only setback of the season when its hosts Crystal Falls the following night.

St. Ignace, well on its way to a second straight Michigan-Huron Shores Conference crown, also plays two games. The Saints, who meet only downstate schools, will be at home against Cheboygan Friday, then head for Gaylord Saturday.

Huskies Edge Spartans 5-4

By The Associated Press
Michigan Tech squandered a 4-3 lead in the third period and had to rely on a goal in sudden-death overtime to beat Michigan State 5-4 in Western Collegiate Hockey Association action Saturday.

Spartan goals by Frank DeMarco and Pat Russo tied the game at 4-4 and forced the extra period. Then Doug Hinton scored at 1:27 of the overtime to win.

Michigan took a 5-3 beating at the hands of Minnesota - Duluth. Walt Ledingham scored two unassisted goals for Duluth. Referees called 19 penalties in the game including a 10-minute misconduct against Wolverine Jean Yves Carlier.

Elsewhere in the WCHA, Denver beat Colorado College 6-7 in overtime, first place Minnesota downed Wisconsin 5-3 and Bemidji overpowered North Dakota 7-5.

Wakefield, which now plays in Class D after winning several Peninsula Class C championships during the 1960's has been exceptionally tough for Houghton. The Grenlins managed a 59-58 triumph way back in 1963, but since then have lost seven straight to Wakefield. One was a tournament clash in 1964, the same year Houghton dropped a two-overtime decision to its non-league rivals in regular-season play.

Wakefield's only losses this winter have been to Hurley, Wis., and Bessemer. So it's more than likely that the Cards pose the greatest threat to Houghton's bid for an all-winning record.

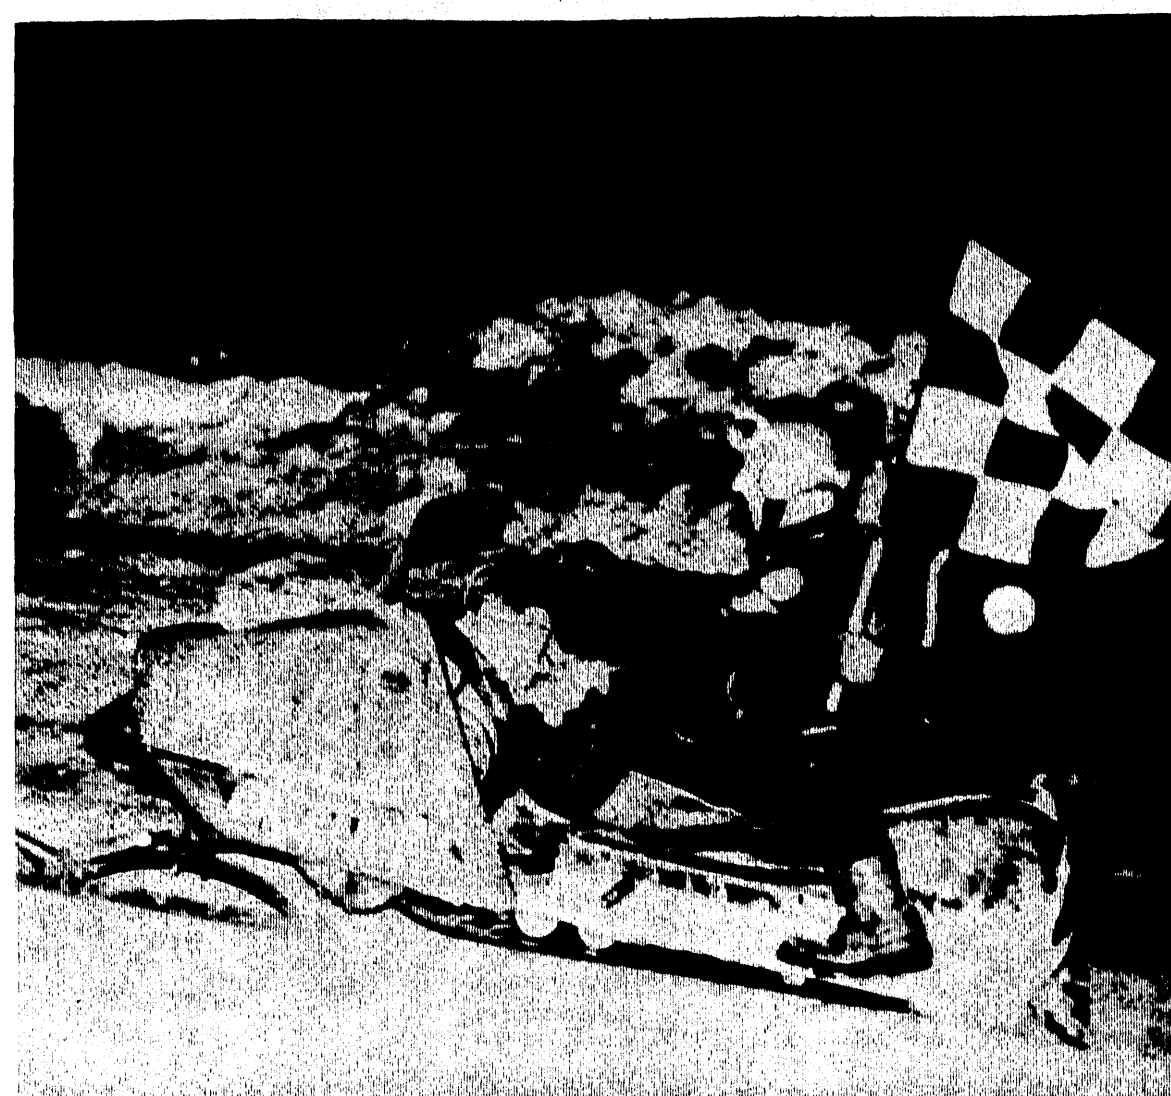

All of which assures a packed house for the Houghton-Wakefield game Saturday night. And only a few miles away Bessemer and Crystal Falls also will be playing before a standing-room-only crowd.

The week's schedule of Upper Peninsula games:

Tuesday—Gladstone at Gwin, Stephenson at Menominee, Niagara, Wis., at Norway, Ironwood Catholic at Bergland, Big Bay de Noc at Perkins, Pembine, Wis., at Carney, Champion at Eben, Dollar Bay at Painesdale, Chassell at Watertown, Marquette at Prentice, Wis., Rapid River at Trencor.

Friday—Iron Mountain at Escanaba, Marquette at Munising, Ishpeming at Sault Ste. Marie, Dollar Bay at Calumet, Escanaba Holy Name at West Iron, Manistique at Gladstone, Negaunee at Newberry, Ashland at Ironwood, Ewen - Trout Creek at Crystal Falls, Menominee at Kingsford, Bessemer at Hurley, Wis., L'Anse at Hancock, Houghton at Lake Linden, Norway at Stephenson, Ontonagon at Baraga, Rudyard at DeTour, Pembine, Wis., vs. Channing at Kingsford, Cheboygan at St. Ignace, Bark River at Ternary, Cedarville at Brimley, Hermansville at Champion, Rock at Eben, Engadine at Pickford, Republic at Felch, Ironwood Catholic at Marquette, Powers at National Mine, Perkins at Rapid River, White Pine at Watertown, Cheboygan CC at Sault Lorette, Wakefield at Maple, Wis.

Saturday—Sault Ste. Marie at Canadian Sault Collegiate, Crystal Falls at Bessemer, Houghton at Wakefield, St. Ignace at Gaylord, Channing at Carney, Painesdale at White Pine.

DON BROWN of Traverse City, piloting a Chaparral 793, takes checkered flag for victory lap after winning the Second International 500-mile race at Sault Ste. Marie on Saturday with elapsed time of 11 hours, 18 minutes and 45 seconds. Fifty racers competed in the event. (AP Wirephoto)

Devlin Snares Purse In Bob Hope Tourney

PALM SPRINGS, Calif. (AP)

Australian Burce Devlin tucked away a fat \$25,000 today and the 11th annual \$125,000 Bob Hope Desert Golf Classic goes into the books as the Agnew Year.

The 32-year-old Devlin closed the 90-hole, five-day marathon as hot as the 85 degree weather, shooting a six-under par 66 to better previous rounds of 67-68-68-70, all for a total of 339.

It was 21 strokes under par for the distance and eclipsed Larry Ziegler, who led or shared the lead from the outset, as the blond belter from Terre Du Lac, Mo., finished with a 72 for a 343.

Vice President Spiro T. Agnew presented the winner's check to Devlin and in good humor took a gentle ribbing about the "hit" of the tournament—the ball he shanked that hit the most unlikely target around, Doug Sanders, the vice president's own playing professional, Saturday.

The shot cut into Sanders' scalp but he continued the round of 18 holes with Agnew, Bob Hope and U.S. Senator George Murphy, R-Calif.

"With all that crowd I thought someone might get hit, but not me," Sanders said laughing. "I thought I was safe in the fairway but I got caught in the cross-fire."

Sanders emphasized it had been a pleasure and an honor to play with Agnew and complimented him for his composure under adverse circumstances and lack of time to play regularly.

Back to golf. Ziegler began the round two strokes in front of Devlin, three over young Larry Hinson, with Lee Trevino, Arnold Palmer, defending champion Billy Casper and U.S. Open champion Orville Moody further back.

The struggle quickly became a two-man issue. Hinson had a 73 for 347, Palmer 70 for 348, and Casper 70 for 351. And Moody 72 for 355.

Ziegler opened with a 15-foot putt for a birdie three on the first hole to lead by three. But Devlin, whose last tournament triumph was in the Byron Nelson Classic last year, birdied the third and fourth greens to narrow the gap.

The two made the turn through the 81st hole all even as Ziegler three-putted for a bogey. Devlin went ahead when Larry hit over the green on the 84th and took a bogey four. Two more Devlin birdies and a Ziegler bogey cinched the matter.

Ziegler, with previous rounds of 67-65-68-71, collected \$14,300. "I thought I played exceptionally well. Bruce just played better," Ziegler observed.

Devlin returns to his home in Coral Gables, Fla., and will play next in the Doral Open. Ziegler and touring pros play this week in the Tucson Open.

Karlander Hurt; To Miss Action

DETROIT (AP) — Sid Abel, manager-coach of the Detroit Red Wings, says rookie forward Al Karlander will probably miss at least a week of action.

Karlander suffered a deep cut on the back of his left leg in Saturday night's 2-2 tie with Boston. Trainer Lefty Wilson said the wound took about 50 stitches.

Traverse City Driver Scores Victory At Soo

SAULT STE. MARIE (AP)

Don Brown of Traverse City was counting his first - place prize money of \$3,500 today after riding to victory in record time Saturday in the second annual International 500 Mile Snowmobile race.

Brown got the checkered victory flag after taking the lead at the 325-mile mark and staying ahead to the finish.

Brown finished in 11 hours, 18 minutes and 45 seconds to break last year's record set by Dan Plank of Lapeer by 2:23:27.

A crowd estimated at from 25,000 to 30,000 showed up to watch the race at the lighted one-mile oval at Sault Ste. Marie.

Conditions on the track varied as the day progressed. The race began on a one-inch snow-covered track in the morning, which developed into a slushy, hazardous course in the afternoon and finally became a treacherous run with some bare spots in the evening.

Two drivers suffered minor injuries in two incidents. One was taken to a hospital with a shoulder separation after taking a spill.

In the other mishap, James Maurer of Racine, Wis., took a sudden jolt on a curve. Maurer said his gas cap worked loose, spraying gasoline which caught fire. He escaped serious burns because of his face mask and continued the race with a slightly burned nose.

Second place finisher was Ken Mills of Rudyard, and Ward Hooper of Deckerville finished third.

Top finishers:
1. Don Brown, Traverse City, Chaparral 793, 11:18:45.
2. Ken Mills, Rudyard, SkiDoo 755, 483 laps.
3. Ward Hooper, Deckerville, Rupp 740, 473 laps.

4. Gerald Teegarden, Vestaburg, SkiDoo 776, 468 laps.
5. Don Humphill, Thessalon, Ont., SkiDoo 669, 465 laps.

6. Paul Smith, Marquette, Polaris 468, 451 laps.
7. Ray Knauft, Newberry, Polaris 648, 449 laps.

8. James Galtmore, East Jordan, SkiDoo 776, 431 laps.
9. Melvin Kitchen, Elmira, SkiDoo 771, 428 laps.
10. Jim Barnhart, Lansing, Arctic Cat 793, 424 laps.

Marquette Takes Second Ice Title

MARQUETTE — The Marquette Iron Rangers have clinched their second straight United States Hockey League title after tripping up the Sault Ste. Marie Canadians twice over the weekend. Green Bay split with Rochester, losing 8-3 Sunday after winning Saturday, 5-4.

Friday night the Iron Rangers measured the Canadians on their home ice in overtime, 6-5, then thrashed them soundly Saturday night on the Palestra ice, 10-3.

The two teams meet in Marquette Thursday night in a game that will mean little as far as the championship is concerned.

One of the Iron Rangers, Austin (Aussie) O'Neill, has been named to the U.S. National hockey team and will depart for Europe with the club in the near future. Mike Curran and Bruce Rutledge of Green Bay are also on the U.S. sextet.

Flyers Upend Wings; Howe Hits Milestone

DETROIT (AP)—Gordie Howe keeps reaching milestones that may become out of reach for all future National Hockey League superstars.

But he seems to do it with a casualness that would stump the era's headline searching, flamboyant young superathletes.

"Was that my 750th goal?" asked the Detroit Red Wing star nonchalantly after the Wings lost 5-3 to the Philadelphia Flyers Sunday.

Howe scored the goal on a power play at 3:10 of the third period on a pass from Alex Delvecchio and Wayne Connolly. It was Howe's 18th goal of the season.

Aks For Puck
The veteran of 24 NHL seasons, who will be 42 years old next month, said later when he found out he scored No. 750 he asked the referee for the puck.

"He said it was too late," Howe related. "It had already gone into the crowd."

In other NHL action, Boston whipped 7-1, Montreal nipped Chicago 3-2, New York ripped Los Angeles and Pittsburgh belted Minnesota 6-3.

Last season Howe became the first player ever to hit the 700-goal mark. What will be his next milestone?

"I'll just try for 751," he said quietly as he sat in the dressing room. "Goals are coming pretty slowly now."

Despite Howe's individual achievement, goals came pretty slowly for the Wings as they trailed at one point 4-0. It was Philadelphia's first win ever at Olympia Stadium since the Flyers joined the league in 1967, and it kept them in second place in the West Division.

Flyer Goals
Jean Guy Gendron scored the opening and closing goals for the Flyers, his 18th and 19th, Andre Lacroix scored once and assisted on Gendron's two tallies to pace the win.

Detroit goalie Roger Crozier looked brilliant on some saves but at other times was outsmarted by the hustling Flyers. Gary Dornhoefer and Lew Morrison also scored for Philadelphia and Simon Nolet collected three assists in the nationally televised game.

Carl Brewer tallied his second goal of the season for the Wings to make the score 4-1 at 10:44 of the second period. Connolly netted Detroit's final goal, his 15th, by firing the puck past goalie Bernie Parent at 15:03 of the final period.

The victory snapped Philadelphia's five game winless streak at four losses and a tie.

The Wings host St. Louis Thursday night. The Wings tied the Bruins 2-2 in Boston with Garry Unger scoring both Detroit goals.

Stop Hits
Sid Abel, Red Wing manager-coach, resorted to dropping back a forward to give goalie Crozier the protection of an extra defenseman. It seemed to help stop the usual Boston blitz.

Slick 20-year-old defenseman Bobby Orr tallied the Bruins first goal and Don Marcotte got the other.

Don Marcotte connected for his first NHL hat trick to help the Bruins capture their decision over St. Louis and keep their second place tie with Montreal in the East Division, two points behind New York.

Marcotte played on a newly developed line with Wayne Cashman and Phil Esposito, the NHL's leading goal scorer. The new wings didn't bother Esposito, who collected his 32nd goal of the season and had three assists.

Come From Behind
Montreal had to skate from behind against Chicago to remain tied with the Bruins. The Black Hawks led 2-1 before Mickey Redmond tied the score midway through the second period. Then Bobby Rousseau's second goal of the night and 20th of the season midway through the final period gave the Canadiens their victory.

Leahy Named To Grid Hall
CHICAGO (AP) — "Happy," is what Frank Leahy said about being named to the National Football Foundation and Hall of Fame.

"I suppose I could tell you in one word 'happy,'" he said from his bed in Chicago's Passavant Memorial Hospital where he is undergoing blood transfusions for a form of leukemia.

He will be formally inducted in the Hall at the foundation's 13th annual awards dinner at the Waldorf-Astoria Hotel in New York Dec. 8.

Chester J. Larocche, the foundation's president, announced the selection.

During his coaching career, Leahy led Boston College and Notre Dame to a total of 107 victories, 13 losses and nine ties. Only Knute Rockne compiled a higher won - lost percentage among college football coaches in the game's history.

Under Leahy's guidance, the Irish of Notre Dame had unbeaten teams in 1940, 1941, 1947, 1948, 1949 and 1953. The Irish won national titles in 1943, 1946, 1947 and 1949.

He took his first job at Georgetown, D.C., and then went to Michigan State before going to Fordham as line coach. At Fordham, he helped build the seven blocks of granite.

He compiled a 30-2 record at Boston College. His triumphs included a 19-13 upset over unbeaten Tennessee in the Sugar Bowl.

Frosh Contest
The Gladstone Braves' freshman basketball team will play host to the Escanaba Eskymo frosh Tuesday afternoon at 3:30 in the Gladstone High School gymnasium.

He compiled a 30-2 record at Boston College. His triumphs included a 19-13 upset over unbeaten Tennessee in the Sugar Bowl.

He compiled a 30-2 record at Boston College. His triumphs included a 19-13 upset over unbeaten Tennessee in the Sugar Bowl.

New York got goals from five different players, including a pair 36 seconds apart in the first period by veteran Don Marshall and rookie Bill Fairbairn to whip Los Angeles. The victory kept the Rangers two points up on both Boston and Montreal.

The Minnesota Northstars, who have won just one game in the last 26 starts, used rookie Gilles Gilbert in goal and the Penguins battered him with 39 shots, 19 in the second period.

Rudyard Dumps Emerald Cagers

RUDYARD — The Manistique Emeralds ran into a red-hot Rudyard basketball team Saturday night and suffered an 85-65 defeat, their sixth straight and tenth of the season against two victories.

Rudyard made 66 per cent of its shots in the first two quarters to build up a 42-27 lead at halftime. They added 43 more points in the final two periods and wound up the game hitting 38 of 71 field goal attempts for 53 per cent.

Manistique was only successful on 28 of 77 attempts from the field for 36 per cent.

Jerry Sample led the way for the Emeralds with 23 points, while Dave Mickelson and Tom Jeneroux chipped in with 13 and 12 points respectively.

Tyrone Fitzpatrick was Rudyard's leading scorer with 25 points, while Reggie Barefield and Al McLean added 19 and 17 points to the winning cause.

The Emeralds move over to Gladstone Friday night for a Great Lakes Conference battle.

The box score:

Bruins Finally Get Conference Lead; Kentucky Has Problems With Georgia

By The Associated Press

No. 1-ranked UCLA is finally first in the Pacific-8, as well, but Kentucky, which fell from the top several weeks ago, is now having trouble shaking unheralded Georgia in the Southeastern Conference.

The 17-0 Bruins, shooting for their fourth consecutive national championship, continued as the only major unbeaten team Saturday with a hard-fought 66-56 triumph over Washington. But 11th-ranked Southern California, which had been tied for the Pac-8 lead, lost to Washington State 89-72 and dropped a game behind UCLA.

Henry Bibby led the way against Washington's tough defense with 19 points, the same number scored by the losers' Steve Hawes, returning to action after missing six weeks with a fractured leg. The Bruins led 30-25 at halftime and were unable to shake the Huskies until the closing minutes.

School Record

Dan Issel's school record 53 points led third-ranked Kentucky to a 120-85 victory over Mississippi but Georgia, 11-6 overall to Kentucky's 17-1, remained deadlocked with the Wildcats with 9-1 SEC records by edging Vanderbilt 49-90.

Second-ranked South Carolina and No. 5 North Carolina State, both 17-1, continued to run 1-2 in the Atlantic Coast conference. The Gamecocks boosted their ACC mark to 8-0 by routing Clemson 99-52 behind John Roche, who scored 25 points and had seven assists; Tom Owens,

22 points, 25 rebounds and 10 blocked shots, and Bobby Cremins, who held Clemson's high-scoring Butch Zatezalo to four points.

Bonnie's Win

N.C. State won for the seventh time in eight ACC starts, riding Vann Willford's 25 points and tie-breaking layup with 91 seconds left to a 71-66 decision over Virginia.

Bob Lanier, St. Bonaventure's

6-foot-11 center, scored 34 points and held 7-foot Doug Hess to eight points and a like number of rebounds as the fourth-ranked Bonnies downed Toledo 77-71 for a 15-1 record.

Sixth-ranked New Mexico State, 18-2, trailed Utah State for 23 minutes before pulling out a 95-90 triumph over the Aggies. Austin Carr, who scored 38 points and set a Notre Dame season record of 675, tied the

score at 81 with a layup as the overtime buzzer sounded and the Irish went on to beat ninth-ranked Marquette, 143-83, in the second extra session 96-95.

Sophomores Bob Morse and Corky Calhoun combined for 40 points and 10th-ranked Penn State 53 per cent in defeating Dartmouth 96-68. The Quakers maintained their one-game Ivy League lead over No. 17 Columbia, which crushed Yale 96-69 as Jim McMillan hit 14 of 19 shots for 28 points.

Top Effort

In the top individual effort of the weekend, Louisiana State's Pete Maravich, already the all-time career scoring leader, exploded for 69 points, third highest in major college history, but couldn't prevent a 106-104 loss to Alabama. The game wound up with a fight between LSU players and Alabama fans.

Elsewhere among the Second Ten teams in the Associated Press poll, No. 12 Florida State, ineligible for post-season competition, got by Dayton 82-76.

Iowa opened up a 1½-game lead in the Big Ten. The 20th-ranked Hawkeyes whipped Indiana 104-89 while Illinois, No. 14, lost to Minnesota 82-73 and fell into a second-place tie with Purdue.

Davidson, ranked 15th, outlasted Virginia Tech 73-66 in overtime; No. 16 Houston dropped Creighton 78-77; Colorado routed Kansas State's Big Eight runaway with a 72-50 verdict over the 18th-ranked Wildcats and No. 19 Villanova

crushed Philadelphia Big Five rival St. Joseph's 92-65.

Mount Hot

Purdue, led by Rick M. U. 32 points including a pair of free throws with five seconds to play, upset Ohio State 89-85 at Columbus to leave the Buckeyes with a 4-3 mark and virtual elimination from title consideration.

Ollie Shotton paced Minnesota with a 34 point surge. Rudy Tomjanovich hit for 32 in Michigan's 95-84 victory over Northwestern and Clarence Sherrod scored 30 to lead Wisconsin past Michigan State 89-79.

The Badgers at a heated St. Joseph's game went into the game second only to Mount in scoring but was limited to 15 points.

Bantams—Wednesday—6:30; Friday—8 p. m.; Saturday—10:30 a. m. and 2:30 p. m.;
Junior Hawks—Monday—8 p. m.;
Rangers—Wednesday—Escanaba Juveniles vs. Gladstone Juveniles at Escanaba 8 p. m.; Saturday—1 p. m.

LYNN APELGREN (35) scored one of his seven baskets on this play as he drove in for a basket in the first half of the Gladstone contest at Marquette Friday. Bob Leanes (42) of the Redmen watched the action cautiously while Wayne Marshall (21) of the Braves awaited a possible rebound. Marquette shook off the Gladstone club after a 36-38 tie to cop the Great Lakes Conference win, 89-81. The loss pushed Gladstone out of first and down to third behind Ishpeming. The Braves are still in the running for the title, however, as all three clubs have two losses. (Panax Photo)

Hawks, Bulls Split Unique Doubleheader In NBA Play

By The Associated Press

The Atlanta Hawks must know something about collective bargaining. They only worked 5 minutes and 1 second Sunday and got overtime while the Chicago Bulls had to struggle 48 minutes of straight time for the same prize—a National Basketball Association victory.

It was a unique doubleheader at the Chicago Stadium. First, the Hawks won a 142-137 overtime decision, completing a

game started last Nov. 6 and ordered resumed by NBA Commissioner Walter Kennedy with one second left in regulation time. Then, the Bulls stampeded to a 117-107 triumph in the regularly scheduled game.

Chicago had protested the Nov. 6 game after referee Bob Rakel disallowed a last-second basket by Tom Boerwinkle that would have tied the score at 124. The timekeeper said the buzzer never sounded, although Rakel

said he heard it.

When play resumed, Atlanta's Gary Gregor missed a desperation shot. Lou Hudson then took charge with nine overtime points. In the regularly scheduled contest, Bob Love scored 18 of his 36 points in the fourth period, including six straight at the start of the quarter after the Bulls had blown most of an 18-point lead.

The split left Atlanta 1½ games ahead of Los Angeles in the Western Division after the Lakers beat San Diego 125-113. The Bulls, winning for only the third time in 18 starts, nudged five percentage points in front of idle San Francisco in the battle for the fourth and last playoff berth.

Elsewhere, Baltimore trounced Milwaukee 120-108, Seattle nipped Philadelphia 118-117 and Boston beat Cincinnati 130-117.

In the American Basketball Association, it was Indiana 100, Kentucky 107 in overtime; New York 95, Carolina 88; Denver 115, Miami 103 and Washington 132, Pittsburgh 124.

Jerry West scored 34 points and rookie Rick Roberson added 26-22 in the first half—as the Lakers whipped the Rockets. It was a career high for the 6-foot-9 Roberson who hit nine of his first 10 shots.

Wes Unseld, last season's Rookie of the Year, scored 18 points and grabbed 10 rebounds in the first half—he finished with 22 and 14—in leading Baltimore over Milwaukee. Earl Monroe topped the Bullets with 23 points while Lew Alcindor, this year's rookie sensation, tallied 36 for the Bucks, who dropped 7½ games behind New York in the Eastern Division.

Another rookie Jo Jo White, scored 26 points and John Havlicek chipped in with 24 as the Celtics defeated Cincinnati. The defending champs climbed to within five games of fourth-place Philadelphia when Seattle, paced by Bob Rule's 29 points, edged the 76ers. The Sonics won all six games from Philly, the first season sweep in their three-year history.

Saturday, New York beat Cincinnati 121-114, Phoenix downed Los Angeles 121-117 in overtime, Philadelphia defeated San Francisco 115-111 and Detroit turned back Seattle 113-109.

Braves' Matmen Lose Decision

ISHPEMINO — The Gladstone Braves picked up victories in only three weight classes Saturday afternoon and went down to defeat at the hands of the Ishpeming Hematites by a 31-15 margin in a dual wrestling match.

Gladstone wrestlers picking up victories were Gary Allsworth in the 118-pound class, Pat McGeary in the 178-pound class and Bob DeGrand in the heavyweight class. Allsworth and DeGrand won on pins and McGeary won on a default.

The Braves travel to Marinette for another match tonight.

The results:
101 — Paul Bertucci (I) pinned Bill DeMay (G)
110 — Jeff Beinhlich (I) dec. Barry Holm (G) 6-0
118 — Gary Allsworth (G) pinned Cliff Hellste (I)
126 — Gary Anderson (I) dec. Rich DeMay (G) 4-3
133 — Ron Bergman (I) won on default

140 — Bob Bonetti (I) dec. Mason Thibault (G) 13-1
148 — Dave Bleau (I) dec. Bob Anderson (G)
158 — Rick Beinhlich (I) dec. Randy Smith (G) 2-1
168 — Jim Heikkinen (I) dec. Paul Phalen (G)
178 — Pat McGeary (G) won on default
188 — Paul Cappoferri (I) dec. Tom Pfothauer (G) 6-2
Hvy — Bob DeGrand (G) pinned Al Ross (I)

Council Agenda Includes Picking Urban Job Aides

The appointment of a district citizen's council for the proposed urban renewal project and discussion with a utility official on natural gas top City Council's agenda for tonight's meeting which will begin at 7:30 in council chambers of City Hall.

The citizen's council appointments will be following a public hearing on same—the second such hearing to be held on the proposed central business district renovation. It is expected that 12 persons, both residents and business owners in the district, will be appointed by Mayor Leo DeMars with the approval of council.

Fred Garceau, Marquette, Michigan Power Company, is scheduled to discuss the natural gas issue with councilmen.

Retail Division Of Chamber Sets Tuesday Meet

A meeting of the Retail Division, Manistique Area Chamber of Commerce, is scheduled for Tuesday morning. The meeting will be an 8 o'clock dutch-treat breakfast at Sunny Shores Restaurant.

William Putvin and John Pat Miller, co-chairmen of the Retail Division, have included the following discussion topics in the agenda: 1970 retail promotion, Snowmobile Championship Meet in March, Trade Show 1970, a review of the 1969 Christmas Parade program and the Christmas lighting fund deficit.

The Retail Division is currently conducting a survey among local merchants to determine a community business index.

Two Inland Firm Workers Retire

Two veteran employees at the Inland Lime and Stone Company retired Feb. 1, according to vice president and general manager John W. Moffat.

Howard LaBar, 195 Maple St., began working for Inland on Apr. 28, 1929 at the old Calmar operation in the laboratory. He worked as a lab assistant until 1947 when he transferred to the electrical department. LaBar is a charter member of Inland's Twenty-five Year Club.

Clark Bashore, Gulliver, began his employment with Inland on Apr. 28, 1949. Throughout his nearly 21 years with the company he worked in the mill, the last 17 years as a car dumper.

City Briefs

Mr. and Mrs. Jerry Abrams of Chicago spent the weekend visiting friends in the Manistique area. He is a law student at John Marshall University in Chicago and a former VISTA worker in this area.

Miss Paulette LeBrasseur, LaGrange, Ill., and several faculty members of St. Francis Xavier School in LaGrange spent the weekend skiing, skating and snowmobiling while guests of her parents, Mr. and Mrs. Earl H. LeBrasseur, 318 Range St. The group included Sister Marybeth, Sister Margaret Halligan, Andrea Gallagher, Martha Nelson, Elvira Judd, Paula Simon, Harry Davis, John Trojanick and Mr. and Mrs. Dave Anderson.

Mrs. W. J. Sheahan, 223 Range St., left Friday for Hialeah, Fla., where she will visit her daughter and family, Mr. and Mrs. James W. Monroe.

Hospital

Admitted to the Schoolcraft Memorial Hospital Friday were Pauline Miller, Lydia Beckman, Wells Bowers, Mary Lynn Plante, Carson Gilbertson and Lawrence Jenerou.

Discharged were Perry Smith, David Schubring, Jeanne Edwards, Clayton Schnurer and Mildred Daniels.

Canadian Group Against A-Tests

VICTORIA, B.C. (AP) — A Canadian conservationist group says it will stage a floating "Blockade" of future underground nuclear tests in Alaska's Aleutian Chain in an effort to "stop the Americans from their ecological vandalism."

James Bohlen, education officer of the Sierra Club of British Columbia, said his group would charter an ocean-going vessel and send it to the immediate vicinity of the next blast on Amchitka Island.

If the Americans want to go ahead with the test, Bohlen said, "they'll have to tow us out."

Classified Ads Cost Little, But Do A Big Job!

Town Meeting Plans Readied

Final arrangements for the local Town Meeting of the Air in this area have been completed, according to Howard H. Handorf, coordinator for Schoolcraft County.

The meeting will be held tomorrow night in the Lakeside School beginning at 7:15.

Everyone is invited to attend, Handorf said, and the theme under discussion will be "Economic Development is Everybody's Business." Anyone unable to attend may tune into WNNR-TV, Ch. 3, to watch the proceedings.

The general public may also participate by calling WNNR-TV in Marquette, telephone number 227-3737, to ask questions, state opinions or give information. Calls may be made free of charge from 7:30 p.m. until the close of the program.

Additional information is available from Handorf at the Cooperative Extension office, 341-5050.

Briefly Told

The Manistique Area board of education meets in regular session Tuesday at 7:30 p.m. in the high school.

The hot lunch menu for Tuesday at the Manistique Area Schools will include hamburgers on homemade buns, pickle chips, cheese slices, buttered corn, fruit and beverage.

The Community School Advisory Board will hold a noon luncheon meeting Tuesday beginning at 12 o'clock in Room 103 of the high school.

State police report an automobile skidded into a gasoline pump at Jim and Jean's Store in Gulliver Friday morning at 11:45 with resulting slight damage to both the vehicle and the pump. Driver of the auto was Idella Lessage, 51, of Flint.

Michael Jenerou, Rte. 1, posted \$100 appearance bond Saturday morning and was released from custody after being jailed Friday night at 11:55 on a driving while under the influence of intoxicants charge. He will appear in District Court on Feb. 18 for arraignment on the charge. Jenerou was arrested by troopers on U.S. 2 in front of the State Police Post. He received a second citation for no vehicle registration proof.

State police ticketed the following motorists for traffic violations on Friday: James Wylie, Flint; Martha Hogener, Petoskey; Helen Kosasic, Jackson; Eugene Dali, Agawam, Mass.; Earl Murphy, Garden; and Frank LaJambe, Sault Ste. Marie, Ont., all for speeding; Robert Schultheiss, Box 28, improper passing; Rosalind Metcalf, Newberry, no operator's license; Ed Jones, Box 23, no insurance proof; Cindy Swaer, Garden, no registration; and Jean Thibault, Garden, no registration proof.

Potato Crops Higher Despite Acreage Drop

By JACQUELINE KORONA LANSING (AP) — Michigan's potato industry was shriveling 10 years ago.

"Back in those days the yields were pretty low," says J. A. DellAngelo, executive secretary of the State Potato Council. "At one time, there were about 300,000 acres planted and the yield was 50 bags per acre."

DellAngelo says competitor states were organized for "effective sales promotion and advertising." They spent larger sums for potato research than did Michigan, he says, and they dug deeper into questions of marketing techniques.

But DellAngelo says there has been a "complete turnaround" in the potato industry and, although acres planted have dropped in total, the yield-per-acre has in some cases zoomed to 214 bags.

A Michigan potato marketing survey reports cash receipts from the sale of potatoes have varied from \$25 million for the 1964 crop to \$16.5 million for the 1968 crop.

But, it adds, "although the number of farms growing potatoes and the total acreage planted to potatoes has declined considerably from 1955 to 1968, production of potatoes has tended upward. A rapid increase in the average yield per acre has more than offset the decline in acreage."

The survey—produced by the State and Federal Agriculture departments as well as the Michigan Crop Reporting Service—sets the acres planted in 1968 at 42,400, with 40,100 of those harvested at 211 hundredweight per acre.

The survey reports 49,000 acres planted 10 years before that, with 48,500 harvested at 171 hundredweight per acre.

DellAngelo credits the nearly 10-year-old Potato Council with helping effectuate that change. "Since the council has been in effect, Michigan has practically recaptured the Detroit market," he says. In pre-Council days, DellAngelo reports, Michigan potatoes accounted for 38 per cent of sales; Maine potatoes, 23 per cent, and Idaho potatoes, 38 per cent.

Today, DellAngelo says, Maine potatoes maintain six per cent of the Detroit market, Idaho 17 per cent and Michigan a whopping 76 per cent.

The council helps push the potato image across the state through "education" programs that include television and radio shows, "point of sale materials" such as banners displayed in stores, and a potato recipe list, with such appetizing suggestions as "potato apples" and Bohemian potato biscuits.

"There's a real myth about potatoes — about their caloric content," DellAngelo says. "One baked potato has only about 65 calories and people can use potatoes in reducing diets. Most think they're primarily starch—they don't know of the other factors, like potatoes are rich in Vitamin C."

Other factors pushing the potato industry are research endeavors—at Michigan State University in particular—which the

council helps fund and certain grading requirements set forth in state law. Mechanization and new markets add to the pluses.

The council work on potato promotion is funded by assessment of those involved in the production and marketing of the product—from the ground on up. A bill currently before the Michigan Senate Agriculture Committee would change that method from assessment by available acreage to assessment of one-cent per hundredweight on those potatoes sold.

DellAngelo says such a change had been in the thinking stage, but the proposal for it was speeded up by a Circuit Court ruling that part of the law defining the Council procedures was unconstitutional.

Church Meeting

The Woman's Department of the Reorganized Church of Jesus Christ of Latter Day Saints will meet in the annex at 1 p. m. Wednesday instead of on the usual Thursday. Mrs. Helen Rasmussen will be the worship chairman and Mrs. Donald Bricker lunch chairman. All members are urged to attend.

Briefly Told

City police issued traffic tickets over the weekend to Ellen Kinnie, 425 Minneapolis Ave., failed to yield right of way; Jeffrey Pogrant, Menominee, no registration; and Melvin Brunette, 1402 Wisconsin Ave., failed to yield right of way.

More people get more news from newspapers than all other sources combined.

DON'T MISS IT!

Now Thru Tues.

Last year, the Scouts sent 41,000 needy kids to camp.

It's a fact—one of the best-known facts about the Boy Scouts of America.

The kids weren't all Scouts. And the camps weren't all Scout camps, either. Technical help wasn't important to the Scouts. What is important is that so many kids are poor.

Me—no matter who they are—get to camp.

Another little-known fact: This year, the Scouts plan to start thousands of new troops in the cities.

The Scouts have a lot of plans. Plans that

are limited only by your willingness to help out—volunteer or as a Scout volunteer.

America's manpower begins with BOYPOWER.

Can you count on your support?

STATE OF MICHIGAN
Circuit Court for the County of Delta
ORDER TO ANSWER
File No. 1162
EDNA MAE KEMP
Plaintiff.

vs.
LLOYD A. KEMP
Defendant.
On December 18, 1969, an action was filed by Edna Mae Kemp, Plaintiff, against Lloyd A. Kemp, Defendant, in this Court to obtain an absolute divorce.
It is hereby ordered that the Defendant, LLOYD A. KEMP, shall answer or take such other action as may be permitted by law on or before April 15, 1970. Failure to comply with this order will result in a judgment by default against such Defendant for the relief demanded in the complaint filed in this Court.

When Michigan plays at Michigan State, the crowds gather. In recent months the football game between the two schools attracted 79,368, the basketball game 12,511, hockey 8,742, and gymnastics 1,350.

In Memoriam

Kyto
In loving memory of our loving husband and father, Melvin R. Kyto, who passed away one year ago today, February 9, 1969:
Do not ask me if we miss him. For there's such a vacant place, Or I see his smiling face. For he left us broken hearted. Friends may think the wound is healed. But they so little know the sorrow That is in our hearts concealed.
Sadly missed and lovingly remembered by Wife & Children

1. Announcements

NOTICE TO BIDDERS
Sealed bids will be received by the City of Escanaba, at the office of the City Clerk, Escanaba, Michigan, on or before 2:00 p.m. (EST) March 2, 1970, for the furnishing of approximately 60 Southern Pine poles. The bids will be publicly opened and read in the City Clerk's office at said time and date.
Bidders' Proposals and Specifications are available at the City Clerk's office. No bid will be considered unless the bidder's Proposal form furnished by the City is properly completed and enclosed in a sealed envelope plainly marked "Pole Bid of March 2, 1970."
A certified cashier's check, or bidder's bond drawn payable without condition to the City of Escanaba, Michigan, in an amount not less than five percent (5%) of the bid, shall be submitted with each proposed bid. If the bid is accepted, the bidder will furnish materials or services as stated in his proposal. On failure of the successful bidder to fulfill the conditions of his proposal he shall forfeit said deposit to the City of Escanaba as liquidated damages, and the acceptance of the proposal will be continuing the bidder's agreement to this provision.
The City of Escanaba reserves the right to reject any or all bids, and to waive any irregularities in the bidding.
Donald J. Guindon
City Clerk

MSU President Asking Adults 'To Think Young'

DETROIT (AP) — Youth marks at a Cobo Hall recognition dinner Saturday for some 6,400 adult volunteer leaders of Boy Scouts. The event ushered in Boy Scout Week in Michigan. Dr. Wharton called for adults to follow the example of young people, who he said devote on

Double Talk Could Brighten The Winter

NEW YORK (AP) — The dull winter months are a good time to brighten up your conversational ability.

The best way, probably, is to spend an hour or so a day rehearsing your skill at using double talk.

Double talk, the art of saying one thing while thinking just the opposite, is the backbone—or is jaw bone—the word I'm seeking"—of social communication today.

While double talk is sometimes denounced as hypocritical, it is one of the chief elements that hold society together. If the truth be told, none of us really wants all the time to be told the truth, the whole truth, and nothing but the truth. That would be too disillusioning and unpalatable to the ego.

Here are a few typical examples of double talk, followed in each case by what the speaker actually was thinking:

"My wife and I have decided against taking a winter cruise to the Caribbean this year. After all winter at home can be fun." —I couldn't steal enough from the office petty cash fund to make the trip.

"Our son is staying out of college this semester in order to solve his identity crisis." —He flunked in three subjects.

"No, I don't think any of us have heard that one, boss. Why don't you go ahead and tell it." —If I have to listen to that motheaten joke again, I'm going to ask for overtime.

"This is not just another campaign promise. It is a pledge to the people." —After the election, I'll forget the whole matter.

"Of course, you can trust me utterly. Wild horses couldn't force me to whisper a word of this to anybody." —I'd rather shout it from the nearest rooftop.

"Yes, Winifred, it is a lovely engagement ring. And the diamond in it—why, it must have cost your fiancé a fortune!" —If it was any smaller, I'd have to put on my bifocals to see it.

"Oh, this scar? Well, it's a little souvenir I got in Vietnam, but if you don't mind, I'd rather not talk about how I got it—it brings back too many bitter memories." —When I tripped and fell, I broke the gin bottle.

"Certainly you can have a car of your own, young man but not until the day you've earned the money to buy it." —Why should I let this kid talk me out of a car at 17? I was 19 before I talked my old man into buying me one.

"Can't you prescribe something that will give me a little more energy, Doc?" —Something like maybe a third Martini at lunch.

"Lend me \$20, Jack, and I'll pay back bright and early Monday." —The Monday after the Monday after next Monday—that is, if I don't lay off sick that day.

More people get more news from newspapers than all other sources combined.

The big difference between Plymouth Duster & Maverick is not the \$90.75

Chrysler Corporation

Duster has a bigger engine

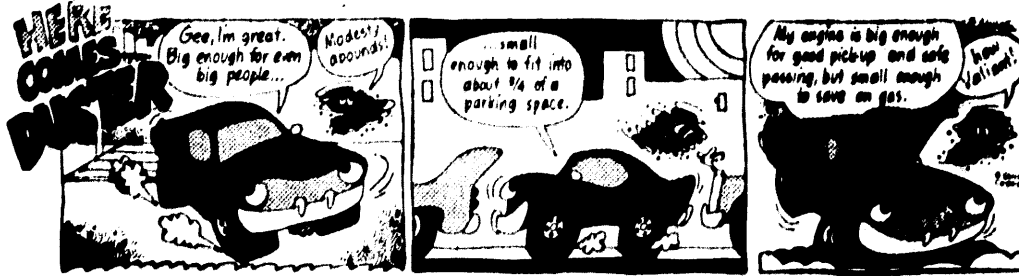

Duster's standard 125 hp Six dusters off Maverick's standard engine by 20 big horses. Even beats Maverick's only optional engine by 5. And if you want performance, you can go all the way up to 340 cubic inches with Duster. No Maverick can match that.

Duster has a longer wheelbase

Duster's 108 inch wheelbase is a full 5 inches longer than Maverick's. In overall length, Duster has 9 more inches. Add Duster's extra 352 lbs., and the result is a smoother ride, and more stable handling.

Duster has a 5-year/50,000-mile power train warranty... Maverick doesn't.

Chrysler Corporation warrants against defects in materials or workmanship to the first registered owner only, and will repair or replace without charge for parts or labor at any authorized Imperial, Chrysler, Plymouth or Dodge dealership, the engine block, head and all internal engine parts, water pump, intake manifold, transmission case and all internal transmission parts, torque converter, drive shaft, universal joints, rear axle and differential of its 1970 Duster for 5 years or 50,000 miles and all other parts for 12 months or 12,000 miles, whichever occurs first, excluding only tires, normal deterioration due to wear and exposure, normal maintenance services and parts used in connection with such services, repairs required as a result of accident, abuse, negligence, racing, or failure to perform recommended maintenance services. Warranty repairs should be obtained from selling dealer unless he has ceased to do business as an authorized Chrysler Motors Corporation dealer, or the owner is traveling or has moved to a different locality and cannot return to his selling dealer.

Compare price for comparably equipped cars		
	Duster	Maverick

†A majority of people equip their cars with these items.	\$2,456.75*	\$2,366.00*

*Manufacturer's suggested retail price for standard Duster 2-Door Coupe—and standard Maverick 2-Door Sedan equipped with items listed including Federal excise tax. Price excludes dealer preparation charge, state and local taxes, destination charges and other optional equipment.

Plymouth Valiant Duster 2-Door Coupe

Duster has a bigger trunk

A lot bigger trunk. 15 cubic feet for Duster, only 10.4 cubic feet for Maverick. Just because a car is small on the outside doesn't mean it has to be small on the inside.

Duster has bigger brakes

Bigger brakes mean more stopping power, and Duster's got it. Effective brake lining area for Dusters 153.4 sq. inches. For Mavericks only 106.0 inches. And if you like disc brakes or power brakes, Duster offers those too. Maverick doesn't.

Get into the '70's with the **PLYMOUTH DUSTER**
